What to work on with your child

Please have your child practice counting to 120. They also need to be able to write numbers to 120 correctly. Writing numerals backwards is still typical for many children at this age (such as writing a backwards 5), but they shouldn't reverse the order of numbers (for example, writing 37 instead of 73). Also, we are learning about continents and oceans.

Please help your child practice naming and locating the continents and oceans on a map.

Beanstack

Make sure to log your child's reading time in the beanstack app. Mrs. Fletcher talked to them about the prizes they will be entered into a drawing to win if they have 320 minutes logged for the month!
