Greene County School System

Code of Student Conduct

2024-2025

The Greene County School System is committed to excellence in education and preparation of all our students with the knowledge, skills and ethics required for responsible citizenship and productive employment.

Code of Student Conduct

Georgia law requires the Greene County School System (“GCSS”) Board of Education to have policies “designed to improve the student learning environment by improving student behavior and discipline.” These policies must include a Code of Student Conduct (“Code”) that contains standards for student behavior and discipline consequences. This Code also states the GCSS’s guiding principles on school culture and climate through implementation of the Positive Behavioral Interventions and Supports (“PBIS”) framework in each GCSS school and through the use of objective, consistent, equitable, and progressive discipline when necessary. The Code will be taught by all teachers during the first two weeks of school. All students will receive a copy of the Code in their agendas and parents have access to the Code through the school district website at <https://www.greene.k12.ga.us/>.

Guiding Principles

The Greene County School System is committed to providing a safe and orderly environment and believes a positive school climate promotes a productive learning environment. Greene County schools use a PBIS framework to approach behavior and student discipline in a preventive manner. PBIS is an evidence-based framework that assists school teams in improving the quality of the school experience for all stakeholders. All Greene County schools have developed an individual PBIS plan that strives to teach students expected behaviors and acknowledges students when they are successful.

This Code is composed of policies, rules, and expectations by which order is established and maintained for the benefit of all stakeholders. Discipline within a school must have the qualities of objectivity, consistency, and equity. It is the responsibility of all school personnel, students, parents, external stakeholders, and the greater community to ensure the school environment encourages a climate conducive to learning.

This Code is intended to be an instructive policy based on interventions and supports for students. However, when consequences are warranted, they shall be implemented based on a system of progressive discipline. Minor infractions and first offenses have less serious consequences than major infractions and repeat offenses. Factors such as age, grade level, social, emotional and intellectual development, and overall student rights and responsibilities shall also be considered. Disciplinary issues will be resolved by every means possible prior to exclusion from school. Equitable and reasonable procedures will be followed to assure students of their rights.

Greene County School System expects all stakeholders to demonstrate mutual respect for the rights of others. It is expected that all involved in teaching and learning fully accept their responsibilities to model and practice the Guiding Principles: Participate Fully in the Learning Process, Contribute to a Safe and Productive School Environment, and Show Respect for Yourself and Others. Each school will create its own Behavior Expectations as part of their PBIS plan.

Student Conduct and Behavior

All GCSS students are expected to:

- Participate fully in the learning process. Students should report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, complete assignments to the best of their ability, and avoid disrupting the learning environment.
- Contribute to a safe and productive school environment. Students should comply with expected behaviors and avoid behaviors prohibited by the Code of Student Conduct.
- Show respect for yourself and others. Students should respect the knowledge and authority of teachers, administrators, and other school personnel. Students should follow directions and use acceptable and courteous language.

Positive Behavioral Interventions and Supports (PBIS)

Our commitment to a preventive approach to student behavior is reflected in our use of Positive Behavioral Interventions and Supports (“PBIS”). PBIS is an evidence-based framework that assists school teams in improving the quality of school life, otherwise known as “school climate.” Every GCSS school has developed an individual PBIS plan designed to create a positive school climate. PBIS is an evidence-based framework that assists school teams in implementing systems change. In general, the plans focus on (a) teaching expectations at the beginning of each year and re-teaching as needed, (b) acknowledging when students meet behavioral expectations, thus improving motivation and engagement, and (c) examining when, where, and why misbehaviors are occurring to find solutions and address unmet needs. PBIS plans focus on preventing problems by teaching expectations at the beginning of each year, reviewing expectations as necessary, and treating minor misbehavior as a learning opportunity. Teaching desired behaviors to reduce misconduct as much as possible is based on three principles:

- All behavior is learned;
- Any repeated behavior is serving a purpose for the student; and
- Student behavior can be changed.

