Dear Parent/Guardian,

This letter is to inform you of the federal rules that apply to your child's teacher and paraprofessional. As a Title I school, we must meet federal rules related to teacher qualifications as defined in ESSA (Every Student Succeeds Act). These rules allow you to learn more about your child's teachers' training and credentials. We are proud of our teachers and know they are able to provide your child with a high-quality education. This information it includes:

Jason Enix
Superintendent

- Whether the student's teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- Whether the student's teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived;
- Whether the student's teacher is teaching in the field of discipline of the certification of the teacher; and
- Whether the child is provided services by paraprofessionals and, if so, their qualifications.
