

24-Hour Student Learning Platforms

Directions: Students may access the below-listed learning platforms by first logging into [ClassLink](#)

Students must use the 24-hour Learning Platforms at home for the listed time frame to assist them in making substantial gains in Math and English.

<p>Freckle</p>  <p>Freckle allows students to practice English Language Arts and Math at their own level. Whether working at, above, or below grade level, students will get the appropriate challenge.</p> <p>Recommended Usage: ELA & Math 20 minutes per day</p>		<p>Next-Gen</p>  <p>Next Gen Math provides unlimited individualized Common Core Math content organized by targets and standards. The classroom teacher receives actionable data.</p> <p>Recommended Usage: As assigned by the teacher</p>
<p>Nearpod K-12</p>  <p>Students engage in interactive lessons. There are multiple ways for students to show their understanding through writing, drawing, speaking, and reading.</p> <p>Recommended Usage: As assigned by the teacher</p>	<p>Flocabulary K-12</p>  <p>Flocabulary uses educational hip-hop music to engage, motivate, and increase academic achievement across the curriculum. Text to speech (Immersive Reader) is enabled in Flocabulary. Students can see and hear the connection between written and spoken English.</p> <p>Recommended Usage: As assigned by the teacher</p>	<p>Learning A - Z K-2</p>  <p>Learning A-Z allows students to strengthen their foundational reading and comprehension skills using a digital library of texts and instructional materials.</p> <p>Recommended Usage: One book daily</p>
