SCAN ME TO SIGN UP

The Tega Cay Lions Club will be conducting 7th grade student vision screenings on Tuesday October 1st using the Welch Allyn SPOT screening device

1. There is no charge to participate in the screening
2. This screening is considered a preliminary procedure only and does not provide a diagnosis of vision problems. It should be utilized as part of a comprehensive eye care program that includes periodic eye exams
3. You will receive a referral letter from the Lions Club with the results of the screening only if an eye exam by an eye care professional is recommended
4. Parents are responsible for arranging a full eye exam for their child if referred as a result of the vision screening test
5. If your child wears glasses or contacts, please be sure they have them at school that day for the screening!

We are very excited about this opportunity and are fortunate to have this program offered to us. Thank you to the Lions Club for their dedication to our students. Please notify our school nurse, Kim Larsen, larsenk@fortmillschools.org, if you do not want your child to participate.

PKMS Weekly Update
