WISH LIST

Time: If you are looking for a fun environment to volunteer, then Mountain Road Elementary is the place for you. We have multiple areas where volunteers are needed, such as selling ice cream in the cafeteria, assisting with our school functions, reading to our students during *Read Across America* week, helping teachers with copying, working in the Media Center, helping plan our *Veteran's Day* ceremony, working at our Holiday Shoppe or Book Fairs, helping to plan our Career Day, and assisting our teachers in the classroom with various student needs.

Talent:

Mountain Road Elementary is always looking for individuals who are willing to share their talents with our students. We need volunteers to showcase your jobs at our Career Day, as well as individuals who can visit with our younger grades when they learn about Community Helpers. We need sound specialists to assist with our sound system if we need help during our school performances and Talent Show. If you have a special talent that you believe would benefit our school, we would love to hear about it!

Treasures:

Mountain Road Elementary is very grateful for any and all donations you are able to give. Currently, our clinic is in need of supplies such as alcohol wipes, hot/cold packs, mini cups, pull-ups, and feminine products. We also need clothes, specifically leggings and pants in children's size 5-8. Other items requested are water bottles and individually-wrapped snacks for students who forget theirs, brooms with dust pans for classrooms, books for our outdoor book box, treats for our teachers to reward their hard work, and food donations for our staff lunches.
