

# Emmett Middle School

## Board Report

### September 2024

#### Cell phone update:

Students at EMS continued to do well with no phones during school. So far this year, we have only had 5 phones turned into the office. The lack of personal technology in our school has increased concentration in classrooms and socialization at lunch.

#### Shout Outs

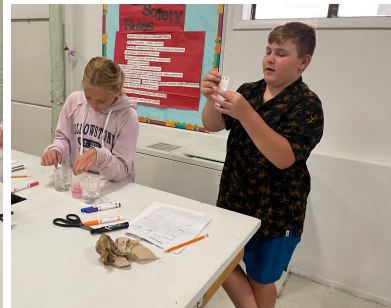

Greg Kirsch did a phenomenal job this summer getting our building ready for the new year. He is always willing to help everyone and does so with a smile on his face. Thank you, Greg.

Gottenberg and LaVergne have spent many hours working on getting the students into the correct classes for the 24-25 school year. We appreciate their long hours and dedication to EMS.

#### Within our Walls...

##### Science:

Ms. Eggers' class spent time in the lab getting familiar with safety precautions and mapping out the location of all of the materials and supplies. This is the first step to many great experiments that will be done this year.

#### Library

Students are enjoying going to the library before school, during lunch, and after school to enjoy its new look. The English department also takes students every couple of weeks to the library to check out books. Pictures are students from Mrs. Farden's class enjoying one of those visits.

***Dates to remember:***

***September***
