## Statement of Nondiscrimination

No student may be unlawfully discriminated against in any school programs, activities or in facilities usage because of the student' sex (gender identity, gender expressions, and non-conformity to gender role stereotypes), color, religion, profession, or demonstration of belief or non-belief, race, national origin (including limited English proficiency), ancestry, creed, pregnancy, marital or parental status, homelessness status, sexual orientation, age, or physical, mental, emotional or learning disability. Harassment is a form of discrimination and shall not be tolerated in the District. It is the responsibility of administrators, staff members and all students to ensure that student discrimination or harassment does not occur. [SPASD Policy JB](#)

### **Notice of School District Policies on Sex Discrimination, The District's Title IX Coordinator, and Procedures for Reporting or Filing a Complaint of Sex Discrimination**

As mandated by the current provisions of Title IX of the Education Amendments of 1972 and under the regulations set forth in Chapter 106 of Title 34 of the Code of Federal Regulations ("the federal Title IX regulations"), the Sun Prairie Area School District ("District") does not unlawfully discriminate on the basis of sex in any education program or activity that the District operates. Title IX's requirement not to discriminate in any education program or activity extends to cover, but is not limited to, District students, certain Assistant Secretary for Civil Rights at the U.S. Department of Education, or to both.

The District's commitment to nondiscrimination under Title IX and under other state and federal laws is further defined in the following policies [Policy AC, Nondiscrimination in District Programs, Activities, and Operations](#), [Procedure AC-R\(1\), District Responseto Alleged Sexual Harassment Under Title IX](#), [Procedure AC-R\(2\), Expectations for Employees to Report Discrimination and Harassment](#).

**District Title IX Coordinator** - The District employee who holds the position identified below serves as the Title IX Coordinator for the District:

**Director of Student Policy & School Operations**  
**501 South Bird Street, Sun Prairie, WI 53590**  
**Office: 608-834-6624**

# AT THE SUN PRAIRIE AREA SCHOOL DISTRICT, WE STAND BY OUR STUDENTS, STAFF, AND FAMILIES.

The Mission of the Sun Prairie Area School District is to inspire and prepare every child, every day, by providing relevant, engaging, and innovative learning experiences in and out of the classroom.

The SPASD celebrates and values our diverse community. We support and are inclusive of all students, staff, families, and community members of all races, ethnicities, faiths, national origins, home language(s), socioeconomic status, immigration status, political viewpoints, abilities, sexual orientations, and gender identities.

In order to realize our Mission, we are committed to changing the foundational inequities that we acknowledge exist in our system, and we unequivocally state as follows:

**We stand** by our Black and Brown students, staff, and families. We will continue to speak and act swiftly against statements of bigotry, social injustice, discrimination, racism, and hate that may plague members of our community. We are committed to developing and implementing strategies and best practices that dismantle racism, bigotry, and ethnic oppression within all aspects of our schools and School District.

**We stand** by our immigrant students, staff, and families. All are welcome and safe in our schools regardless of immigration status.

**We stand** by our students, staff, and families with disabilities. We will continue to staunchly protect the rights of people of all abilities and create educational environments in which all educators collaborate for high educational outcomes for all students.

**We stand** by our LGBTQIA+ students, staff, and families. We take seriously our responsibility to provide safe, nondiscriminatory, and inclusive environments for people of all orientations and identities, as they reflect our diverse community.

**We stand** by our students, staff, and families of lower socioeconomic status. We will do all we can to meet the nutritional, physical, and emotional needs of all students regardless of their economic status.

## ALL CHILDREN WILL BE SAFE AND LOVED IN OUR SCHOOLS. ... EVERY CHILD, EVERY DAY.

Revised 9/11/2023

### **School Community Organization (SCO)**

Developing an active school community organization with caregivers is a goal of each elementary school. During the course of this school year, you will receive information regarding opportunities for you to become involved in your parent organization. If you would like to participate, please contact the school principal. Thank you!

## ENROLLMENT

### **Enrollment and Entrance Requirements**

We welcome our new and returning families!

Parents/caregivers are asked to register children online or at the District Support Center, 501 S. Bird Street. More information is available about enrollment [here](#).

When enrolling a child, a proof of residency in the Sun Prairie Area School District boundaries will be needed. A purchase agreement on a home, a rental lease, or a current utility bill is accepted as residency proof. If the child is enrolled by a caregiver who is not the parent, proof of guardianship or kinship must be presented in writing. Proof of kinship must be signed by the parent and notarized.

A child entering kindergarten should be five (5) years old on or before September 1<sup>st</sup> of the year they start school. A child may be admitted to 5-year-old kindergarten under the legal age if he/she has satisfactorily completed a 4-year-old kindergarten program or has met the conditions and standards for early admission outlined in district [Policy JEB](#). A child entering first grade must be six (6) years old on or before September 1<sup>st</sup> of the year they start first grade and have completed 5-year-old kindergarten. Students entering school must have a birth certificate (or other proof of age) and an immunization record on file.

If a student has attended another school, please bring along the name and address of that school when you come to register. Those records are needed before a grade placement can be made.

If your family is between residences, your children have certain service rights and protections in the Sun Prairie Area School District.

### **Custodial Court Order**

Our elementary schools want to keep parents/caregivers informed and follow Wisconsin Statutes that support both parents'/caregivers' rights to receive information about their child. If there are special visitation or custody rights in place for your child that limits one parent/caregiver's right to that information, the school office will need to have a copy of that court order.

### **Current Parent/Caregiver Contact Information**

It is very important that the school has an up-to-date address, telephone number, and email address on file for each parent/caregiver. The school office needs to have current:

- Home address
- Home, work, and cell phone numbers
- Email addresses

Please let the school office know right away if this contact information changes at any time during the school year. If you have students at several schools, you only need to contact one school and the changes can be made for all members of your family.

The district has electronic communication systems (i.e. Peachjar, Blackboard Mass Notifications) that can be used to alert families with general information as well as to quickly communicate in the event of an emergency. This system can be used to report:

- Unexcused absences
- Low or negative lunch account balance
- Upcoming school events related to the student's grade, class, or school
- Late start or school closing
- Information updates during and follow up to emergency situations

## ATTENDANCE

### School Hours

School hours for elementary students are 7:40 am-2:40 pm (Monday, Tuesday, Wednesday, Friday), and 7:40 am-1:30 pm (Thursday). Students may come to school at 7:30 am or after, as supervisors are on duty at that time. All Sun Prairie Schools offer breakfast at the start of school.

The first day of school for the 2024-2025 school year is Tuesday, September 3, 2024. The last day of the school year is Friday, June 12, 2025.

### Absence/Tardy Guidelines for Elementary Schools

Regular school attendance helps students succeed. All nine elementary schools in our district recognize this and follow Wisconsin Statute 118.16 and School Board [Procedure JE-R](#), Student Attendance Procedures related to required (compulsory) attendance. When patterns of significant absences occur, the school and caregivers will partner to improve student attendance. If attendance still does not improve then the caregiver may be brought to the Attendance Review Board.

If a parent/caregiver knows their child will be absent or tardy for an appointment or other acceptable excuse, the school will need a phone call, email, or written note that includes the absence date(s) and reason in advance of the absence.

