## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Pinnacles Community School is operated by the San Benito County Office of Education. The staff believes all students can learn, given high expectations. Education is a shared responsibility which includes parents, students, staff, and the community. The mission of Pinnacles Community is to provide students with a safe and positive learning environment with modern resources and accommodations necessary to learn. The goal is to educate all students to their highest potential, so they will have the greatest range of personal options upon graduation. It is the 21st century vision of the San Benito Alternative Education sites to deliver meaningful, accessible curriculum through multiple avenues in a safe, supportive, and positive learning environment. With the help of our entire school community we will empower our students by developing the necessary skills needed to join our complex world as an engaged citizen.

Pinnacles Community School serves youths in grades 7-12. Students with probationary status who attend are admitted based upon the following criteria: referral by San Benito County Juvenile Court School; referral by another school district when the student has been unsuccessful; expulsion from a school district; recommendation from the San Benito County Student Attendance Review Board (SARB) for habitual truancy; when a student moves to San Benito County and had been attending a community day school in their previous county of residence.

The school population is highly mobile. Average daily enrollment for Pinnacles Community School is approximately 5-15 students.

Teachers at Pinnacles Community School consistently align their curriculum maps, lessons, and formative assessments to the Common Core State Standards to achieve positive classroom results. Pinnacles Community teaching staff provide core academic courses in English Language Arts (ELA), Algebra Readiness, Algebra, Geometry, History/Social Science, and Science. In addition, migrant education and special education services are available. Each student in class has the use of a Chromebook to access online coursework, conduct research and create papers and presentations. Each student is assessed in English and Math.

Personal and/or crisis counseling is provided by the school counselor, School Social Worker and San Benito County Behavioral Health. The principal and various other staff members provide additional mentoring and coaching in the areas of communication, grades, and social development. Pinnacles also uses Restorative Justice (RJ) and is in the process of fully developing this program, as well as Positive Behavioral Interventions and Supports (PBIS).

## 2021-22 School Overview

Pinnacles Community School provides a safe, organized, and supportive environment that offers challenging appropriate opportunities for each student, thereby promoting equity and diversity. It fosters the academic achievement of all students, while developing the vocational and interpersonal skills required for success in a rapidly changing and technological world. The staff of the Community School instills a strong work ethic and respect for the community effort, while preparing students for active and productive roles in society as adults.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	
<b>Intern Credential Holders Properly Assigned</b>	
<b>Teachers Without Credentials and Misassignments (“ineffective” under ESSA)</b>	
<b>Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)</b>	
<b>Unknown</b>	
<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

This program serves at-risk students who change schools frequently. The curriculum is coordinated and coherent across the sites and classrooms. The goal is to maintain educational consistency for students when they move from one site to another.

## School Facility Conditions and Planned Improvements

Pinnacles Community School Facility Inspection Tool (FIT) reports an overall rating of 94.16%, or Good. This score indicates that the school is maintained in good repair with a very small number of non-critical deficiencies noted. These deficiencies are isolated and/or resulting from minor wear and tear, and/or in the process of being mitigated.

**Year and month of the most recent FIT report**

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 Career Technical Education Programs

Pinnacles Community School has a modified schedule and students are in-class for 240 minutes per day. Due to this schedule, Career Technical Education courses were provided through the Edgenuity online program during the 2020-2021 and 2021-2022 school year.

## 2020-21 Career Technical Education (CTE) Participation

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

The school leadership encourages parental and community involvement initially through the student enrollment orientation process, in which the principal or counselor meets with each family prior to the student attending school. Several members of the Pinnacles Community School staff are bilingual in English and Spanish and can communicate in the home language of many of the students. Newsletters and bulletins are developed and mailed home in both English and Spanish. Community resources that support students' physical, emotional and social well being are available to both students and parents. The school also has developed a resource database of parent and community supporters to assist students in their academic achievement and career aspirations.

Through the student information system, Aeries.net, parents are able to access student information online through a "Parent Portal". Instructions on how to set up an account are provided to the parents. Students also use the Edgenuity platform for credit recovery and initial instruction for electives and specific core content that is not offered in Pinnacles' master schedule, ie: Chemistry or Calculus. In addition, parents are encouraged to be part of the School Site Council and attend activities such as Back-to-School Night.

For more information on how to become involved with the school please contact Principal Lorna Gilbert at [lgilbert@sbcoe.org](mailto:lgilbert@sbcoe.org) or at 831-637-9269 ext. 303.

## C. Engagement

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

#### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	--	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20

## 2021-22 School Safety Plan

Pinnacles staff provides a safe, orderly and supportive environment for students. The school is now adjacent to (but separated from) the campus that houses other SBCOE educational programs. This location allows for greater supervision of, and support to, students and teaching staff. Teaching staff are aware of and abide by school safety procedures as outlined in the School Safety Plan. Daily safety procedures have been put in place based on student needs. These include escorted restroom visits, counting of supplies, visual contact of minors at all times, student movement standards, and protocols for speaking with staff, etc.

The School Safety Plan is reviewed and updated annually, this year this occurred on January 20, 2021. Each year, an in-house inspection and reporting process is conducted. Every year a Workman's Compensation Inspection is conducted, as well as a Fire Safety Inspection. Various drills are held throughout the year, including fire drills, earthquake drills, and lock-down drills. Moreover, staff participate in a monthly Five-Minute Safety Lesson. All staff must complete online safety training modules from Keenan Safe Schools.

## 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. ## Professional Development

The Administrator of San Benito Alternative Education programs, SSC/DSLIT, and San Benito County Office of Ed Services determine the professional development plan based upon a variety of information gathered from student achievement data and curricular needs. Deeper understanding of professional development needs are acquired during weekly staff meetings, weekly professional development, classroom observations, and staff evaluations.

Each Thursday is a student early release day. The early release schedule facilitates the attendance of all alternative education staff members for this weekly professional development. Each week a targeted development focus is prepared for teachers and staff. In addition, alternative education teachers have the opportunity to participate, free of cost, in San Benito County Office of Education's monthly professional development events, which include Social Emotional training and workshops, English Learner professional development and teaching in a block schedule format. Additional optional training was held prior to the school year starting that focused on curriculum development and teaching in a block schedule.

2021-2022 Professional development goals have continued social emotional strategies, trauma-informed practices, Restorative Justice, and continued implementation of PBIS. Continued training has been provided for the Google Classroom platform and extensions, and engagement strategies.

2020-2021 Professional development goals have continued trauma-informed practices, Restorative Justice, and continued implementation of PBIS. Due to COVID, training has been expanded to include tools for distance learning, including the Google Classroom platform and extensions, and engagement strategies.

2019-2020 Professional development goals continue trauma-informed practices, Restorative Justice, and creation/implementation of PBIS.

2018-2019 Professional development goals included student engagement strategies, Restorative Justice, and creation/implementation of PBIS.

Follow-up training is offered after initial training and support for teachers is offered through in-class coaching and feedback through a digital platform.

## 2020-21 Local Accountability Report Card (LARC) Addendum

# Local Accountability Report Card (LARC) Addendum

## 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
