

# MITCHELL WEEK AT A GLANCE

WEEKLY EDITION

September 15, 2024

## A MESSAGE FROM THE PRINCIPAL

Thank you so much for your support with attendance, it has a positive influence when the routines of school are uninterrupted. This week, students that have attended school for twenty consecutive days will be receiving a Mitchell water bottle. If your student did not meet the 20-day goal, they still have an opportunity to earn a water bottle, we will be restarting the 20-day challenge.

We are so proud of our students! These past few days we have witnessed the following:

- engagement in class
- participation in sports
- lunch tutoring attendance
- building relationships
- involvement in clubs
- kindness and responsible decision-making

Please let them know that we are proud of them and that there is still time for them to join a club. We will be having Club Rush on Thursday; tables will be set-up in the main quad during lunch.

### ***Flex and FlexiSCHED***

We have been introducing our students to Flex and FlexiSCHED, please encourage your students to ask for help before Wednesday. Flex is built-in during Advisory on Wednesday and Thursday to provide students the opportunity of academic support. Friday's Flex is focused on social emotional learning. Social emotional learning revolves on 5 competencies: self-awareness, self-management, responsible decision-making, relationship skills, and social awareness. The following are the offerings for this week:

### ***Academic Homework Help***

We will be starting After-School Academic Homework Help at the end of September/beginning of October. Stay tuned for more information in the upcoming weeks.

### ***Safety - Bus Loop***

Please do not use the bus loop when picking up your student or as a route, this space is specifically for our school buses, cars in this area are a safety concern.

### ***ParentSquare***

ParentSquare is our new districtwide communication platform. It is a wonderful way to stay up to date, many of our teachers are utilizing the platform to communicate with families. For more information, please visit this site: <https://www.fcusd.org/departments/communication-and-community-engagement/parentsquare>

### **A MESSAGE FROM THE LIBRARY TECH**

Did you know that your library offers weekly Flex, on Wednesday-Friday? Wednesdays and Thursdays we offer a quiet space for our dedicated readers to read without distractions, or interruptions. On Fridays, maker space activities and board games are available for students to communicate, connect, and create.

### **A MESSAGE FROM THE INSTRUCTIONAL COACH**

Middle-schoolers need their parents' support as much as — if not more than — when they were younger, but tweens can bewilder their parents by switching inconsistently between seeking affection and demanding privacy, asking for advice and showing independence. [Click here for eight ways](#) you can disrupt that cycle and stay connected to your child.

Our first grading quarter ends in three weeks on Friday, October 11. Please be sure to check your student's progress now in [PowerSchool](#). If you have not started already, you and your student should communicate now with teachers about questions, requests, and concerns. Thank you for early attention at home to academic progress!

Your student's performance on Star Diagnostics for math and reading has been used to create a *personalized FOCUS SKILLS tutoring experience* in Freckle, an online learning platform that allows students to practice and build their skills in Math and English Language Arts at their own level. Freckle continuously adapts to each student's individual skills, so each student is getting the appropriate challenge, whether they're working at, above, or below grade level. Students can use Freckle on campus and [at home](#).

This week's Flexischedule offerings are visible now on the [Mitchell school website](#). Flex gives students time to meet with teachers during Advisory on Wednesdays and Thursdays to get academic support. Students will all sign up on Monday during their Advisory for Wednesday and Thursday Flex time.

Flex might give your student small group instruction or practice before a summative, help or practice with concepts a student is struggling with, or extra support with the current or recent classroom concepts.

Flex might give your student small group instruction or practice before a summative, help or practice with concepts a student is struggling with, or extra support with the current or recent classroom concepts.

Please encourage your children to understand that caring, helpful staff might ask them to join a Flex session for

reasons like:

- they feel like something cannot be re-explained or practiced enough during class,
- they have been absent lately and need to ask some questions as they are catching up on missed work,
- they realize that they need help to meet an upcoming due date.

All students will be active in Advisory on Flex days. Students and families will be able to preview the supports available in advance each weekend through Clever.

Tutoring and Math support will be available during lunch every Tuesday in the Project Room. Students do not need to prepare in advance to attend: they should come to the Project Room at the start of lunch to get a lunch line pass and then return to eat and learn. Our Bilingual Instructional Assistants will hold tutoring sessions and offer assistance during Advisory Flex, during the school day, and after school. Times, days, subjects, and locations vary: Please email [chatcher@fcusd.org](mailto:chatcher@fcusd.org) for specific details for academic support in Spanish and Russian.