Parents/caregivers may excuse students from school for up to 10 days during a school year (five days per semester). Parents/caregivers will be contacted when the school has concerns about a student's attendance.

### Reporting Absences

Student safety is very important to us! A parent/caregiver **MUST** call the school attendance line before 9:00 am if their child will not be attending school or will be late that day.

If a student does not come to school and the parent/caregiver has not called the attendance line by 9:00 a.m., a safe arrival call will be made and the child's absence may be listed as unexcused. If the safe arrival call is not answered, other efforts will be made to locate the student.

The school principal may ask for a written or medical excuse when the child comes back to school.

Parents/caregivers may report an absence 24 hours a day. Call the school attendance number and press 1.

- **C.H. Bird Elementary**                      **608-834-7300**
- **Creekside Elementary**                      **608-834-7700**
- **Eastside Elementary**                      **608-834-7400**
- **Horizon Elementary**                      **608-834-7900**
- **Meadow View Elementary**                      **608-478-5000**
- **Northside Elementary**                      **608-834-7100**
- **Royal Oaks Elementary**                      **608-834-7200**
- **Token Springs Elementary**                      **608-478-5100**
- **Westside Elementary**                      **608-834-7500**

If a parent/caregiver needs to pick up their child during the school day, it's important that parents/caregivers come to the **SCHOOL OFFICE** to meet the child and sign them out before leaving the building. A photo ID will be requested at the school office.

### Leaving School Grounds During Lunch Period

Lunch periods are set up to give students time to eat lunch and spend recess time with their peers. If a parent/caregiver wishes to take their child off school grounds for lunch, it's important that a written note with the parent/caregiver signature or electronic communication from the parent/caregiver be given to the child's classroom teacher in advance that includes the lunch date and related information.

### **Leaving School Prior to the End of the School Day**

If a child needs to leave school prior to the end of the school day, the parent/caregiver or other contacts listed by the parent/caregiver in Infinite Campus will need to show a photo ID at the school office and sign the student out according to procedures. If someone is requesting to take a child from school who is not listed in Infinite Campus, the school staff must first verify with the parent/caregiver or emergency contacts that the child may go with this person.

### **Termination of Open Enrollment Due to Habitual Truancy**

The Sun Prairie Area School District may prohibit a student from attending school in the district under the full-time open enrollment program beginning in the succeeding semester or school year if the nonresident student has been habitually truant from the district during either semester in the current school year. [Policy JECBA](#) In addition, on time arrival and departure from school is expected for students who attend through open enrollment.

## STUDENT LEARNING

### Report Cards - Parent/Caregiver - Teacher Conferences

Report cards are distributed twice per year at the end of each semester for all elementary students in grades K-5.

The Sun Prairie Area School District uses four proficiency levels to indicate student proficiency in achievement on report cards.

4 Exceeding Standards	3 Meeting Standards	2 Approaching Standards	1 Attempting Standards	0 No Evidence
<b>Student consistently exceeds proficiency:</b> <ul style="list-style-type: none"> <li>➤ Demonstrates a deeper understanding of the standards</li> <li>➤ Evidence of learning extends to higher-level thinking strategies or creative connectedness</li> </ul>	<b>Student consistently meets proficiency:</b> <ul style="list-style-type: none"> <li>➤ Demonstrates understanding of the standards</li> <li>➤ Evidence of the learning contains few or minor errors</li> </ul>	<b>Student approaching proficiency:</b> <ul style="list-style-type: none"> <li>➤ Demonstrates a basic understanding of the standards with gaps and errors</li> <li>➤ Evidence of learning is inconsistent or incomplete</li> </ul>	<b>Student needs improvement to meet proficiency:</b> <ul style="list-style-type: none"> <li>➤ Demonstrates unclear or minimal understanding of the standards</li> <li>➤ Evidence of learning is minimal</li> </ul>	<b>Student</b> <ul style="list-style-type: none"> <li>➤ No evidence to assess</li> </ul>

### Lifelong Learning Skills Grading Rubric for Grades K-5

To provide a deeper, more accurate, and much more comprehensive picture of what a student accomplishes, the student's academics are separated from conduct.

Symbol	Definition
+	<b>Excellent:</b> Consistently and independently demonstrates behaviors, attitudes, and effort toward the stated goal.
^	<b>Satisfactory:</b> Generally demonstrates behaviors, attitude, and effort toward the stated goal with few reminders.
~	<b>Needs Improvement:</b> Needs frequent reminders to demonstrate appropriate behavior, attitude, or effort toward the stated goal.

### **Parent/Caregiver Conferences**

Formal parent/caregiver-teacher conferences are held twice a year for all students. The first semester conference is scheduled for Thursday, October 24, 4-8 pm, and Friday, October 25, (no school held) 7:30-11:30 am. The second semester conference is scheduled for Thursday, February 27, 4-8 pm, and Friday, February 28, (no school held) 7:30-11:30 am. Other conferences may be scheduled during the school year as needed. School conferences may be held on these scheduled dates/times or may be scheduled at other times within the week of conferences.

During each school year, our goal is to help each student develop new skills and to become excited about learning. Report cards, conferences, and ongoing contacts between school and parents/caregivers help us to communicate and support each student during their elementary school years.

### **Curriculum Review by Parents/Caregivers**

The Sun Prairie Area School District is committed to providing each student a balanced and well-rounded education. The school district recognizes the rights of parents/caregivers to inspect instructional materials and to choose not to have their child participate in certain educational programs or activities. The School Board also recognizes that reasonable accommodations related to academic requirements may need to be made at times because of a student's religious beliefs, [Policy IFF](#) and [IND](#). Parents/caregivers may bring specific requests to the school principal.

### **Promotion Requirements**

Students at all grade levels who meet district requirements consistent with state law and Board Policy will be promoted at the end of each respective school year.

Our site based Student Support Team (SST) will evaluate the student's growth and make recommendations for further interventions. This team consists of the Principal working in conjunction with a School Psychologist, Social Worker, Reading Specialist, the classroom teachers, and the student's parents/caregivers. For more information see [Policy IKE](#) and [Procedure IKE-R](#) or contact your school's principal.

### **Homework**

The amount of homework a student receives is different at each grade level, but reading nightly is a consistent expectation from kindergarten through 5th grade. Student work habits, skill levels, and ability to finish work in class will also affect the amount of homework or time spent completing homework. Teachers communicate homework expectations to students and parents/caregivers through written notes and/or electronic communications.

Parents/caregivers can help by asking the child what they learned each day by checking their child's backpack after school each day. By taking time to talk about completed work and reviewing homework assignments, parents/caregivers can support their child's learning. If parents have questions or concerns about their child's homework, they are encouraged to contact their child's classroom teacher.

## SERVICES FOR STUDENTS

### **Multilingual Learners (ML)**

Identified Multilingual Language Learners receive content and language development support, which may include native language support when available, in a variety of educational settings. This service helps students understand and develop grade level academic skills in the four domains of language: listening, speaking, reading, and writing. For more information, contact your child's teacher, the school principal, or the ML teacher at your child's school.

