The Black Wall Street of Charleston Directory is the first of many planned editions providing highlighted history of Black owned businesses in Charleston County, past and present for the advertised pages. In addition, there is a brief listing of businesses that have documented data, e.g., start date, ending date, or current operations; ownership, location (s); category or business type. The goal is to enlighten students and adults in our community and beyond. Our purpose is to educate our community about the significant contributions of Black entrepreneurs in our area despite the circumstances of segregation, Jim Crow laws, and other more sophisticated challenges. We hope to inspire our youth to build and maintain an "I can" attitude that will open the doors to greater opportunities for a successful future. Student lesson plans will be developed to ensure use of this information.
