September 2024

Dear Parents and Guardians,

In the spring, Tenafly students in grades 3 through 8 and high school students in grades 9 & 11 participated in the New Jersey Student Learning Assessments (NJSLA) administration to measure their academic performance in English language arts (ELA), mathematics, and science as defined in the New Jersey Student Learning Standards (NJSLS). Evaluating the results from statewide testing can be a helpful tool in measuring your student's success in school. For decades, New Jersey has used statewide assessments as a valuable instrument for assessing our students' annual progress.

Testing results will be mailed home in the last week of September. You will receive one report for each content area in which your student tested. The reports illustrate how your student performed on each test. There are also charts and graphics that show you how your student performed in relation to the [New Jersey Student Learning Standards](#) and how your student's performance compares to other students in their school, district, and the state.

Your student's ISRs are also available in the [New Jersey Parent Portal](#). The online portal includes your student's scale score, level of performance, and a video explanation of the score report. The portal allows you to track your student's scores from year to year, beginning with spring 2019. **If this is the first time you will be accessing the online portal, you must create an account using the unique claim code that is located on your student's paper ISR.** Additional resources to help support your student can be found on the [New Jersey Assessments Resource Center](#) under Parent Resources.