### **Spanish/English Dual Language Immersion (DLI)**

This program is available for Spanish-speaking students in Kindergarten and 1st grade from Creekside, Eastside, Royal Oaks, Northside and Westside Elementary Schools. Limited access is also provided to speakers of languages other than Spanish through an application and lottery system. More information can be found on our [DLI website](#). This program will expand to the next grade level as students in the program move up in grade levels.

### **Advanced Learner Program (ALP)**

Advanced learner program specialists support classroom teachers in providing differentiated and enrichment opportunities to meet the individual needs of advanced learner students. Furthermore, specialists will coordinate assessments as needed for identification purposes. For more information, contact the school principal or the advanced learner specialist.

### **Learning Strategists**

Learning Strategist teachers assist classroom teachers in choosing materials and using strategies that will improve students' reading skills. Some students may benefit from supplemental instruction from either their classroom teacher or the Learning Strategist. For more information, contact your child's teacher, the school principal, or the reading resource teacher at your child's school.

### **Student Support Team (SST)**

SST is a group of teachers and other school personnel who meet to find ways to address the unique needs of individual students. SST assists teachers and parents with:

- Identifying student strengths, needs, and challenges
- Identifying strategies to support student growth
- Reviewing information about students and discussing ways to meet those needs in the regular classroom
- Coordinating school efforts to meet student needs
- Assisting with referrals for evaluation (i.e., Advanced Learners, 504, special education)
- Developing a modification or Section 504 Accommodation Plan as needed

If you have concerns about your child, contact your child's teacher, school counselor, school social worker, school psychologist, school principal, or the Director of Student Services. When a student is referred to the school Student Support Team (SST), the parent/caregiver will be notified and invited to the SST meeting. At that meeting, a lead person will be assigned to follow the student's progress and communicate with parents/caregivers.

### **SECTION 504 OF THE REHABILITATION ACT OF 1973**

Section 504 protects people with disabilities from discrimination in the workplace or in schools. In schools, a student with a disability has the right to access an education and related opportunities/benefits equal to those offered to students without disabilities. [This brochure](#) has been developed to answer questions caregivers have about Section 504. For more information, contact the Associate Principal or the SST Coordinator at your child's school.

## Special Education

Special Education supports and services are provided to students who have found to be eligible under criteria established through the Individuals with Disabilities Education Act (IDEA). In Sun Prairie, students with disabilities receive their special education services in their attendance area school. Special education teachers collaborate with classroom teachers to provide services within each child's least restrictive educational environment. Upon request, the Sun Prairie Area School District is required to evaluate a child for eligibility for special education services. If you have questions about special education, please contact your child's special education teacher or the associate principal in your child's school.

## Library Media Center (LMC)

Each elementary school has an LMC that loans books and other resources to students. The following practices are used in all elementary schools so materials are in good condition and can be used by many students:

- Books are checked out for two weeks.
- The quantity of materials students may check out is at the discretion of the on-site library media specialist.
- Once a student has checked out books at their limit, additional books may not be checked out until the others are returned. School staff will work with families on getting books returned so others may be checked out.
- There are no fines for overdue materials. Students will be reminded of overdue items when they check out new materials.
- Students and parents will be given reminders of overdue materials at least once each quarter.
- Lost or damaged materials must be paid for at the cost of buying a replacement (if available) or as follows: **Paperbacks: \$5.00**      **Hardcovers: \$20.00**      **Magazines: \$4.00**
- Lost or damaged materials that are not returned or paid for will stay on the student's record from year to year and the librarian will continue to work with the student and family.
- Student use of the library facility will not be limited because of overdue or lost materials.
- If you find the lost book/magazine after you paid to replace it, please return it to the school to receive a refund.

## Technology/Communication Resources used by Students

Students have access to technology and communication resources, including email accounts for students in grades 4 and 5. It is expected that students will use these tools for educational purposes. Students found to be misusing these tools may have those privileges removed. School disciplinary actions will be taken at the discretion of the school administrator. [Policy IIBGA](#) and [Procedure IIBGA-R](#)

## Participation in Physical Education and/or Recess

If a student comes to school but is not able to participate in physical education class and/or recess, it is important that the parent/caregiver write a note to the student's classroom teacher. If the student cannot participate in physical education and/or recess for more than three days, a note from a licensed practitioner (physician assistant or nurse practitioner working under a licensed practitioner) is needed.

## Orchestra Program

Fifth grade students are encouraged to learn to play a string instrument and join the orchestra program. There is an instrument rental fee charged by the district or private supplier. If a family feels they cannot afford to pay the rental fee, they may fill out a waiver form that is available in each elementary school office.

## Student Services Team

The Student Services Team at each elementary school includes a School Counselor, School Psychologist, and School Social Worker, as well as administrators and others. This team supports students and caregivers within an integrated service delivery model that can include classwide

instruction, small group intervention, individual student support, crisis response, and connecting caregivers and families to wraparound community assistance.

### **Field Trips**

Field trips are an important part of a teaching unit and are usually taken at the same time of year when a unit is being taught. Field trips can be positive learning experiences for students. While on a field trip, all students need to show safe and respectful behavior both on the bus and in public settings.

Consent for student field trips is given during enrollment. Information about upcoming field trips will be provided to parents/caregivers in advance for information.

### **Extracurricular Activities**

Each elementary school offers students a variety of extracurricular and after-school activities. If a student attends an after-school activity, it is important that the parent/caregiver arranges for the student to be transported home when the activity ends. Information about scheduled activities will be sent home during the school year. If transportation is a barrier for your child to participate in extracurricular activities, please contact your school's main office.

### **Movie/Video Viewing**

Parents/caregivers will receive information if a non-educational movie will be shown at school. The information will include the reason for the movie (i.e. celebration, reward). Only "G" rated movies will be shown unless parent/caregiver permission is given ahead of time. No movies rated above "PG" will be shown at the elementary level. [Procedure IIAC-R\(1\)](#)

## HEALTH INFORMATION

### Roles of the Health Services Staff

Health services are provided by a district health nurse with health assistants at each school building. The health assistants provide first aid to students, give medications and treatments, keep health care records, monitor immunization reports, complete hearing and vision screenings, and screen for communicable diseases.

School staff, students, or parents/caregivers can contact the district health nurse at (608) 318-8106 to report concerns or ask questions. Copies of the District Health Services Handbook are available to families upon request.

### Immunization Requirements

Per the Wisconsin Student Immunization Law, there are required immunizations for each age/grade level. To learn more about requirements see the [DHS website](#). These requirements can be waived for health, religious, or personal conviction reasons. Additional immunizations may be recommended for your child depending on his/her age. Please contact your doctor or local health department to determine if your child needs additional immunizations.

### Guidelines for Assessing Your Child's Health

You should keep your child home from school if he/she is showing any of the following symptoms:

- A fever over 100.4 degrees
- Vomiting or diarrhea
- Rashes, if with fever, spreading, or itching
- Some communicable diseases, like strep throat, require your child to be on treatment or be symptom free for 24 hours before returning to school

If a student becomes ill or injured at school, a parent/caregiver will be contacted. If a parent/caregiver cannot be reached, we will call the emergency contact person(s).

### Latex Allergies

**LATEX** balloons are not allowed in school as they pose a problem for students with a latex allergy. Mylar balloons are permitted.

