ATTENDANCE IS THE KEY

**2022-2023 School Attendance End of Year Report**
**Departmental Goal Achievement and Attendance Initiatives**

***Submitted by Melissa Burke, School Social Worker/Attendance Court Liaison***

Volusia County Schools district's rate was at 30.2% for chronic absenteeism at the end of the 2021-2022 school year. Chronic absenteeism is defined as missing at least 10% of school days in a year for any reason, excused or unexcused. According to an article entitled, *Why More Kids Are Becoming Chronically Absent From School*, NPR noted, the problem is largely due to the global pandemic, whose effects can still be found among the chronically absent. In that same article, Executive Director of Attendance Works, Hedy Chang, stated "I think people have been under the false impression that when Covid became more endemic, that would result in a significant improvement in attendance." Like other school districts across the nation, Volusia County Schools' chronic absenteeism rate hasn't changed much since the Covid-19 pandemic.

The School Social Services Team continued to focus on decreasing chronic absenteeism by assisting students, families, and school staff with alleviating barriers to school attendance. Social Workers promoted attendance and engagement initiatives, and provided support to schools, students, and their families to improve attendance. This goal supported VCS Strategic Plan 2020-2023 under the Safe and Supportive Environment Goal 3 which suggests decreasing our chronic absenteeism rate and returning it to the pre-pandemic rate of 14.2%. Although we didn't reach the overall goal of 14.2%, VCS' chronic absenteeism rate of 30.9% shows us that we still have work to do when working with parents/students and providing information about the long-term effects of missing school. Our collaboration with Stewart Marchman Act-CINS/FINS Program, State Attorney's Office, and Volusia County Teen Court Program continued in assisting us with truancy by providing services to our students and parents.

The Superintendent's Attendance Initiative funded by Advent Health continued this school year. The following schools were recognized for the highest rates in various categories:

- Excellence in Attendance Award recognizes the schools with the highest attendance rate at the elementary, middle, high school, and alternative levels at the end of each semester. Winners for first semester of the 2022-2023 SY were: Sweetwater Elementary at 95.32%, Ormond Beach Middle at 93.48%, Spruce Creek High at 92.96%, and Pace Center for Girls, Inc. at 82.2%. Winners for the second semester of the 2022-2023 SY were: Sweetwater Elementary at 94.91%, Creekside Middle at 92.71%, Spruce Creek High at 92.32%, and Pace Center for Girls, Inc. at 76.17%.
- The Superintendent's Attendance Challenge Award featured the top schools at each level achieving the highest reduction in chronic absenteeism during the third nine-weeks. The percentage of improvement was determined by the difference between the school's chronic absenteeism rate at the end of the first semester of the 2022-2023 school year and the rate of chronic absenteeism on March 10, 2023. The winners were Elementary: Sunrise Elementary-1st place with a reduction of 4.53%, Sugar Mill Elementary-2nd place with a reduction of 3.56%, and Beachside Elementary- 3rd place with a reduction of 3.05%; Middle: Holly Hill Middle-1st place with a reduction of 1.74%, David Hinson Middle-2nd place with a reduction of 1.54%, and DeLand Middle-3rd place with a reduction of 0.78%; High: New Smyrna High-1st place with a reduction of 1.22%, and Seabreeze High-2nd place with a reduction of 0.59%. At the high school level, there was no 3rd place winner. For Alternative, AMIkids was the 1st place and only school with a reduction of 4.5%.
- The James T. "Tom" Russell's Great Strides in Attendance Award honors the schools who had the highest rate of reduction of chronic absenteeism for the 2022-2023 school year at the elementary, middle, and high school levels. Each winning schools' chronic absenteeism rate was compared from the end of last school year (2021-2022) to the end of the current school year (2022-2023). The James T. "Tom" Russell's Great Strides in Attendance Award Winners were: Turie T. Small Elementary with a reduction of 7.6%, and Deltona High with a reduction of 6.6%. There were no middle schools who met the criteria for this award this year.

- Shirley H. Lee Community Support for School Attendance Award: This award is given to an individual who has exhibited an exemplary personal commitment to promoting regular school attendance. The winner was Sarah Smith, School Counselor, at Volusia Pines Elementary.

The 2022-2023 School Social Work Services Attendance Goals:

1. To reduce the chronic absenteeism rate at all schools. Social Workers disaggregated chronic absenteeism attendance data and shared this information with their schools. Social Workers promoted attendance and engagement initiatives, and provided support to schools, students, and their families to improve attendance. End of year data showed that 19,277 students were chronically absent (30.9%) district wide. The district rate for homeless students who were chronically absent was 5.3% which represents 1,028 students. The district rate for ESE students who were chronically absent was 26.5% which represents 5,106 students.

