Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Vichy Elementary School	28662666026967	May 22, 2023	August 10, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement
There is a disproportionate rate of chronic absenteeism among the following subgroups: students with disabilities and hispanic.

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Vichy Elementary will continue to foster a culture of high student engagement, learning, and academic achievement. We will build a system of interventions for those students who may need more support. As a school community, we ask our students to pledge to be kind, respectful, responsible, and safe and to be active members of the school community. The partnerships among staff and parent groups have built a strong school community with open communication and support for student learning.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Our SSC started the process of drafting goals for the SPSA through brainstorming and sharing ideas of what they wanted for the students at Vichy Elementary. The process continued with staff during a staff meeting, with the parent club at their meeting, and finally with the site leadership team. With all the collective input, a draft was created to bring to the SSC for approval. Updates on actions and progress toward goals are reviewed at each SSC meeting. After reviewing the goals from last year, we revised goals as needed. The site Council meeting was held on May 22, 2023, to approve this plan.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Vichy Elementary School has been identified as an Additional Targeted Support and Intervention (ATSI) school site. The resource inequities identified by reviewing and analyzing student data are as follows:

Our Hispanic students and students with disabilities are experiencing higher levels of chronic absenteeism than our overall student population.

Supplemental funding will be targeted to support staffing to improve outcomes for these identified student subgroups as described in our action plan.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP/Site Goal 1

All students will graduate college and/or career ready.

Identified Need

At Vichy Elementary school, a majority of our students scored at or above the benchmark on the STAR Math and Reading assessments at EOY 21-22. Our focus will be on implementing strategies and interventions that will target students at VES to show a year's growth in a year.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
STAR Math	53% of 1st - 5th grade students showed 50 SGP growth on the STAR Math assessment against state projections of proficiency between Fall and Spring 2022-23.	65% of students will show 50 SGP growth on STAR assessment against state projections of proficiency by EOY 2023-24.
STAR Reading	54% of 2nd - 5th grade students showed 50 SGP growth on the STAR ELA assessment against state projections of proficiency between Fall and Spring 2022-23.	65% of students will show 50 SGP growth on STAR assessment against state projections of proficiency by EOY assessment 2023-24.
STAR Early Literacy/Reading	42% of Kindergarten and 1st grade students taking Early Literacy/Reading showed 50 SGP growth on the STAR Early Literacy and Reading assessments against district projections of proficiency between Fall and Spring 2022-23.	55% of students will show 50 SGP growth on STAR Early Literacy/Reading assessments in Kindergarten and 1st grade against district projections of proficiency by EOY assessment 2023-24.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Students who showed less than 50 points SGP on EOY STAR Assessments 2022-23.

Activities

Teachers will participate in Professional Learning Communities (PLC) twice per month. The team will gather and review data to determine students who did not make standard growth in the previous year. They will also consider an area of focus based on the data; Math or Reading. PLCs will determine learning targets to meet the needs of these students. Our kindergarten students will participate in an early/late schedule to support small group instruction on early literacy skills. Our first through fifth-grade students will work in small groups with teachers to target specific learning needs. Teachers will use common assessments and work through the PLC cycle of inquiry, utilizing learning sprints to target specific skills. Teacher stipend or sub-release time will be used for planning instruction and evaluating data. We will utilize supplemental funds for extra staffing to support in the classrooms as well.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
6,000	0000 – No Reporting Requirements
4,480	0003 - Supplemental

Strategy 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students

Activities

Our first through fifth grade students who have not made 50 points of growth will be supported through interventionist and learning sprints within the classroom setting. Teachers will plan appropriate instruction to meet the diverse learning needs of students, using pre and post assessments to measure student growth. Teachers will use skill specific assessments and work through the PLC cycle of inquiry to develop learning sprint focus. Groupings of students will be fluid and transition after each cycle. Teacher stipend for non-contract work day for planning instruction and reviewing data. Teachers will also work in PLC's to group students for targeted support within the grade level team and work together to support student growth.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)	Source(s)
4,000	0000 – No Reporting Requirements