### Medications

An elementary student may not administer their own medication with the exception of an asthma inhaler and/or epinephrine auto injector. A [school medication form](#) needs to be completed before school staff can administer any prescription or over the counter medication. All medication must be in the original, labeled bottle.

If you have any questions about your child's medication or health concerns, please contact the health assistant or the district health nurse. Policy [JHCD](#), [JHCD-R](#)

## SCHOOL NUTRITION PROGRAM

### School Breakfast/Lunch Program

We are pleased to offer all students breakfast and lunch at school daily. The [Nutrislice](#) school breakfast and lunch menus will be posted online monthly and are subject to change. The Sun Prairie Area School District provides meals at **no charge to those students who are eligible under the USDA federal guidelines** for free & reduced meal status. Application forms for these meals will be mailed to all families prior to the start of the 2024-2025 school year, can be sent electronically from parents directly to the Nutrition Office through the parent portal in Infinite Campus, are available in the school office and will also be available at the District Service Center, 501 S. Bird St, Sun Prairie, WI, 53590. Students are also welcome to pack a lunch and supplement with a la carte items. An emphasis will be placed on wholesome and healthy snacks - please see the [Wellness Policy JHK](#) and [Implementation JHK-R](#). If students qualify for a free or reduced price meal at lunchtime they also qualify for a free or reduced price breakfast. Note: reduced price meals will be free for the 2024-25 school year. Families that choose to purchase breakfast and/or lunch at school are welcome to put money in their student's meal account to purchase these meals. For the most current meal pricing information, please visit the district website, <https://sunprairie.nutrislice.com/>. The 2024-25 meal pricing will be available August 2024.

### Student Meal Account and Payment System

All schools operate in the Infinite Campus computerized lunch accounting system which tracks your children's purchases and payments. We ask that parents/caregivers prepay student's lunch accounts through Infinite Campus Parent Portal or by putting money in a special prepayment envelope. These envelopes are available at each school office or the school nutrition office located at the District Support Center, 501 S. Bird St, Sun Prairie, WI, 53590.

Students will be required to enter their 5-digit student identification number (ID) at the cashier stand when eating school breakfast and lunch during meal periods. Any meals or a la carte items purchased will be deducted from the student's account.

Infinite Campus (IC) may be accessed in the following way:

- From the District Website [sunprairieschools.org](http://sunprairieschools.org), Main Menu, click on Infinite Campus
- Log in to Infinite Campus with your username and password.
- If you need assistance accessing Infinite Campus, please [click here](#) or call 608-834-6571.
- For general questions about Infinite Campus, please [click here](#).
- Applications for Free/Reduced Meals are available through Infinite Campus that may be sent electronically to the Nutrition Office.

Some important information about Infinite Campus prepayments:

- You can make payments in multiple children's accounts in one transaction.
- You can access the student transaction history for all purchased items.
- As a reminder to make a payment, a message will be sent to the parent/caregiver if your student's balance falls below \$9.00.
- Returned Checks - The School Board has approved a \$25.00 fee to be charged for each non-sufficient fund (NSF) check written to the school district. If the district receives an NSF check, only cash will be accepted.

If your student forgets their lunch or you would like to bring them a special lunch, please only bring in food for your student. Please do not bring in food for other students. We do not accept lunches delivered by a delivery service. If students bring a sack lunch from home, milk may be purchased through the student's lunch account.

### Donations

Each year we have a percentage of our families who are unable to pay for their children's school meals. Will you be a Hunger Hero for Sun Prairie students? If so, please make a tax-deductible donation to the SPARC Local Action Fund, a 501(c)3 non-profit organization.

***To make a donation online:***

Go to: <https://www.sunprairieschools.org/departments/school-nutrition-wellness>. Be sure to write Hunger Hero Fund in the “instructions to seller” space on PayPal.

***To make a donation in person:***

Please visit the School Nutrition Department located at 501 S. Bird St, Sun Prairie WI 53590. Be sure to write Hunger Hero Fund in the memo line of your check or you may pay by cash and receive a receipt.

**Food Accommodations**

If a student has been determined by a licensed physician to need special meal accommodations that would prevent the student from eating a regular school meal, the school will provide substitutions in foods when supported by a medical statement signed by a licensed physician. Before any special diet or food or food texture modifications will be made, a diet order form must be completed, signed by a licensed physician and the student’s parent/caregiver. The medical statement must specify the need for accommodations and the required food omissions and substitutions. The food service representative cannot make substitutions unless they are specified in the medical statement.

Students will receive information about cafeteria routines from the classroom teacher.

If there is no medical statement form on file, students will need to avoid these foods as they go through the serving lines.

**Wellness**

The Sun Prairie Area School District has a wellness policy that promotes lifelong wellness behaviors and links healthy nutrition and exercise to students’ overall physical well-being. Healthy eating behaviors and regular physical activity are essential for students to achieve their full academic and life potential. [Policy JHK, JHK-R](#)

More nutritional information:

[Choose MyPlate](#)

[Healthier Eating Made Easy](#)

### School Closings

If it becomes necessary to call off school because of poor weather conditions or other reasons, an announcement will be made before 6:30 a.m. on the district website, [sunprairieschools.org](http://sunprairieschools.org), and on local radio and television stations. Families will be notified through phone calls, emails, and text messages sent directly to parents/caregivers to their contact information provided in Infinite Campus. It is very important that families keep their contact info updated for this reason. *i.e. Parents/caregivers will receive BBM messages via voicemail, email and text messages as indicated in the contact information on file in the SP4K office. This is very important since families will be able to be kept up to date with accurate information about the situation.*

**Please do not call the school or the bus company regarding school closings.**

When the start of the school day is delayed for 1-2 hours, it is important that students do not arrive at school until the stated starting time.

Just in case it becomes necessary to send students home from school early due to bad weather or other reasons, parents/caregivers should make a plan with their children so they will know what to do.

If an emergency evacuation happens during the school day, students and staff will be moved to an emergency site. They will remain at that site until it is safe to return to their classrooms and regular schedule. If for some reason they cannot return to school, parents/caregivers will be notified of the emergency situation and the pick-up site. Families will be contacted with pertinent information and instructions. [Procedure EBCD-R](#)

### Weather Rules

The school district provides recess to give students time to play and exercise. All students are expected to go outside during recess. It's important that parents/caregivers assist their children with dressing appropriately for the day's weather.

If a student needs to remain indoors when coming back to school after an illness or injury, please provide written verification from your child's health care provider.

The school district has guidelines for staying indoors during inclement weather or when the air or extreme cold (wind chill) temperature is at or below 0°F. The school principal will check local weather websites for temperature and extreme cold (wind chill) factors. School administration will also limit outdoor activities based on heat and/or air quality. Please refer to our website for [School Delays & Closings](#).

### School Visitors

To ensure the safety of our students, **ALL school visitors must enter the building using the main entrance, sign in at the school office and pick up a visitor's pass to have during their visit.** Be prepared to present a photo ID. Other building doors will be locked during school hours. [Policy KK](#) and [Procedure KK-R](#)

Students enjoy having their parents/caregivers visit class. Parents/caregivers are invited to take an hour or two each semester to visit their child's classroom while classes are in session. Please arrange these visits ahead of time through the principal's office. When the classroom teacher is aware of your visit, the teacher will be able to give you the day's schedule. We want to make your visit as meaningful as possible. **School-age friends and relatives may not visit during the school day.** If the school principal approves an exception, the visit will be limited to **1½ hours per day**.

