Dr. Cardamone - Board Statement

- A reminder to the public that the public comment period is not a question and answer period, but rather the opportunity for the public to submit comments to the Board. Public comments will follow our public comment procedures which require members of the public to identify themselves by indicating name and address. If members of the public wish to make public comments, then they must do so in person. The meeting will be available online.

- The School Board will strive to answer questions pertaining to the current agenda at the beginning of the school board meeting, in a conscious effort to maintain transparent practices. After the School Board agenda is posted online, questions may be emailed to plombel@pottsville.k12.pa.us by 2:00 PM the day of the meeting. Questions pertaining to the agenda posted online will be answered in the order received for a period not to exceed 30 minutes. If the questions are not able to be answered during the 30-minute period, the School Board will endeavor to answer the questions at the beginning of the next school board meeting. Questions pertaining to confidential personnel matters will not be addressed. Questions that require some research or further inquiry might not be answered at the current school board meeting. The question and answer period does not replace the public's current right to public comment.

Are there any public comments at this time?

Subject 1.4 Gillingham Charter School
Meeting Apr 19, 2023 - Board Meeting
Category 1. MEETING OPENING
Access Public
Type Information

Informational Item:

Update on the Gillingham Charter School ("GCS") renewal process: The Pottsville Area School Board might not schedule a vote on the 5-year Gillingham Charter renewal during the May 24, 2023, Board meeting as anticipated because GCS only provided a final proposed charter yesterday afternoon, which was not before last week's committee meeting. However, the Board may consider a vote to provide notice to GCS of the District's intent to proceed with non-renewal/revocation hearing proceedings due to the particular concerns regarding staffing and students.

GCS submitted partially or completely inaccurate information regarding twenty (20) staff members on the PDE-414 form for the 2021-2022 school year. This statement is based on documentation submitted to the District regarding teacher schedules and job descriptions. The District verified information through the Teacher Information Management System (TIMS), which provides educator certification information. GCS submitted twelve (12) staff members accurately, which was verified through TIMS. The District needs additional information regarding three (3) staff members who were submitted, and at least one (1) staff member who was not submitted. Moreover, based on the information GCS provided to the District for the 2021-2022 school year, GCS violated Charter School regulations and did not meet the legal threshold of having at least 75% of their teachers properly certified for their assignments. Furthermore, ten (10) of the staff members hold/held emergency permits that count toward GCS's certified percentage, which cannot be renewed indefinitely. Based on teachers replacing the numerous educators who resigned or were terminated, GCS will also likely fail to meet the 75% certification threshold for the 2022-2023 school year. Fourteen (14) staff members did not return for the 2022-2023 school year. Additional staff left during this current school year, and several of those who remain have changed roles due to certification issues.

The District remains concerned about the number of students withdrawing from GCS. Based on information submitted by GCS, an insufficient number of students from Schuylkill County were enrolled in GCS which resulted in students from twenty-two (22) School Districts across seven (7) counties enrolling there during the time period of the current charter. As mentioned in previous meetings, the Student Retention Rate, calculated as the percent of students enrolled for a full year who return for the following school year (excluding graduates), was an average of forty-eight percent (48%) during the four (4) school years in the review.

The Gillingham Charter School status has been pending since June 30, 2022. Along with the aforementioned students and staffing concerns, factors such as Gillingham's Charter Goals, Finance, Facilities, Curriculum/Assessment, Student Achievement, Special Education, Student Attendance, and Discipline/Safety will be utilized in the decision to consider a vote to provide notice of revocation hearing proceedings based on the GCS charter documents submitted.