Confidentiality Regarding Discipline

Confidentiality is an important part of student discipline. Federal and state law requires GCSS to protect the confidentiality of individual student information including any disciplinary action. In some circumstances, a student may be involved in a behavior incident that includes other students. GCSS may not provide information to parents about disciplinary actions imposed on students other than their own.

Scope of Code of Student Conduct

The Code of Student Conduct applies:

- On school property, including on school buses and at school bus stops in the community
- Off school property while attending and/or traveling to or from a school-related activity, function, or event
- Any conduct of a student outside of school hours or away from school, which could result in the student being criminally charged with a felony and which makes the student’s continued presence at school a potential danger to persons or property at the school or which disrupts the educational process. This may include conduct outside of school via social media. (O.C.G.A. §20-751.5(c)).

Student conduct on school buses is a very serious matter. Of particular note:

1. Students shall be prohibited from acts of physical violence, bullying, battery or physical assault, or verbal assault of other persons on the school bus; disrespectful conduct toward the school bus driver or other persons on the school bus; or other unruly behavior (O.C.G.A. § 20-2-751.5(b)(1)(A)).
2. Students shall be prohibited from using any electronic devices during the operation of a school bus (including cell phones, audible radios, headphones, or any other electronic device) in any manner that might interfere with the school bus communications equipment or the school bus driver's operation of the school bus.
3. Students shall be prohibited from using mirrors, lasers, flash cameras, or any other lights or reflective devices in a manner that might interfere with the school bus driver's operation of the school bus.

Behavior in this group includes, but is not limited to, the following types of action:

1. Failure to remain seated

Authority of School Leaders

The Principal is the designated leader of the school and, with the staff, is charged by the Superintendent with the safe and orderly operation of the school. In case of disciplinary violations not covered by this Code, the Principal may impose reasonable corrective measures which he or she believes to be in the best interest of the student involved and the school. The Progressive Discipline Guide contained herein is a guideline for school leaders to use when providing interventions and responses for student misbehavior. Based on the circumstances of a disciplinary violation, Principals have the authority and discretion to impose consequences ranked higher or lower or outside of the Progressive Discipline Guide than indicated for each behavior except in cases where state law requires certain actions.

Authority of the Teacher

The Superintendent fully supports the authority of principals and teachers in the school system to remove a student from the classroom pursuant to provisions of state law. Each teacher shall comply with the provisions of O.C.G.A. § 20-2-737 which requires the filing of a report by a teacher who has knowledge that a student has exhibited behavior that repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his or her class or with the ability of such student's classmates to learn, where such behavior is in violation of the code of student conduct. Such a report shall be filed with the principal or designee on the school day of the most recent occurrence of such behavior, shall not exceed one page, and shall describe the behavior. The principal or designee shall, within one school day after receiving such a report from a teacher, send to the student's parents or guardian a copy of the report and information regarding how the student's parents or guardians may contact the principal or designee. The principal or designee shall notify in writing the teacher and the student's parent/guardian of the discipline or student support services which have occurred.

Prevention and Progressive Discipline Actions

The prevention of student misbehavior by teaching appropriate behaviors is always preferable. The GCSS takes a school-wide approach to promoting positive behavior. The district strives to infuse social emotional learning into a culturally responsive curriculum that engages students. Faculty and staff meet regularly to ensure a comprehensive student support program is in place including counseling services, opportunities for social-emotional learning, student engagement opportunities, and behavioral supports to encourage and motivate prosocial student behavior and positive connection to the school environment. All schools have systems in place for early identification of students in need of intervention and/or support services.

The prevention of student misbehavior by teaching appropriate behaviors is always preferable. Despite these interventions and supports, it is developmentally appropriate and expected that there

will be a need for discipline as students move through childhood and adolescence. When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline imposed will be in accordance with the progressive discipline process unless otherwise stated.