### School Volunteers

The safety of students and staff in our schools is important. Therefore, all adults who volunteer in the schools for educational purposes, want to chaperone a field trip, or have access to confidential student

information and/or unsupervised contact with students **must have a criminal background check**. A person will not be allowed to volunteer in the schools until cleared by the Human Resources Department. After the criminal background check is completed, approved volunteers will be given an identification badge to wear at all times while volunteering in the schools. Volunteers need to notify the Human Resources Department immediately if their arrest or conviction record changes. School principals have the authority to make decisions about volunteers and their duties in the schools. Volunteers will be approved for a three-year time period.

### **School Safety Drills**

Each year, the students and staff will conduct safety drills related to practicing Emergency Procedures. These include monthly fire drills and other less frequent drills for tornado/severe weather and active threat drills. Parents/caregivers will be notified when active threat drills occur at school.

### **School Telephone**

Since school telephones are business phones, students will be given permission to call a parent/caregiver only when necessary. Please discuss after-school plans with your child before leaving for school.

### **Parent Parking**

Each elementary school has areas for parent/caregiver parking and pick-up and drop-off areas. It's important that parents/caregivers follow school traffic rules for the safety of our students. Please remind children not to play, run, or ride through parking areas.

### **Non-Motorized Vehicles on School Grounds**

Bicycles must be parked in the bike racks on school grounds and must be locked. Skateboards, scooters, rollerblades, and shoes with wheels must be put in lockers during school hours. **The school is not responsible for lost or damaged items.** For the safety of others, students must walk or carry their transportation items on school grounds between 7:30 am-3:30 pm.

### **Lockers/Coat Hook Areas**

Each school provides a locker or coat hook area for students. Students are encouraged to keep their storage areas clean. Padlocks are not to be used on elementary lockers unless the school principal decides there is a special need for one. The locker is assigned to the student with the understanding that it is not the student's private property and that school authorities reserve the right to open and inspect the locker at any time. [Policy JFH](#)

### **Clothing**

School leaders and staff feel that students should take pride in their appearance and respect individual expression through dress. Through the dress code, we seek to foster a welcoming school climate that leads to meaningful teaching and learning. The district has established a dress code in order to maintain health, safety, and emotional well-being, and support a positive educational environment. Dressing in accordance with this dress code is the responsibility of the student and his/her parents/caregivers.

Clothing guidelines and expectations for special occasions (i.e. spirit days, etc.) will be communicated by the school administration. In addition, clothing or accessories that are directly related to a student's sincerely-held religious belief or observance are allowed.

In the event that a student's choice of dress is deemed to be out of compliance, every effort will be made to remediate the situation at a time that is least disruptive to learning. Remediation may include asking the student to change clothing, contacting the parent/caregiver, and/or providing clothing to gain compliance with these guidelines. Students refusing to change or cover inappropriate dress may face additional disciplinary consequences.

Specific expectations include the following:

1. Any clothing or headgear with writings, pictures, or logos that in the opinion of school officials is vulgar, lewd, obscene, or promotes drugs, alcohol, sex, violence, racism, or gang activities is not

acceptable during school hours or at school-sponsored activities, including arrival and dismissal times.

2. Clothing may not be see-through or revealing of genitalia and no undergarments may be visible at any time. Clothing must completely cover the chest, stomach, genitals, and buttocks.
3. Students must wear shoes at all times.
4. Sunglasses are not permitted to be worn inside the school building unless required for a documented medical reason. Costume masks are not permitted to be worn inside the school building or at school activities.
5. Blankets may not be worn at school.

### **Personal Items From Home**

A student who chooses to bring a personal item to school takes full responsibility if the item is lost, stolen, or broken. When a student brings a personal item to school that distracts from teaching and learning, causes conflict, or maybe dangerous to the student and others, that item can be deemed inappropriate and not allowed at school. The school principal will keep the item until the parent/caregiver can come to school to get it.

### **Pets**

Pets or other animals are not allowed at school unless they are visiting for educational purposes. If a class is studying a unit on pets, the teacher may ask some students to bring their pets to school for a short time during the day. **All pet visits must be pre-approved by the school principal.** Per school district policy and procedure service animals are permitted in compliance with the Americans with Disabilities Act. For more information please see [Policy INGA](#) and Procedure [INGA-R](#).

## STUDENT BEHAVIOR AND PERSONAL DEVELOPMENT

Each elementary school prioritizes the student's personal development of habits, skills, and attributes that support emotional development, self-concept, and social competence. This includes opportunities to access high quality social emotional learning (SEL) instruction, evidence-based teachers practices, and the integration of social emotional competencies into the learning environments. Some strategies in our comprehensive SEL model include Responsive Classroom, Welcoming Schools, and the Second Step Universal SEL curriculum.

Restorative practices are used to emphasize community-building in order to prevent, respond to and repair harm, and to restore relationships and the community. A sense of school connectedness and belonging exists through the development of caring, nurturing, and supportive relationships between and among students and adults so that students have a positive experience at school.

Positive Behavioral Interventions and Supports (PBIS) is an equitable, universal, proactive system of positive and consistent teaching and re-teaching of skills and expectations. PBIS is a system that acknowledges both successes and errors through targeted, specific feedback and uses data to inform our priority teaching in our school communities. The 5 PBIS 5 Practice Areas are: 1) Defined Expectations, 2) Positive Feedback/Acknowledgment, 3) Targeted Instruction, 4) Data Monitoring, and 5) Stakeholder Engagement.

### **Personal Electronic Devices**

"Personal electronic devices" are defined as personally-owned cellular telephones, personal digital assistants, personal media devices, electronic games, digital cameras, smartwatches, personal laptops/computers, bluetooth headphones, or any other electronic device with communications functions and/or the capability to capture, record, transmit, and/or playback voice or image information. [Policy JFCK](#) This includes MP3 players, iPods, iPads, etc. School issued devices are the only acceptable electronic devices allowable at school.

Students who use an electronic device to record other students and/or staff and/or share videos/images of students and/or staff during the school day, to and from school, or at school-sponsored events may be subject to disciplinary action.

If students choose to bring an electronic device to school it must remain stored in the locker, powered off, and unused throughout the entirety of the school day which includes the period of time between the beginning of the first class and end of the last class of the school day; while being transported in authorized district vehicles during the school day, unless explicitly permitted by the transportation provider, driver of the vehicle, and/or chaperone of the trip.

Students have full responsibility for the care and protection of personal electronic devices that are brought to school. The school and school district will not be responsible for devices that are damaged, lost or stolen. This is true even if the device has to be confiscated for violation of [Policy JFCK, Possession of Personal Electronic Devices](#).

Any student who possesses or uses a personal electronic device and/or associated equipment in a manner that violates this policy or any other policy or school rule shall be subject to consequences, including, but not necessarily limited to, disciplinary action, required the surrender of the personal electronic device, and/or potentially having his/her/their right to possess a personal electronic device at school further restricted by the school principal or his/her/their designee. When a school employee confiscates a personal electronic device, the device shall be appropriately secured and returned to the student or to a parent/guardian in accordance with school procedures.

