2024-2025 PROFILE

MISSION STATEMENT

Quaker principles and practice continue to guide William Penn Charter School, a Friends school founded in 1689.

Within a school community that honors difference, we seek that of God in each person. We value scholarship and inquiry. With excellence as our standard, we challenge students in a vigorous program of academics, arts and athletics. Through global connections, civic engagement and a focus on environmental sustainability, we inspire students to be thinkers, collaborators, innovators and leaders. We educate students to live lives that make a difference.

CAMPUS & COMMUNITY

Penn Charter has a long history of access and, in its fourth century, is more diverse than ever.

An urban school located on a 47-acre green campus in the East Falls neighborhood of Philadelphia, Penn Charter is just five miles from the business and cultural resources of one of the nation's largest and most complex cities. Our Center for Public Purpose, built on a rich tradition of service, engages PC students in community-based work addressing some of the city's most pressing social issues.

The school seeks to enroll young people of diverse faiths, races, backgrounds and talents. Families reside in 108 zip codes, across county and state lines and in heterogeneous neighborhoods throughout Philadelphia. More than a third of our students receive financial aid; more than a third identify as people of color. Buddhism, Catholicism, Hinduism, Islam, Judaism, Protestantism, Quakerism and more are represented.

CURRICULUM FEATURES

ADVANCED STUDIES INITIATIVE

Penn Charter is moving beyond the College Board Advanced Placement (AP) program in favor of our own rigorous advanced courses that provide for innovative teaching and deeper exploration of content areas.

The Class of 2025 will be the last students to access College Board courses at Penn Charter. The Penn Charter faculty continues developing our own advanced courses, designated as Advanced Studies on the transcript. **Advanced Studies courses provide instruction at the college or university level.**

Members of the Class of 2025 have the option to study curriculum from college preparatory, advanced, AP and Advanced Studies.

For colleges and universities using the **SRAR**, advanced courses should be viewed as honors courses, and Advanced Studies courses should be viewed as college- or university-level courses.

ADVANCED COURSES AND AP COURSES

Enrollment in **advanced courses** requires faculty approval.

Due to the structured nature of the freshman and sophomore year curriculum, students typically do not have the opportunity to take **Advanced Studies** or **Advanced Placement** courses until their junior year. Enrollment in these courses requires faculty approval. History and English require assessment test for placement.

CERTIFICATE PROGRAMS

Three certificate programs – **Global Studies, Environmental Stewardship & Sustainability**, and **Diversity, Equity, Inclusion & Justice** – offer engaged students the opportunity to integrate different aspects of the Upper School program around a particular focus and passion in their junior and senior years. The main components of certificate work are approved coursework, major projects, minimum number of hours of activity credit and a Senior Comprehensive Project. Enrollment requires faculty approval. A completed certificate demonstrates high academic achievement and is awarded during graduation ceremonies.

INDEPENDENT STUDY & SYMPOSIUM

Qualified students may opt to take independent study courses in subjects not covered in the curriculum. They present their work at an annual symposium attended by teachers, classmates and guests. Independent study courses may not be used to fulfill graduation requirements and must be approved by the student's parent, advisor, the department head involved and the director of Upper School.

SENIOR COMPREHENSIVE PROJECT

The Senior Comprehensive Project (SCP) provides students the opportunity to participate in a program that integrates traditional academic disciplines with "real world" settings, issues and topics. It is required and occurs during May of senior year. During the SCP, students work approximately 20 hours per week, read related material, maintain a daily journal, serve the Philadelphia community, and make a final presentation to the Upper School community.

EDUCATIONAL PARTNERSHIPS

When students exhaust the curriculum offerings in a particular discipline they are able to access more advanced courses through One Schoolhouse, a nonprofit accredited by the Middle States Association of Colleges and Secondary Schools. For course credit fulfillment, students may enroll in online courses through Educere, a local virtual learning platform.

ARTS, ATHLETICS & CLUBS

Arts and athletics are cocurricular programs, engaging every student at points in their high school career. Upper School has four **visual arts** studios, including a digital lab, plus an IdeaLab makerspace. More than 100 students are active in the **performing arts**; Upper School offers 11 instrumental and choral ensembles and theater productions in a 625-seat theater. Penn Charter competes in the **Inter-Academic League**; founded in 1887, the Inter-Ac is the oldest interscholastic athletic league in the United States. The PC Quakers field 18 sports. Nearly 40 student-led and student-inspired **clubs** provide exploration in a range of topics, including cultural identity, food security, environmental stewardship, ethical behavior, microfinance, service, social justice, student publications and more.