This Code provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with appropriate behaviors. Disciplinary actions that may be imposed include, but are not limited to: warning and/or conferencing with a teacher, administrator, or counselor; loss of privileges; parent notification or conference; detention; in-school suspension; short-term suspension; or placement in an alternative education setting. The maximum punishment for an offense includes long-term suspension or expulsion/permanent expulsion. Maximum punishments will be determined only by a disciplinary tribunal as outlined in the Board of Education policies.

Progressive discipline means the interventions and responses become more and more serious, if student misbehavior continues. The GCSS progressive discipline model is divided into four levels. Each level represents progressively more serious misbehavior and discipline responses. The level of response imposed shall be based on the severity of the misbehavior and should be used in a graduated fashion. For example, Level 1 responses should typically come before Level 2 responses, and if behaviors continue, staff should increase the disciplinary response.

The most serious discipline consequences that can be imposed on a student is out of school suspension (OSS) or expulsion. It is the practice of GCSS, that OSS or expulsions will only be used (a) if prior less serious responses have been used, but have not been successful in correcting the student's behavior, (b) if suspension is necessary to assure the safety of the student or others, (c) if suspension is necessary to allow continuation of the educational process, or (d) if suspension is required by law. Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

Levels of Infractions

Violations of the Code of Conduct are grouped into four levels (Classroom-Managed, Level 1, Level 2, and Level 3). Before determining the level of a violation, the principal or assigned administrator will review the facts and consult with individuals necessary to make this determination. In the case of a student with an IEP/504, which is a legally binding document, this document shall be reviewed. All Behavior Intervention Plans (BIPs) contained therein must be addressed. Please refer to the Georgia Board of Education Rule 160-4-7-10 – Discipline, if clarification is needed. Once the level of the violation has been determined, appropriate disciplinary procedures will be implemented.

For minor Classroom-Managed behaviors, the teacher will use research based interventions for positive behavior support, and where appropriate, will contact the student's parent(s) or guardians(s). If the student's behavior does not improve, or the disruption is severe, or when local Board of Education policy or state or federal law has been violated, a referral will be made to the principal or assigned administrator. Misbehavior on the bus may be treated in the same manner as misbehavior in the classroom or on school property. Riding the school bus is a privilege, not a right.

Administrators will follow a progressive discipline process whenever discipline is to be imposed, including bus misbehavior. However, the degree of the discipline to be imposed for any violation, including the first time a student had committed a disciplinary infraction, will be in proportion to the severity of the violation. When considering the discipline to be imposed, administrators will take into account any and all relevant factors to assure that the appropriate degree of discipline is imposed. These factors include: the seriousness of offense, the student's prior disciplinary history as part of the permanent record; the degree of pre-meditation, impulse of self-defense, the student's age, and/or disability, and the student's attitude and willingness to cooperate.

Offenses severe in nature will be referred to the district's Discipline Liaison. The Discipline Liaison reviews documents submitted and in compliance with the district's code of conduct makes the determination of whether a tribunal hearing should be held or if a waiver is appropriate. A Hearing Officer will preside over the tribunal hearing and determine whether the student should be assigned to the Alternative Program, suspended, or expelled. For the purpose of this Code, minor offenses will be defined as behavior that temporarily impedes instruction. Major offenses will be defined as behavior that stops instruction. The violations, for which referral to the school district's Hearing Officer will be made, include offenses listed in Level 2 which are serious in nature and offenses listed in Level 3. In some situations, parents will be given the option to waive the Student Due Process Disciplinary Hearing from the Discipline Liaison. The Discipline Liaison will obtain a recommendation from the school and apply it to the waiver. The parent will be contacted by the Discipline Liaison to complete the waiver process.

Students are reminded of restrictions during disciplinary action. Students shall not be allowed to participate or attend any school sponsored activities including, but not limited to school dances, athletics, and marching band and are restricted from attending any school events where Greene County students are guests during the period of time that they are being disciplined through an assignment to In-School Suspension (ISS), OSS, Alternative School, or Expulsion. A roster will be provided to the Athletic Department, SRO's and other designees to curtail restriction violations. Further, the student may not enter into any GCSS building or onto property owned and operated by the GCSS. Failure to comply with this restriction may result in the student being arrested for trespassing and could result in expulsion from GCSS.