### **Tools for Parents/Caregivers:**

By being informed about how devices are being used, parents/caregivers can promote the appropriate use of cell phones by students. Parents/caregivers are encouraged to:

1. Look at the messages that students send and receive on their cell phones
2. Look at the websites that students are visiting
3. Look at the time of day that students are making calls and sending messages
4. Check their child's social media sites, such as Facebook, Twitter, Tumblr, SnapChat, Instagram, and TikTok
5. Look at the photos and videos that students have on their devices
6. Check messages for signs of bullying, sexting, and harassment
7. Look at the apps that are installed on the device
8. Talk with their student about appropriate and mature use
9. Remind students that once something is sent it can not be stopped
10. Talk with students about the risks of giving out personal information to strangers

### **Many cell phone carriers provide parental controls, such as:**

1. Internet filters that prevent access to certain websites
2. Usage controls that limit the number of calls, text messages, and internet usage
3. Usage controls that limit the time of day the phone is used and the phone numbers that can be contacted
4. Location monitoring shows the phone's location.  
Check with your cell service provider to see which controls are available.

### **Student Behavioral Expectations and Response**

Each elementary school has developed community behavioral expectations in order to foster a positive and safe place to learn for all students. It is our belief that school rules are important, and when students demonstrate these behaviors, they are celebrated. The purpose of responding to behavioral errors is to teach students to make positive choices. Students are expected to follow school rules. If a problem arises, a parent/caregiver will be contacted. We need and value your support. [Procedure JFCE-R](#)

Behavioral expectations apply at all times when students are at school, on school grounds, riding school buses, or attending any school-sponsored activity, including events off school grounds. Behaviors that do not align with expectations will elicit a response from school staff. Minor behavioral concerns will be handled within the classroom or through informal / restorative approaches. This includes minor conflict among students, refusal to follow directions, use of profanity, and other violations of building expectations.

More serious behavior concerns will be addressed with a variety of responses and will be documented in the student's behavioral file. Most responses will include additional instruction and/or restorative practices. These serious behaviors may also result in more serious consequences, including in-school suspension, out-of-school suspension, or a referral for expulsion.

Such as the following:

1. **Alcohol / Tobacco / Drugs / Vaping** – At the elementary level, students learn about these subjects in health lessons. If a student possesses or uses tobacco, alcohol, or any other controlled substances on school grounds or during school-sponsored events, the steps in Procedures [JFCH-R](#) and [KGB-R](#) will be followed. The Sun Prairie Area School District provides a smoke-free, drug-free environment for all people. Adults or other visitors who use tobacco or controlled substances on school grounds will be asked to leave.
2. **Bullying / Cyberbullying / Hazing** – Students may not engage in bullying, cyber-bullying, or hazing of another student. All types of bullying, cyberbullying, and hazing are prohibited. Please see District Policy [JBA](#) for more information. Students and their families may use Form [JBA-F](#) to report instances of bullying.

3. **Discriminatory Harassment** – Students may not engage in any physical or verbal conduct or communication that creates an intimidating, hostile, or offensive educational or work environment based on another person’s sex, color, religion, profession or demonstration of belief or non-belief, race, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability. Please see District Policy [JB](#) and District Procedure [JB-R](#) for more information. Students and their families may use Form [JB-F\(1\)](#) to report instances of harassment.
4. **Physical Altercations** – Students may not engage in physical confrontations (including slapping, punching, kicking, etc.) or in physical aggression that causes a disturbance or injury to others.
5. **School Threat** – Students may not make any threat (verbally, in writing, or electronically) to bomb or other weapon for the purpose of exploding, burning, causing damage to a school building or school property or harming students or staff.
6. **Weapons** – Students may not bring to school any item designed to or capable of harming others. This includes, but is not limited to, guns, knives, martial arts weapons, ice picks, box cutters, pellet or BB guns, and explosive devices. This includes toy weapons or imitation weapons. Policy [JFCJ](#) and Procedure [JFCJ-R](#) for more information.
7. **Other Serious Behaviors or Repeated Behaviors** – Students may not violate other school policies, laws, or local ordinances. Such offenses are not typically seen at the elementary level but could include, but are not limited to, damage to property, sexual offenses, or other acts that harm or pose a threat to others. Repeated offenses of a less severe nature may result in progressive consequences and lead to more serious consequences.

It is the policy of the Sun Prairie Area School District to provide a safe and healthy environment for everyone on its premises. Video surveillance may be used to promote the order, safety, and security of students, staff, visitors, and property. Video cameras will be used in accordance with [Policy JFHA](#), Surveillance Cameras.

### **Anonymous Tip Line**

We ask that if parents/caregivers, students, and/or staff notice concerning behaviors in others that they bring this to our attention. We encourage anyone who hears or sees something of concern to report that information to school administrators, school resource officers, or to use the [Electronic Safety Tip Line](#) on our website to report anonymously. The Sun Prairie Police Department and the Sun Prairie Area School District have also set up an anonymous tip line that students or staff may use to report information about school-related crimes. **The number to call is 837-6300.** Calls made to this number cannot be traced. Students and staff are encouraged to use this number, when needed, to help make our schools safer.

## BUSING INFORMATION

The major objectives of the student transportation program are to:

1. Provide safe transportation;
2. Maintain a climate that is conducive to the emotional, social, and physical well-being of the students;
3. Adapt transportation to the requirements of the instructional program; and
4. Operate an efficient, economical transportation system.

### Transportation Eligibility

Transportation eligibility is determined based on a student's primary address. The primary address must be within the district boundaries. Elementary students who reside more than one (1.0) mile from their assigned school are eligible for transportation services. Open enrollment students, students attending under tuition waiver, and non-resident students paying tuition do not qualify for transportation services.

Students who reside in an "Unusually Hazardous Transportation Area," as determined by the Dane County Sheriff's Department, will also be eligible for transportation services.

Students who are assigned to a school outside of their attendance area shall be provided transportation. If students live in the walk zone of the school in their attendance area, they must walk to that school, and from there shall receive shuttle transportation to the assigned school. Students who would normally be bused to the attendance area school shall be bused to the assigned school, but this may involve a transfer at a school location.

### Bus Guidelines for Routing and Scheduling

Bus route information will be distributed to all eligible students two weeks prior to the start of the school year. Bus route information will also be available in the Infinite Campus Parent Portal at that time.

Students will be issued a bus rider identification card, which they must carry with them and present to the driver upon request.

Students are to ride on their assigned bus. Students who are not bus riders may not ride the bus with other students. It is important that parents make personal arrangements for the transportation of students who wish to visit a friend's home.

Changes in routes may occur from year to year as students move in and out of the district. Questions about routes and related information can be directed to Kobussen Buses at **(608) 825-8700**.

### Student Contact and Discipline on the Bus

School bus transportation is a privilege, not a right. A complete list of bus rules is explained in District [Procedure EE-R](#), Transportation Services. These rules are in place to protect the safety of all students on the bus.