2. To decrease the percentage of students who are habitually truant with emphasis on the homeless population. Social Workers worked towards this goal by monitoring school attendance, disaggregating attendance data, promoting attendance and engagement initiatives, and providing support to schools, students, and their families to improve attendance. School Social Workers assisted school-based staff in identifying all truant students (students with 15 or more unexcused absences within a 90 calendar period) at each of their assigned schools by providing monthly habitual truancy reports and inquiring about interventions for those students on the list. Documented interventions were provided to the Coordinator of School Social Services monthly. The overall rate of students who were habitually truant for the 2022-2023 SY was 7.1% which represents 4,428 students of the total population of truant students. The overall rate of homeless students who were habitually truant was 7.9% which represents 348 students of the total population of truant students. The overall rate of ESE students who were habitually truant was 27.0% which represents 1,195 students of the total population of truant students.

School Social Workers provided support to schools, students, and their families through PST meetings, phone calls, home visits, and letters with information about compulsory school attendance with follow-up of 1168 referrals regarding attendance which included terminated home education students, Learnfare students, Hospital Homebound/Home Instruction/Off Campus Instruction programs. School Social Workers assisted Student Accounting with following up with parents of 591 students who had W02 withdrawal codes and 218 students who had W24 withdrawal codes. When more assistance was needed, School Social Workers referred parents and students to community stakeholders for support in improving school attendance. School Social Workers submitted 32 Teen Court referrals, 43 CINS/FINS referrals, and 112 ASAP referrals. There were 10 parents who were referred to adult court through the State Attorney's Office for violation of the compulsory school attendance law based on 16 students' patterns of non-attendance.

School Social Workers were supportive in assisting the district in resolving DNE withdrawal codes again this school year in order to ensure that the district's count was accurate for the submission to FLDOE for annual withdrawal reporting (i.e. Survey 2-5). On Day 11 (8/30/22), there were 1010 DNE students. All DNE codes were resolved by the end of the school year.

Two School Social Workers assigned to the alternative education schools provided transition services for those students who were placed at Highbanks Learning Center and Riverview Learning Center by the District Student Placement Committee or their respective (ESE) IEP teams. As of 6/7/23, 166 students were placed at Highbanks Learning Center and at Riverview Learning Center, 192 students were placed at these alternative schools.

| Alternative Education | 52.5% | 59.0% | 79.7% | 82.7% | 84.8% |
| Charter Schools | 15.1% | 20.4% | 24.1% | 29.4% | 43.6% |
| Online Learning* | --- | --- | --- | 6.1% | 5.5% |
| **TOTALS** | **14.2%** | **16.2%** | **31.3%** | **30.2%** | **30.9%** |

In October 2015, the Obama Administration launched ***Every Student, Every Day: A National Initiative to Address and Eliminate Chronic Absenteeism*** with a goal to decrease chronic absenteeism by at least 10 percent each school year. Research shows that missing at least 10 percent of school days in a year for any reason is a primary cause of low academic achievement and a powerful predictor that students will eventually drop out of school.

*Note: Calculations for Online Learning attendance data began in the 2013-2014 school year. For the 2016-2017 and 2017-2018 school years, Online Learning only included full-time Volusia Virtual School. Beginning the 2018-2019 school year, Online Learning attendance reporting was not available in the Student Information System.

**Note: Beginning the 2019-2020 school year, a new Student Information System (FOCUS) was implemented. The habitual truancy report was not developed until mid-year and only includes students who are compulsory age whereas before included all students who were habitually truant regardless of age. The chronic absenteeism report was not developed until the summer of 2020. All Florida schools were closed due to COVID-19 on 3/23/20 and no attendance was taken during Phase 1 (3/30/20-4/15/20) of Distance Learning in Volusia County Schools. Attendance was captured during Phase 2 of Distance Learning in Volusia County Schools from 4/16/20-5/29/20.Absences were defined as no evidence of engagement in a digital platform and/or no response to contact attempts within a week. Through the end of the third quarter (3/12/20), the district wide truancy rate was 2.3% and the district wide chronic absenteeism rate was 21.2%.

***Note: In the 2020-2021 school year, all Florida schools reopened despite the COVID-19 pandemic. The rates were considerably higher because of the multiple positive cases and quarantines which required students to be absent at least 10 days at one time, difficulty with technology for students who were enrolled in one of two online learning options, and parents' fears of the pandemic.
