

Hello!

I'm Mrs. Scott, LPC, CAMS

School counseling is a meaningful calling that few are chosen to pursue. Shaping the lives of our most important individuals, children, has been the highlight of my career. My life goal is to improve every day, no matter what, despite obstacles. MCE parents, as you assist and encourage your child's academic and social/emotional growth, please know you will always have a resource in your school counselors. Here's to another wonderful year, 2024-2025.