A student's parent/caregiver is responsible for their child's safety before they board the bus to school and after they get off the bus on the return trip. The cooperation of everyone – students, parents/caregivers, school staff, and the bus company – is important to protect the safety of all bus riders.

The bus driver is in charge of supervising students and enforcing the rules. If a student does not follow the bus rules, the driver will complete a bus conduct report and submit it to the school administration or designee. The administrator or designee is responsible for reviewing the report, discussing with the student and/or parent/caregiver, and administering warranted discipline. Disciplinary actions that may be considered or enacted by the school administration or designee may include a private discussion with the child, an assigned seat, a parent/caregiver conference or removal from the bus. Parents/caregivers will receive a copy of the bus referral.

**Video/Audio Use on School Buses**

The district may utilize audio/video monitoring and recording equipment on school buses for the primary purpose of, but not limited to, maintaining a safe and orderly educational environment, for identifying and reducing disciplinary issues, minimizing theft and vandalism, and for the intent of providing safer transportation for all students.

Parents/caregivers will be notified once a year via the student handbook that video/audio recording systems are being used on buses. Entering or riding a District school bus constitutes consent to the audio/video recording. Any person who takes action to block, move, or alter the location and/or viewing angle of a video camera shall be subject to disciplinary action.

**Bus Evacuation Drills**

Each yellow school bus carrying public or parochial pupils will hold two emergency evacuation drills during the school year. Such drills will follow guidelines that are developed jointly by the district and the contractor. One evacuation drill will be held prior to the last day of October, and another drill will be held prior to the last day of April. [Policy EE](#)

## STUDENT INFORMATION

### Student Records

The Sun Prairie Area School District maintains student records for each student attending school in the district. State and federal laws require that the maintenance of such records assure confidentiality.

[Exhibit JO-E\(1\)](#)

### NOTIFICATION OF RIGHTS UNDER THE PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)

Protection of Pupil Rights Amendment (PPRA) affords parents and students who are 18 or emancipated minors (“eligible students”) certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education.

1. Political affiliations or beliefs of the student or the student’s parent/caregiver
2. Mental and psychological problems of the student or the student’s family
3. Sex behavior or attitudes
4. Illegal, anti-social, self-incriminating, or demeaning behavior
5. Critical appraisals of other individuals with whom students have close family relationships
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers
7. Religious practices, affiliations or beliefs of the student or student’s parent/caregiver
8. Income, other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program

Receive notice and an opportunity to opt a student out of:

1. Any other protected information survey, regardless of funding
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision or scoliosis screenings, or any physical exam or screening permitted or required under state law
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others

Inspect, upon request and before administration or use:

1. Protected information surveys of students
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes
3. Instructional material used as part of the educational curriculum

The District will directly notify parents/caregivers and eligible students on an annual basis of the specific or approximate dates of the following activities and provide an opportunity to opt a student out of participating in:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution
- Administration of any protected information survey not funded in whole or in part by the U.S. Department of Education
- Any non-emergency, invasive physical examination or screening as described above

# Sun Prairie Area School District

Futures depend on us...every child, every day.

## K-5 Student/Parent/Caregiver Technology Guidelines 2024-2025

## Digital Learning in the Sun Prairie Area School District

The Sun Prairie Area School District (SPASD) believes it is essential to provide a digital platform to further the educational goals and mission of the District. Technology and digital tools provide unique and robust educational opportunities to a learning community. They give our students opportunities to become digitally literate Skills. SPASD educators have a professional responsibility to blend thoughtful use of digital tools with the curriculum and to provide guidance and instruction to students in the appropriate use of such resources. Active participation from parents/caregivers is essential to implementing a successful digital learning framework both on and off campus. The District supports 1:1 technology (a device for every student) in grades K-12.

The following guidelines summarize the expectations around the use of District networks, network resources, and technology. The term “network resources” refers to all aspects of the school’s owned or leased equipment. This includes, but is not limited to: computers, printers, scanners, and other peripherals; email, Internet services, servers, network files and folders; and all other technology-related equipment and services. These guidelines apply to any use of the school’s network resources whether this access occurs on or off campus. Technology used by students must be in compliance with [School Board Policy IIBGA](#) and [Procedure IIBGA-R](#).

### GENERAL DEVICE GUIDELINES

#### Device Ownership

- The Sun Prairie Area School District retains sole right of possession and ownership of all District provided devices, and grants permission to the student to use the device according to the rules and guidelines set forth in this document.
- Failure to follow these guidelines may result in disciplinary action, including but not limited to confiscation of any and all devices lent to the student and revocation of student access to District technology, as well as any other disciplinary action deemed appropriate by District policy or administration.

#### Equipment Provided

- All students in our elementary classrooms will have access to technology tools whenever it is deemed instructionally appropriate.
- Elementary students will have access to devices in a 1:1 manner. This means that all students K-5 will have a personal device assigned to them during school hours. These devices will remain at school and will be used at the discretion of the teacher. (Please see below for guidelines for taking home devices in case of school closure.)

#### Care and Maintenance of Device

- Students are responsible for general care of the District issued device.
- Students are expected to be responsible for using and handling the device.
- The device lid should be closed when being transported from place to place.
- The device is to be closed and stored in the school provided cart, plugged into a charger, when not in use.
- All District barcodes and labels must remain on the device and device accessories.
- Use caution with food or drink near the device. Any liquid damage to the device will be fined to the student.
- Maintain supervision over the device at all times to prevent it from being damaged, lost, or stolen.
- Never expose the device to extreme temperatures.
- Students in a 1:1 environment are allowed to personalize their device desktop through the legal downloading of screensavers, wallpaper, and other pictures. All items must be school appropriate and not violate District policy or rule.
- Personal stickers and other permanent markings on the outside of the device will not be allowed.

## Expected Use of Device

- Students are expected to return their device to the appropriate location each day after use.
- In a 1:1 classroom, it is the student's responsibility to follow procedures to properly charge their device so that it is ready to use each day.
- There will be a limited number of devices available in the Library Media Centers to be checked out as loaners for students in 1:1 classrooms if their original device is in need of repair.

## STUDENT ACCEPTABLE USE GUIDELINES

### Privacy, Safety, and Digital Citizenship

- It is our top priority to provide students with instruction around the safe, ethical, and appropriate use of technology in an increasingly digital world.
  - [SPASD K-12 Digital Citizenship Curriculum](#)
- In compliance with the Children's Internet Protection Act (CIPA), the District does everything feasible to keep students safe when using technology. This includes installing content filtering on all devices. Filtering technology is not foolproof. At times restricted content may not be blocked by filtering technology.
- The District does not control the content posted on the Internet, nor does it have control of incoming email. Sites and content accessible via the Internet may contain material that is defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, illegal, or otherwise inconsistent with the mission of the District.
- At school, students will have access to the Internet through the school network. Student devices can also access the Internet wherever it is available outside of school boundaries.
- The content filter will be active when students access the Internet outside of school boundaries. Therefore, sites that are "blocked" at school will also be "blocked" in other locations as well.
- Parent/or legal guardian supervision of technology use outside of school is of critical importance to ensuring student safety and compliance with District policies and federal, state, and local law.
  - [Educate Yourself using tools from Common Sense Media](#)
  - [Common Sense Media Family Tips](#)
- As digital learning becomes increasingly essential to our classrooms, online student educational data is collected to support student learning. SPASD is committed to following all federal and state education privacy laws and policies, including the Family Education Rights & Privacy Act (FERPA) and the Children's Online Privacy Protection Act (COPPA), to keep data about our students secure and protected.
  - [Learn more about SPASD Data and Privacy Practices here](#)

