## **Salary Grade Placements Guidelines**

### **For Most Classified Positions at the Public Schools**

These grades and scales are maintained by the State Board of Education (SBE). Please cross-reference to the SBE website to see any changes implemented for the State Budget actions. Be reminded these are only minimum and maximum. Local Boards of Education should have scales for these staff and should update them as may be required for State Budget actions.

*No eligible State-funded employee shall be prohibited from receiving the full salary increases provided in this section solely because the employee's salary after applying the legislative increase is above the maximum of the salary range prescribed by the State Human Resources Commission. (SL 2023-134 Sec. 39.1.(d))*

- All scales are based on full time personnel and a 40-hour work week.
- The \$15 minimum wage for full-time state personnel goes into effect July 1, 2022.
- Other than the required \$15 minimum the new range minimums are being recommended to go into effect July 1, 2024.
- The new range maximums being recommended may be paid from state/federal funds beginning January 1, 2022.
- These recommendations provide the range of salary that may be paid from state and/or federal funds allocated to the school district by NCDPI as required in GS 115C-12 (16).
- These scales do not cover ALL classified positions that may be used or employed at a school district (PSU), as such the Local Boards of Education may adopt their own local salary schedules per GS 115C-47 (21)
- Local funds may be used to supplement these ranges as needed by the Local Boards of Education.
