2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Mission Statement

It is the mission of Tres Pinos Union Elementary School, in partnership with the school community, to support and sustain a system of learning which will inspire all students to think, to learn, and to care. We will strive to instill in each student a desire for lifelong learning and offer them the opportunity to realize their highest aspirations for the good of both the individual and society.

School Profile

Tres Pinos Union Elementary School District is a small rural TK-8 single school district located one mile north of the village of Tres Pinos and 5 miles south of Hollister.

Tres Pinos Elementary has been experiencing declining enrollment and at the start of the 2022/2023 school year, enrollment is at 52 students. As a direct result of our rural setting, our school operates multi grade classrooms. Therefore, teachers, administrator, and the school community are continuously working together to plan staff development activities that will help us better understand the complexity of multigrade curricula implementation and the corresponding workload required of teachers for the quality program they provide.

The desired outcome is to have a program that is focused on ensuring that each child is successful.

Presently assigned to Tres Pinos Union School are two teachers, three paraprofessionals, one executive secretary; and one Teacher/Principal.

This year we will be working with our Parent Teacher Organization and have planned fundraisers and activities for the classrooms.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tres Pinos Union Elementary held a public hearing on September 8, 2022 and determined that the school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2022 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

In the 2018/2019 school year, Tres Pinos School adopted Weekly Studies for the Social Studies curriculum. In 2020/2021, the board adopted Houghton Mifflin NGSS Science Curriculum along with labs.

School Facility Conditions and Planned Improvements

Tres Pinos Elementary School was built in 1978 and is comprised of six classrooms, multipurpose room, library, office building, staff lounge, and playground. Cleaning Process: Tres Pinos Union Elementary School contracts out for janitorial services. The principal and staff work daily with the custodial staff to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board, in its contract with the janitorial service company, has adopted cleaning standards for the entire school site. A summary of these standards are available at the district office for review. Maintenance and Repair: The District contracts out with maintenance staff to ensure that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. During the 2022/2023 year, repairs were made in the restrooms, roof leaks were repaired, gutters were replaced, and carpets were replaced that had been identified on the FIT report. Deferred Maintenance Budget: The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. The Board of Trustees is looking into proposals to replace the cracked asphalt on playgrounds. In 2019, the district replaced the asphalt on the Kindergarten playground. The district also has replaced the chain links on the swing sets and has done minor repairs on the FIT report.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Tres Pinos Elementary greatly benefits from its supportive parents. In the past, parent volunteers in the classroom provided instructional support. They also help on field trips and volunteer for school event support. The District Advisory Committee and the Parent/Teacher Organization provide opportunities for parents to provide input about the district's budget, participating on the LCAP plus input on programs and activities at the school. Another parent/teacher committee that meets on a regular basis are the Eighth Grade Graduation Committee.

For the 2022/23 year, we are allowing a parents to volunteer in the classroom. Parents have the opportunity to check their child's progress by having access to the Aeries parent portal on our website and app. For the 2022/23 school year, parents have received their letter with their log in information and password. Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Tres Pinos Elementary School at 831-637-0503. They may also email the school at nwilcox@sbcoe.k12.ca.us For the 2022/2023 school year, we have been able to reelect officers to our Parent Teacher Organization and fundraising has begun. Our PTO meets the first Monday of the month at 6pm. The principal informs the parents through e-mail and texts on the Tres Pinos School app and ClassDojo when the meetings are to happen.

2023-24 School Safety Plan

Safety of students and staff is a primary concern of Tres Pinos Elementary School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. All revisions were communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Disaster, fire, earthquake and lock-down drills are conducted on a regular basis throughout the school year. There are two paraprofessionals on yard duty during morning recess. Lunch recess is supervised by two paraprofessionals. Our emergency and school safety plan is revised and updated every January and approved by the Board of Trustees. Students are to wash their hands with soap and water before entering the classroom or sanitize with hand sanitizer.
