**2021 School Accountability Report Card**

# General Information about the School Accountability Report Card (SARC)

## SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Panoche School District is a one room K-8 school, located in a rural area of Central California. California Department of Education data for 2021-2022 school year lists Panoche amongst the smallest districts in the state. Census day enrollment for the 2021-2022 school year was 11 students total. The school has a 37% English Learner Population and 82% of students are classified as low income. The school employs a single individual who is responsible for teaching all grade levels, as well as fulfilling the roles of principal and superintendent. In addition, this individual fulfills the duties of all other positions typically required to run a school.

At Panoche School, cooperation and communication are key to a productive classroom culture. The mission of Panoche School is to provide an individualized education for each student in a nurturing environment, with focus on motivating and challenging students to reach their maximum potential both as learners and as citizens. Panoche School's rural location and small class sizes (often only one student per grade level) allows for a high level of differentiated instruction, allowing students to learn and demonstrate their knowledge in the most optimal format for each individual learner.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	
<b>Intern Credential Holders Properly Assigned</b>	
<b>Teachers Without Credentials and Misassignments (“ineffective” under ESSA)</b>	
<b>Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)</b>	
<b>Unknown</b>	
<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

New curriculum for math and language arts was adopted for the 2020-2021 school year. New NGSS based science curriculum was adopted for the 2021-2022 school year. All currently enrolled students have access to their own assigned textbook and/or digital textbook for all core subjects. The school has also invested in the online based supplemental curriculum programs Footsteps2Brilliance, IXL, MobyMax, and ST Math.

## School Facility Conditions and Planned Improvements

Panoche School staff participates in monthly safety meetings and trainings provided through the district's insurers, Keenan Associates. Grounds and facilities are monitored daily by on-site staff. Each month, the school exterior play area is formally inspected with accompanying documentation. Twice a year, the classroom area is formally inspected with accompanying documentation. The school is cleaned and disinfected daily by a contracted cleaning company in accordance with Covid-19 disinfection guidelines. The grounds are professionally maintained on a weekly basis. Pest control is professionally completed monthly.

Panoche School earned and 'Exemplary' rating on the August 2021 FIT report. The school meets all standards of good repair with no deficiencies noted.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Panoche School's very small enrollment means that administration is able to keep in excellent contact with parents. The principal/teacher sees and interacts with at least one parent/guardian of each student at the school each day at pick up and at drop off. This provides an excellent means of communication between home and school and facilitates a strong positive relationship between parents and school staff. Parents are verbally invited to attend all board meetings and are also notified of scheduled board meetings several times per year via the school calendar.

Due to the Covid-19 pandemic, all events requiring the physical presence of parents have been put on hold until such time that in-person gatherings are deemed safe by health authorities. First trimester parent/teacher conferences were offered in person, utilizing social distancing and appropriate masking. Panoche School maintains a Facebook page, with the majority of page maintenance and posting done by one of our parents. The page is liked/followed by 78% of parents, and provides an additional means of communication between school and home.

#### 2020-21 Chronic Absenteeism by Student Group

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

#### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	--	--	--	--	3.47	0.20
Expulsions	--	--	--	--	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The Panoche School Emergency and School Safety Plan was reviewed and updated in late 2021. The plan was prepared in compliance with the legal requirements established by California administrative code. The final draft of the updated plan was unanimously approved by the Panoche School Board on December 13, 2021. All board members and parents had the opportunity to view the plan during this time. A hard copy is on file at Panoche School for public viewing by appointment, with duplicate copies available upon request. The Safety Plan is also available in digital format on the Panoche Elementary School website.

The major objective of the Panoche School Emergency and School Safety Plan is to provide a model for the development of school plans, and in so doing, to save lives and protect property in the event of a disaster. The plan provides a framework for protecting students, the teacher/principal, and any other persons that may be onsite in the case of an emergency. The plan also describes the responsibilities of those present for a wide range of emergency and disaster situations that may occur. Due to Panoche School's rural location, the plan assumes that the school must be self-sufficient for a time and may be required to provide shelter to the immediate community.

In addition, Panoche created a COVID-19 School Reopening Plan detailing health and safety plans and procedures specifically related to the reopening of Panoche School for in-person instruction. This board-approved plan was distributed to families of all students entering Panoche School for in-person instruction. In addition, a copy of this plan is kept on campus for public viewing by appointment.

## Professional Development

Panoche Elementary School is located in a rural location and has a staff of one. Because of this, staff's ability to participate in professional development is very limited. Online PD is utilized, including (but not limited to) training offered through Keenan & Associates, Newsela (Informational Text), and San Benito Office of Education. The teacher/principal also participates in monthly LCAP and Rural Principal's meetings, receiving information and support on a variety of topics including LCAP, LCFF, CCSS, Educational Equity, ELPAC, and CAASPP. There is also an ongoing effort by Panoche School staff to identify and secure a reliable substitute and/or an instructional aide that is willing to travel to the school's rural location to allow for staff to participate in a wider range of PD, although none has been located thus far.

Primary areas of focus for staff development for the 19/20, 20/21, and 21-22 school years are as follows:

19/20:-Staff education regarding Autism Awareness and support for teachers educating students diagnosed with Autism. This area of focus was selected due to the demographics of the current student population.

- Literature, with focus on assisting students in understanding key ideas and details, craft and structure, and integration of knowledge and ideas in Informational Text. This area of focus was selected using student achievement data from the Star360 assessment.
- 20/21: -Staff education regarding support for Distance Learning and safety/health precautions in response to the Covid-19 pandemic and related campus closures and reopenings.
- Staff education focused on Social-Emotional learning
- 21/22- Staff education regarding pandemic related return to learning, including health and safety protocols, pandemic related learning loss, and mental/emotional supports.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

# Local Accountability Report Card (LARC) Addendum

## 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
