

Hello!

I'm Ms. Clayton, MA

BE KIND
TO YOUR
MIND

I'm originally from the sunshine state of West Palm Beach, Florida. I attended two HBCUs, Tuskegee University and Clark Atlanta University, where I obtained my Bachelors in Psychology and Masters in School Counseling. I have previous experience in education and mental health.

I found my passion for counseling while teaching Language Live! I would reward the class by having open discussions about college and career opportunities, social stressors, or provide free time to improve their grades in other classes. These incentives motivated scholars to achieve academic goals in all subjects and test out of the program. Their success was my satisfaction.
