

Behavioral Health Connections, Inc. - Atlanta

Psychiatric Mobile & Tele-Video Assessment Services

As a psychiatric assessment service provider, we offer mental health evaluations to patients in crisis to determine and locate the most appropriate level of care.

Assessments are available 24/7.

Behavioral Health Connections can provide:

- A tele-video response within 30 minutes
- An on-site assessment response within one hour
- Prompt treatment placement assistance
- Communication with clients and families regarding treatment options

Trust us to meet your psychiatric needs —
no matter the time or day.

We can help assess patients with conditions including:

- Suicidal ideation/attempts
- Psychosis/dissociation
- Substance use disorders
- Behavioral disturbances
- Depression and anxiety
- Trauma-related disorders