### General Student Use Guidelines

- The District expects students to adhere to School Board Policies [IIBGA](#) and [IIBGA-R](#) when using technology and the Internet.
- Students may not access, view, download, display, transmit, create, or otherwise possess or disseminate material that contains pornography, child pornography, obscenity, or sexually explicit, pervasively lewd and vulgar, indecent or inappropriate language, text, sounds or visual depictions.
- Students may not use any option that "remembers" your password. The easiest way to breach security is to allow someone to use your login. Anyone who has access to your account, even for a few minutes, has access to your email, your local data, your server account, and any website to which you saved your password.
- Students must not give out their home address or phone number to anyone on the Internet (this protects users from becoming potential victims of criminal intent).
- Students may not video record staff or other students without their consent or knowledge, this includes (but is not limited to): webcams, laptops, cameras, cell phones, or any other digital devices.
- Students will not use any account of another person or pretend to be someone else while online.

## Data and Storage

- It is the sole responsibility of the student to backup data as necessary.
- Students are encouraged to save all files to the cloud, rather than to the device.
- With a wireless Internet connection, Google documents and files can be accessed from any device, anywhere, at any time.
- Prior to leaving the District or graduating, students are encouraged to transfer any documents to a personal account.

## Email Guidelines

- Email is a valuable communication tool that promotes collaboration amongst students and faculty and improves the efficiency and effectiveness of their work.
- The following expectations will guide students in the effective use of email:
  - Students are expected to communicate with others in a responsible and respectful manner.
  - Students will use email for educational purposes only.
  - Students are expected to tell a trusted adult if they see anything (a message, email, comment, or other material) that is inappropriate or makes them uncomfortable.
  - Students will not send spam, harassing, or offensive email messages or content.
  - Students are expected to keep their passwords private.
  - Students will not use the email account of another person or pretend to be someone else while using email.

## Monitoring of Email

- Student email is monitored to provide safeguards that have been established to protect students from inappropriate email practices. Because email activity is considered the property of the District, no one (including staff) should have any expectation of privacy regarding such materials.
- All sent and received email messages will pass through Google's Message Security system.
- The District will retain a copy of all sent and received messages even if they are deleted.
- Filters are setup to monitor emails for profanity, harassment, and other inappropriate content.
- Student email that is identified as inappropriate will be blocked from delivery and instead will be sent to the school administration.
- At any time and without prior notice, the Sun Prairie Area School District reserves the right to further monitor, inspect, copy, review, and store any and all email correspondence.

***Email messages are not confidential and are considered public documents accessible to other parties under the Freedom of Information Act and other laws. Copies of all sent and received emails are sent to a separate account for review and retrieval by designated school officials.***

## Consequences

- Use of a device and any District network resource is necessary and essential for student learning. Access to the Internet may be limited or closely supervised when necessary to ensure effective student use of these resources.
- Any student who violates the technology rules and expectations listed will be subject to disciplinary action. If there is evidence that a violation has occurred, the school district administrator or designee will decide appropriate consequences in accordance with school policy and the law.
- Students and parents/or legal guardians should reference the applicable School Student Handbook, "**Behavior Guidelines**" section for additional information on student discipline.
- The school will cooperate fully with local, state, or federal officials in any investigation related to any illegal activities conducted through the school's electronic system or devices.

## GUIDELINES FOR DEVICE ASSISTANCE

### Technical Support

- The Library Media Center at each school will be the hub of device support and general troubleshooting.
- If a student device is broken, damaged, or fails to work properly, it must be reported to the Library Media Center as soon as possible.
- Library Media Centers will also house loaner devices and replacement devices if necessary.

### Damage/Replacement Policies

- Devices that are lost or stolen must be reported to the Library Media Center immediately. LMC staff will notify the administration, who will notify the police if necessary.
- The District reserves the right to fine the student and parent/or legal guardian the full cost of repair or replacement when the damage occurs due to intentional conduct or gross negligence as determined by the District. Examples of gross negligence include, but are not limited to:
  - Leaving equipment unattended and unlocked. This includes damage or loss resulting from an unattended and unlocked device while at school.
  - Lending equipment to others other than one's parents/or legal guardians.
  - Using equipment in an unsafe environment.
  - Using the equipment in an unsafe manner.
- In the event of damage to/loss of a device not covered by warranty and within the student's control, the student and parent/or legal guardian will be fined necessary replacement costs.
  - [Damage and Replacement Costs](#)
- The administration has the authority to waive fines if the cause of damage is judged to be beyond the student's control and is viewed as an accident.

Questions?

Please contact the Technology Department  
(608) 834-6518

## FREQUENTLY ASKED QUESTIONS:

1. I lost my device. What should I do?
  - Devices that are lost should be reported to the Library Media Center immediately. LMC staff will notify the administration and will work with you on the next steps.
2. The screen on my Chromebook or iPad is broken, where do I go to fix it?
  - If a student device is broken, damaged, or fails to work properly, it must be taken to the Library Media Center as soon as possible. There, the LMC staff will assist in filling out a work order for your device, and get you set up with a loaner for the time being. As the technicians work to fix your device, they will assess, then charge the cost of repair as appropriate.
3. If I am being fined for a repair or replacement, how will I get billed and/or pay for that fine?
  - This fee will be assessed to your account through infinite campus, and payments can be made there.
4. My child has special technology needs. How do I get a device that appropriately supports those needs?
  - Most assistive technology requests happen as part of the IEP process. If your child does have an IEP and is not receiving the appropriate assistive technology, contact their case manager to delineate the necessary next steps. If your child does not have an IEP but requires a different device to meet their learning needs, please contact your school's administration and they will assist you with the next steps.

## GUIDELINES FOR TAKE HOME DEVICES IN THE EVENT OF SCHOOL CLOSURE/VIRTUAL LEARNING

In the event of school closure making it necessary for students to engage in learning virtually, K-5 students may bring devices home as decided by the school/district. In this instance, students are responsible for bringing their devices to and from school as needed, and charging the devices overnight. Devices should be used for educational purposes only.

In accordance with the SPASD Acceptable Use of Technology Agreement for Students, parents/caregivers are responsible for monitoring their child's use of the internet and access to district technology resources including the device, district-issued email account, online learning spaces, collaboration tools, and educational resources. Parents/caregivers need to set clear expectations on appropriate use of electronic devices and limit access to the device in nonschool hours. If your child is not following your rules, you have the right to limit access to the device while at home.

### Equipment Provided for Students

- Each take home chromebook includes:
  - Chromebook, managed by the District network and identifiable by a SPASD asset tag
  - AC Charging Cord
  - Protective Bag or Case
- Each take home ipad includes:
  - iPad, managed by the District network and identifiable by a SPASD asset tag
  - Charging cord
  - Protective Case