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

In 2022-23, 1st through 4th grade students shifted classrooms in order to receive grade level instruction in math. This supported students in combination classrooms with direct instruction at their grade level. In some cases, these classrooms were leveled so that students who needed a slower pace of instruction were able to work at their level while others were able to move at the expected pace.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Staff determined that they would utilize learning sprints and small group instruction within their own classrooms to support differentiation and targeted instruction based on data to support student growth.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Moving forward, our focus will continue to be on learning sprints to support intervention in the classroom. In addition to this, teachers will incorporate high impact strategies including quality interactions and student clarity in order to maximize the impact on student growth.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP/Site Goal 2

Students Experience Responsive, Engaging Pedagogy

Identified Need

Build a learning environment that improves clarity for teachers and students through research-based instructional strategies.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Measurable student growth across all grades in Language Arts and Math	Teachers have continued to develop learning sprints to provide targeted instruction to meet the needs of all students.	Through improved clarity and quality interactions, students will know where they are in their learning and understand their path to growth and achievement. Students will be engaged through academic dialogue and meaningful interactions. This will result in academic growth for all students.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students

Activities

Teachers will meet twice per month for professional development in Teacher Learning Meetings. With support from the Instructional Leadership Team, grade level groups will work to build their clarity with learning targets and plan instruction to build engagement and clarity for students. Teachers will use learning sprints to focus on specific skills. PLCs will continue the work of lesson design and implementation of quality interactions along with common assessments to measure student growth. Teachers will participate in continued professional development to build their knowledge and skill in incorporating these high impact strategies into lesson design.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Through professional development focused on incorporating highly effective research-based strategies including learning sprints, teacher clarity and quality interactions that include student feedback, teachers will impact student growth throughout the school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The majority of our funds were spent on sub-release time or EWRs in order for teachers to have sufficient time to plan instruction.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In addition to planning time, we will also take time in Teacher Learning Meetings for some professional development to improve our learning in implementing learning sprints, target opportunities within instruction to incorporate quality academic conversation with students, and teacher and student clarity.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP/Site Goal 3

Robust Communication, Community Engagement and Advocacy

Identified Need

Transparent and regular communication and parent voice is important to build an Ecosystem of Carino beyond our school campus. We want to build a community that ensures inclusivity for all families.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent participation	We had improved parent participation in meetings that were held later in the day. More parents participated in activities throughout the year, volunteering in classrooms, as well as school activities. ELAC attendance is low.	Parents will share ideas and concerns through open forum discussions and completing surveys. All parents are invited to Parent Club meetings, School Site Council, and ELAC meetings. Principal will review feedback and report back to parents to strengthen the communication loop.
Parent Surveys	Parent Surveys had low response rate. Will send again at EOY.	ELAC needs survey will be added for additional feedback and communication with our EL families. Parent survey participation will improve to 10%.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students

Activities

The principal will hold informal coffee with the principal sessions each trimester for each grade level span; K-1, 2-3, and 4-5. The time of these meetings will vary in order to provide opportunities to more families based on their varying availability. This will provide parents an opportunity to bring concerns to the principal, share ideas, and build increased participation and a sense of community. This will also support the inclusion of EL families and welcome them as a part of our school community. On site staff will support through contacting families and also with translation as needed.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

EL students

Activities

ELAC was established in 2020. Through EL parent survey, we can identify areas of need for our EL families and work to support and address those concerns. ELAC meetings will be held 4 times this year.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

As the number of ELL students increases at Vichy, we see the need to bring the families of these students into the decision-making process along with wanting them to be active participants in our school community. Since our ELAC was established in 2020-21, we are still building our participation level with parents. During COVID, parent involvement was challenging. We depend on site staff to be the point of contact for our EL families and she reaches out to remind them of our meetings as well as support them with any other needs.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Our ELAC meetings have been both in person and on Zoom. Attendance is still low and conducting the survey will provide us with valuable information that will help us determine how to involve more families and build their inclusion into our community.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The parent survey for our EL families will help inform the plan for supporting our EL families. We would like to hold ELAC meetings in person this year.

LEA/LCAP/Site Goal 4

Students Thrive Socially, Emotionally and Academically

Identified Need

The following student groups have been identified as needing additional support in chronic absenteeism based on the California State dashboard: Students with Disabilities and Hispanic students.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
California Dashboard	Baseline 2022-23: Hispanic - 40% chronically absent; students with disabilities - 29.4% chronically absent.	Reduce chronic absenteeism 10% for English Learners and Students with Disabilities
SDQ Survey, California Healthy Kids Survey	Students and teachers completed this survey this year.	In reviewing the results of the surveys, the MTSS team is able to identify students' SEL needs and provide appropriate resources and support.
MTSS team	This team meets twice monthly to review student concerns both academic and social-emotional.	Staff uses Aeries to communicate concerns. Tier 1 interventions are identified and implemented. Continued follow-up to monitor progress and determine next steps for student success.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Students with chronic absenteeism

Activities

Review attendance monthly with office manager to determine students who are experiencing a high rate of absenteeism. Make personal contact with families to stress the importance of attendance and determine if there is some obstacle that is preventing regular attendance.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy 2**Students to be Served by this Strategy/Activity**

(Identify either All Students or one or more specific student groups)

All Students

Activities

Students and teachers will complete the Strengths and Difficulties Questionnaire. In addition, our 5th grade students will participate in the California Healthy Kids Survey. The MTSS team will use this data to determine whether students need support. MTSS team will follow up with students and or families to provide interventions and resources, seeking support from district personnel (social worker). Teachers will use pre-referrals in Aeries to document concerns for students both academically and emotionally. The MTSS team will review once students are referred to the team to determine next steps.

Proposed Expenditures for this Strategy/Activity

Students with IEP's

Activities

The student resource team will meet to review IEPs and hold meetings with families as directed by IEP. This team will include the site administrator, classroom teacher, and special education staff (Education Specialist, Speech and Language Pathologist, Psychologist) that are working with this student. Sub-release time will be made available for teachers to attend the meeting during the contract day.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Social-emotional instruction is Board Policy. We recognize the need to continue to help students develop their social-emotional skills. We did see some challenges this year and look forward to adding to the support provided to students. With the addition of the "tools" taught in the Toolbox Project, students have opportunities to build their capacity to handle challenging situations not only at school but in any environment. Incorporating the situational examples and lessons using the Digital Second step will further develop these skills in our students. The MTSS team and staff are committed to working together to support students' needs. By providing sub-release time, teachers can be involved in IEP meetings to implement instructional plans as well as support providers and families with insights into how the students are performing in the classroom. This team approach builds a community of support for our students with IEPs.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We did not have any major changes to our intended use of Toolbox this past year. All classrooms instructed students on the tools and continued to review them throughout the year. Digital Second Step was utilized to enhance the SEL and instruction through updated videos and classroom discussions. We also incorporated the reflection sheets from the Toolbox project to not only help students reflect on challenging behavior, but also to identify behavior concerns that did not improve, allowing MTSS and teachers to determine if additional measures needed to be taken.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Using Toolbox Project tools in conjunction with Second Step, will deepen the understanding of students and build their capabilities to manage behavior and have strategies for situations that will arise when interacting with their peers. The collective effort of the MTSS team and staff will monitor students both academically and social-emotionally to provide appropriate interventions as needed. Aeries documentation will track student concerns and strategies for improvement.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount

0003 - Supplemental	\$4,480.00

Subtotal of state or local funds included for this school: \$28,344.00

Total of federal, state, and/or local funds for this school: \$28,344.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Carol Lloyd	Classroom Teacher
Beth Torres	Classroom Teacher
Nicole Soriano	Classroom Teacher
Jeanne Celsi	Other School Staff
Sally Zikmund	Principal
Kara Harrington	Parent or Community Member
Maria Balllines	Parent or Community Member
Jennifer Knell	Parent or Community Member
Bill Griffiths	Parent or Community Member
Lindsey Provus	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 22, 2023.

Attested:

Principal, Sally Zikmund on May 22, 2023

SSC Chairperson, Kara Harrington on May 22, 2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **Specific**, **Measurable**, **Achievable**, **Realistic**, and **Time-bound**. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
