2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Mission, 2023-2024

The mission of Jefferson School is to develop the intellectual, artistic, social, physical and emotional capacities of each child through differentiated instruction so as to enable all students to succeed academically, develop personally, achieve their goals, and move forward on a path toward college and career. We endeavor to make learning meaningful and joyful and in doing so foster in students a love of learning that will last a lifetime. We strive to provide this education in a safe, nurturing, environment where the dignity and uniqueness of every child is recognized and respected. We strive to engage all stakeholders, especially parents, in this grand educational endeavor.

School Description, 2023-2024

Jefferson Elementary, the only school in the Jefferson School District, is located in Paicines, California near Pinnacles National Park. There are no businesses or services in this small, rural and somewhat remote district with the nearest city, Hollister, located 35 miles away. The school consists of two buildings one of which contains a large K-8 classroom and office, while the second building, a multipurpose room, has the potential to double as a community center after school hours. At the beginning of the 2023-2024 school year, four students in grades K-8 enrolled at Jefferson. 100% of Jefferson students were Hispanic, 50% of students were English Learners, and 25% receive Special Education services. The district employs one full time credentialed teacher who also serves as the principal and superintendent and a full time Instructional Aide.

The Educational Program, 2022-2023

Though the school is small, the instructional program is rigorous, engaging, and focused on student growth and academic achievement. California Core State standards are taught in all subjects and a variety of data is utilized to set goals, drive instruction, gauge student progress, and measure program effectiveness. Assessments include formative and ongoing assessment through STAR 360, annual tests such as ELPAC and CAASPP, as well ongoing assessment utilized within lessons each day. Based on that data, instruction is highly differentiated for every student throughout the school day within small group, whole group, and one-on-one instruction from the Teacher/Principal. Core and supplemental programs include Envision math, and Houghton Mifflin ELA, Social Studies Weekly and Discovery Education science. Every student has a laptop and technology is integrated in teaching and learning on a daily basis. Finally, the students receive a broad curricular experience through science and social studies instruction, experiments, field trips, STEAM activities, art projects, and musical performances. Jefferson Elementary truly provides an enriching and safe experience for all students.

Testing Note: Due to the small enrollment of students at Jefferson (<10 students), achievement data is not reported in the SARC in order to preserve the rights for confidentiality of each student.

2023-24 School Description and Mission Statement

School Goals, 2022-2023

MAINTENANCE GOAL #1

Jefferson Elementary will provide a high quality teaching and learning environment where all students have access to standards-based materials and instruction in a safe, well-maintained physical environment.

STATE PRIORITIES: Priority 1: Basic (Conditions of Learning); Priority 2: State Standards (Conditions of Learning)

FOCUSED GOAL #2

Jefferson will assess students to determine current proficiency levels and provide core instruction, interventions and supports through a high quality teaching program to ensure that each student will meet his or her learning potential.

STATE PRIORITIES: Priority 4: Pupil Achievement (Pupil Outcomes); Priority 7: Course Access (Conditions of Learning); Priority 8: Other Pupil Outcomes (Pupil Outcomes)

BROAD GOAL #3

Jefferson Elementary will engage parents, community members, and other stakeholders in developing a positive climate and system of support centered around a "Growth Mindset" for students and families as we work together to ensure that each student ensures his or her emotional, social, and physical well being.

STATE PRIORITIES: Priority 3: Parental Involvement (Engagement); Priority 5: Pupil Engagement (Engagement); Priority 6: School Climate (Engagement)

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The school facility is inspected on a routine and ongoing basis by the school staff and independent inspectors. The teacher/principal performs informal inspections daily, and because she resides on site, she is able to identify hazard areas within 24 hours. Keenan and Associates formally inspect the school facility and grounds annually and submit a report on findings. Once each year, the teacher/principal inspects the facility using the State Facility Inspection Tool (FIT). The FIT provides a guide and criteria for evaluating the condition of school facilities resulting in ratings of good, fair or poor. The results from the most recent inspection, conducted by the Teacher/Principal and Instructional Aide in October 2023, resulted in ratings of "Fair to Good" for individual systems and an overall rating of "Good" meaning that the overall facilities are maintained in good repair with isolated, non-critical deficiencies that are in the process of being mitigated and one major repair noted. Facility improvements are being considered by the School Board such as generators, repairs to the black top, new fencing, etc.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced

Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Jefferson district is governed by a 5-member school board comprised community members elected by voters. The school board holds monthly meetings during which parent and community members have the opportunity to give input to school board decisions. A calendar of meetings is sent out to parents and monthly agendas are posted to encourage parent/community involvement in governance issues. The Teacher/Principal has frequent communication through formal and informal meetings to obtain feedback and share student progress. These conversations play a critical role in development of the LCAP. By participating in annual surveys and interviews and attending Board meetings, parents can affect important decisions related to school improvement.

The school continues to seek to involve the whole community. Announcements pertaining to school events and organized opportunities for parent/community involvement are posted outside the school, sent home to parents, and transmitted online. With the improved bandwidth and access to technology, the school staff is implementing ways to develop ways to share more information online through Class Dojo, and Google Classroom. Parents continue to participate in biannual parent/teacher goal-setting conferences, and family participation events such as the school/community winter play, field trips, STEAM activities, Spelling Bees, the science fair, and many more.

For further information about parent and community participation, please contact the teacher, Mrs. Volmer at 831-389-4593.

2023-24 School Safety Plan

The Comprehensive School Safety Plan was reviewed and revised by the principal in October 2023. 3 No major revisions were needed. The Teacher Principal developed the guidelines in collaboration with Public Health and other local superintendents. The use of Emergency Backpacks was reviewed and backpacks inventoried and stocked. The Hazardous Materials binder is compliant with state guidelines and expectations. An approved safety inspection tool was used a guide for conducting inspections of the facilities and grounds and the facilities currently have a “Good” rating. The principal developed a schedule, in accordance with law, for holding fire, earthquake and lock-down drills. The staff is certified in Child Abuse Reporting and Sexual Harassment Laws and Prevention. The school is in compliance with the laws, rules, and regulations pertaining to school safety. Fencing was replaced in January 2024.

Key elements of the Comprehensive School Safety Plan include the following:

- School rules and procedures pertaining to discipline
- Policies regarding harassment, discrimination, intimidation
- Child abuse reporting procedures
- Policies related to suspension/expulsion,
- Anti-tobacco & alcohol policies
- Disaster procedures & emergency drills

* Crisis Response

Professional Development

The primary of focus areas for professional development at Jefferson School are determined by student achievement data; School LCAP Goals; and the expressed and observed needs of teachers.

2023-2024

Jefferson staff consists of two employees: the Teacher/Principal and an Instructional Aide. The Teacher/Principal is in her sixth year of working at Jefferson Elementary, and the district hired a full-time Instructional Aide in July 2023 to support the needs of the Special Education students and primary students. The Teacher Principal continues to receive ongoing professional development through the San Benito County Office of Education at monthly PLN and Superintendent meetings. She also completes online training and webinars covering safety topics, state testing requirements and certification, and so forth. The Instructional Aide receives training from the Teacher/Principal, the San Benito County Office of Educaiton, Keenan, and other outside organizations contracted through the district, such as the CPR training held in September 2023.

2022-2023

The Jefferson staff currently consists of one person: the Teacher Principal. The Instructional Aide moved outside of the state in 2022 and due to the low number of students, the position remains open at this time. The Teacher Principal continues to receive ongoing professional development through the San Benito County Office of Education at monthly PLN and Superintendent meetings. She also completes online training and webinars covering safety topics, state testing requirements and certification, and so forth.

2021-2022

The Jefferson staff is in its fourth year working together for the school district. The Teacher Principal continues to receive ongoing professional development through the San Benito County Office of Education at monthly PLN and Superintendent meetings. She also completes online training and webinars covering safety topics, state testing requirements and certification, and so forth. The Teacher Principal continued the collaboration with San Jose State University to train the second Level 1 student teacher. The Teacher/Principal is researching options to apply for a Preliminary administrative credential and begin an induction program toward her clear admin credential.

The Instructional Aide continues to receive training from the Teacher/Principal as well as other professional development opportunities through the SBCOE. She holds a substitute license and is able to teach the class when the Teacher/Principal is absent.
