September 2024

## Message From The Teacher

What a great first 2 weeks of school! We have been working hard to learn new routines and classroom expectations. We have so many new students that it has been fun watching everyone get to know one another and become new friends.

September we are going to continue to focus on emotions, family, and school. We will have a fun week talking all about colors and another dental week! So many fun activities to come!

This year our class received a smartboard so we have been trying out some new things for our morning meetings and the students are enjoying how interactive the board is!

## Reminders

- ✓ Be sure you are checking and clearing out your child's yellow folder each night. Keep folders in backpacks at all times.
- ✓ Homework will be in the form of a chart of activities you can do each day with your child to continue practice at home.
- ✓ An extra set of clothes should be sent in for your child's cubby in case of accidents or messes.
- ✓ If you decide to pack a lunch for your child please be sure you are following the nutrition guidelines that were sent home the first week of school.

## What we're learning
