Be engaged in the planning and implementation of the parent and family engagement plan and program in your school.

Ask to read the progress reports on your child and school.

Request information about the professional qualifications of your child's teacher(s) and/or paraprofessionals, including the degrees and certifications held and whether the teacher is certified in their respective area of instruction.

Help to decide if Title I is meeting your child's needs, and offer suggestions for improvement.

Ask about your child's school designation under the Every Student Succeeds Act (ESSA), Title I, Part A.

Know if your child has been assigned or has been taught for four or more consecutive weeks by a teacher who does not meet applicable State certification, licensure requirements, or district requirements for certification.

NURSE'S CORNER

School Nurse - Mrs. M. Brock, RN

Hello Howard students and families! I am Mary Brock, RN, Howard High's School Nurse. It is my sincere hope that this note finds you doing well!

Please know that the Department of Public Health (DPH) requires students enrolled in public schools or childcare facilities to have certain immunizations or a notarized affidavit of religious exemptions in order to attend these facilities. **This is especially important for our eleventh graders as there are immunizations required prior to entering the 11th grade that can potentially effect attendance eligibility.**

Effective July 1, 2021, children 16 years of age and older, who are entering the 11th grade (including new entrants), must have received one booster dose of the meningococcal conjugate vaccine (MCV4), unless their initial dose was administered on or after their 16th birthday. Meningococcal disease is a serious bacterial illness that affects the brain and the spinal cord. Meningitis can cause shock, coma and death within hours of the first symptoms.

If your teen has not been vaccinated against meningococcal disease, we strongly recommend getting your 11th grader, aged 16 years or older, vaccinated as soon as possible. Getting MCV4 (meningococcal conjugate vaccine) now will not only help protect your child against the ongoing threat of meningitis, it will also meet the new school entry requirement.

For more information, visit <http://dph.georgia.gov/vaccines-children> or call (800) 848-3868.

For questions or concerns, I may be reached via email at Mary.Brock@bcsdk12.net or via phone at 478-779-4855. Also, please visit the Howard High School Nurse webpage at <https://howardhs.bcsdk12.net/parents/school-nurse> to access forms needed in the Clinic.

WE HONOR AND CELEBRATE NATIONAL HISPANIC HERITAGE MONTH 2024!

The term Hispanic or Latino (or the more recent term Latinx) refers to a person's culture or origin—regardless of race. On the [2020 Census](#) form, people were counted as Hispanic or Latino or Spanish if they could identify as having Mexican, Mexican American, Chicano, Puerto Rican, Cuban, or “another Hispanic, Latino, or Spanish origin.”

Hispanic Heritage Month actually began as a commemorative week when it was [first introduced](#) in June of 1968 by California Congressman George E. Brown. The push to recognize the contributions of the Hispanic community had gained momentum throughout the 1960s when the civil rights movement was at its peak and there was a growing awareness of the United States' multicultural identities.

On September 17, 1968, Congress passed [Public Law 90-48](#), officially authorizing and requesting the president to issue annual proclamations declaring September 15 and 16 to mark the beginning of National Hispanic Heritage Week and called upon the “people of the United States, especially the educational community, to observe such week with appropriate ceremonies and activities.” President [Lyndon B. Johnson](#) issued the first Hispanic Heritage Week presidential proclamation the same day.

SPOTLIGHT ON HISPANIC HERITAGE MONTH

Willie Velásquez Organized Latino Voting Rights

"Few people have had as profound an impact on the political empowerment of America's Latino electorate as Willie Velásquez. His grassroots work registering and mobilizing Latino voters, starting in his home state of [Texas](#), parlayed the frustrations, hopes and pride of a diverse, fast-growing segment of the U.S. population into a powerful force at the ballot box."

He became especially known for his rallying cry, "*Su voto es su voz*" ("Your vote is your voice").

Here's to a year filled with knowledge and adventure—see you in the MEDIA CENTER!

September is Library Month!

Thanks to Andrew Willis from [Middle Georgia Regional Library](#) for introducing our freshmen Huskies to Hoopla. They also learned about volunteer opportunities, how to access digital books, documentaries, and more! If you are interested in learning more as a teacher or a student, please stop by the media center!

Thanks Mr. Willis &

MEDIA LITERACY AND YOU

Media literacy is the ability to identify different types of media and understand the messages they're sending. Kids take in a huge amount of information from a wide array of sources, far beyond the traditional media (TV, radio, newspapers, and magazines) of most parents' youth. There are text messages, memes, viral videos, social media, video games, advertising, and more. But all media shares one thing: Someone created it. And it was created for a reason. Understanding that reason is the basis of media literacy.

(<https://www.common sense media.org/articles/what-is-media-literacy-and-why-is-it-important>)

A digital citizen is a person who develops the skills and knowledge to effectively use the internet and other **digital** technology, especially in order to participate responsibly in social and civic activities.

How can I create media balance in my life?

<https://youtu.be/USlHaqNfwK4>

How can I keep my private information safe?

<https://youtu.be/RQqX5b5HWmY>

How can I build a digital footprint I'm proud of?

<https://youtu.be/pM7IPgMulHk>

Teach students to conduct data mines (on themselves).

Students should do this every 3-6 months. While many will Google their names, we need to teach them to dig deeper. Here are some general guidelines to follow:

- Log out of internet browsers before searching (staying logged in can affect the results).
- Search (using quotation marks) full legal names, nicknames and usernames.
- Search Google Images with names/usernames.
- Use multiple browsers, such as Chrome, Bing, Yahoo, Safari and Firefox.
- Look beyond the first page of the results. Go at least five pages deep until the name/username no longer appears. Take note of what kind of results appear (presentations/social media/images/etc.).

Stress the importance of digital maintenance.

- Remind students to backup Drive files, important emails, smartphone photos/apps/etc. at least once a month.
- Reiterate the importance of logging out of accounts, not simply closing the browser window.

LAPTOP INFORMATION AND CARE

•Students are not allowed to use personal devices at school. All students must use a school issued device during the school to complete assignments. Visit the media center to check out a laptop if you do not have a school issued device.

***Remember to bring your charged laptop to school daily and keep up with your charger!**

*Always keep your laptop closed when you need to walk with your laptop and it's not in the carrying case.

•Never carry your laptop while open or lift the laptop by the screen/monitor! Handling your laptop in this manner can damage your screen.

•Do not place paper/objects between your keyboard and monitor, it will crack your screen!

•Keep drinks and liquids away from your computer. A spill can damage the hard drive and the motherboard. These type of damages may cost the same price as a new laptop to replace, Please be careful!

ATTENTION SENIORS WITH NO SOCIAL STUDIES COURSE!

Seniors with no social studies course at Howard:
