

Get More from Their Score

Digital PSAT/NMSQT at a Glance

The Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT®) is a part of the SAT® Suite of Assessments and is typically taken by students in grades 10 and 11.

Structured similarly to the SAT, the PSAT/NMSQT measures the same knowledge and skills your child needs to succeed in college and career.

To help your child become familiar with the digital format, they'll have access to full-length practice tests in Bluebook™, College Board's digital testing application.

Help Your Teen Know Where to Go

The PSAT/NMSQT is more than good practice for the SAT and the scores are more than just a number.

With your child's results they can:

See Where They Are and Set a Target: Your child will receive insights about their knowledge and skills while they have plenty of time to improve. If they've taken other assessments in the SAT Suite, they can compare their progress and then set a **target SAT score** based on their college or career goals.

Have New Ways to Access Their Scores: Your teen can receive scores quickly and directly through the **BigFuture® School** mobile app. Your teen may also receive a PDF score report directly from their school.

NEW DIGITAL FORMAT

In fall 2023, the PSAT/NMSQT transitioned to a digital format. The digital test is easier to take, is shorter, provides more time per question, and comes with a built-in calculator that can be used on the entire math section.

For more information, contact:

Enter the National Merit Scholarship Program:

Students who take the PSAT/NMSQT, usually in 11th grade, may meet requirements to enter the **National Merit® Scholarship Program**, an academic competition for recognition and scholarships.

Find Out About Their AP Potential: Based on their scores, students will get personalized recommendations about what **AP® courses** might be a good fit for them.

Help Pay for College: Taking the PSAT/NMSQT gives your child the chance to access over \$300 million in **scholarship opportunities**.

Gain Career Insights: Along with their scores, your teen will receive a list of six growing careers in their state to help them consider what jobs they may be interested in and inspire deeper exploration. As always, students can choose to log on to their personal College Board account for more in-depth exploration.

Connect to Their Future: Through the Connections™ program*, your child can choose to hear directly from nonprofit colleges and scholarship programs that might be a good match—without having to share any personal information. Messages are delivered through the BigFuture School app and, when available, by mail.

THE SAT SUITE: CHARTING THE PATH TO SUCCESS

Whether your child is thinking about attending a two- or four-year college, a job training program, or isn't sure what they want to do after high school, the SAT Suite of Assessments can help make their career goals and postsecondary path clearer.

Every test provides you, your child, and their teachers with information about your child's strengths and areas that need improvement, so they know where to focus. And customized practice and planning resources will help them set and achieve their goals for the future.

* Connections is only available in the domestic U.S. to students taking the PSAT 10, PSAT/NMSQT, and SAT School Day. However, it isn't available to all students. States, districts, or schools may choose to opt out of this program.
