

# 2023-2024 Annual Fund

## PARTICIPATION REPORT

### Why Participation Matters

Every year St. Mark's pursues independent grants for additional funding of various programs. Your participation—and when we can show 100% commitment to Annual Fund giving from our families, staff, and Board of Trustees—makes a vast difference in these applications. We encourage our donors to give thoughtfully and to their ability, knowing that every family and every gift make a difference.

Annual Fund Participation by Class
