

Hello CVE Students and Families!

I'm Ms. Lally, and I teach students in special education. I am excited to return to Coquille Valley Elementary School again this year. This is my 17th year teaching students in special education, and I wouldn't have it any other way. I'm committed to empowering students, encouraging inclusivity with peers and the community, and maintaining a high-standard for achievement.

I have been lucky enough to live and work in every region of our beautiful country. I was born in Illinois, and graduated from Green Mountain College in Vermont. I've taught in Illinois, Vermont, Arizona, and Virginia. I'm so happy to be in Oregon!

I enjoy walking with my corgi, George, along our beautiful coastline every day after school. I soak up our breaks, traveling all summer long. I am thankful to be here and look forward to meeting you.

Let's have a fabulous year,

Ms. Lally
