Each student and member of the staff will receive a matching long-sleeve t-shirt featuring the school's logo, which will help them come together as a school community in the early days of the new school year. Heat Transfer Warehouse will also be donating many items from the staff's classroom wish lists, including bean bag chairs, Bluetooth keyboards, headphones, and other classroom supplies.

The Adopt-A-School program matches individual schools with area businesses, services clubs, colleges, universities, and other organizations. These partnerships bring business employees and community members into schools to assist with reading programs, tutoring, career awareness, special events, mentoring, extra-curricular clubs, community service projects, field trips and other activities.