Teachers and administrators will report to the principal the names of students who have committed aggravated assault with a firearm, aggravated battery, sexual offenses, and possession of a deadly weapon and commission of drug offenses. Such students will be reported to the Superintendent, School Resource Officers, and the District Attorney as required by O.C. G.A. § 20-2-1184. These

students are also restricted to their assigned campus unless otherwise approved. NOTE: Students in grades K-5 are subject to the Code, and may be referred to the District Discipline Liaison where appropriate.

For the purpose of this Code of Conduct, Levels of Infractions will be defined as below:

Classroom-Managed. These behaviors are minor and occur in the classroom and/or in other settings throughout the school. These behaviors are handled by the teacher or staff member in charge. These behaviors are not typically referred to the office unless they are excessive in terms of damage, loss, disruption, or injury whereupon, they become a Level 1 event (or higher). Any Classroom-Managed behavior that shows a pattern of repetition in spite of teacher intervention will be referred to the office as a Level 1 (or higher at the Principal's discretion).

Level 1. These are Classroom-Managed or state-coded (see page ____ of this Code for definitions and examples) behaviors that have become excessive in terms of damage, loss, disruption, injury, or show a pattern of repetition in spite of teacher intervention. These behaviors will result in an office referral as a Level 1 (or higher at the Principal's discretion).

Level 2. This is the category of moderate to major offenses and are behaviors that cannot be managed in the classroom. These behaviors result in referral to the office for administrative action. The administrator will choose actions based on the facts generally following the continuum in the Progressive Discipline Guide. Repeat behaviors will result in increasing penalties and may be handled as Level 3 behaviors. Behaviors that are excessive in terms of damage, loss, disruption or injury become Level 3 events.

Level 3. This is the category of serious offenses. It includes dangerous, defiant, and highly disruptive behaviors. Repeated behaviors at Level 3 may result in recommendation to an alternative program or expulsion. This category includes repeated fights or assaults, assault on a staff member, possession of deadly weapons and sale or transfer of drugs. In addition, these behaviors may result in action by law enforcement, charges being filed and/or in expulsion from the GCSS.

The charts on the following pages outline the classroom and administrative actions taken for the Levels of Infractions explained above. Complete GaDOE definitions and examples of all behaviors included herein are provided on page 32 of the Code.

Classroom-Managed

Classroom-Managed. In an effort to fully implement (PBIS) and reduce the loss of instructional time, the GCSS expects that each school will utilize a wide variety of corrective strategies and actions. Teachers must utilize and document a **minimum of three** research-based interventions prior to writing and submitting a discipline referral on a classroom-managed behavior.

CORRECTIVE STRATEGY	DESCRIPTION - Responses are delivered in a calm, consistent, respectful manner
Redirection	Restate the desired behavior using specific directions that prompt or alert the student to stop the undesired behavior and engage in the desired behavior.
Reteach Expectations	State and model the behavior. Have the student demonstrate. Provide immediate feedback.
Provide Choice	Provide choice(s) to complete task in another location, order of task completion, alternate supplies to complete the task, or for a different type of activity that accomplishes the same instructional objective. Choices should lead to the same outcome.
Planned Ignoring	Deliberate and consistent teacher inattention to the occurrence of the undesired behavior(s). Reinforce appropriate behaviors.
Conference With Student	Private time with a student to discuss behavior interventions/solutions. This can include direct instruction of expected or desirable behaviors: describe the problem; describe the alternative behavior; tell why the alternative is better; practice; provide feedback.
CLASSROOM ACTIONS	DESCRIPTION - Actions are delivered in a calm, consistent, respectful manner
In-Class Time-out	Predetermined consequence for breaking classroom rules of short duration (ten minutes or less, usually separated from group, but remains in class) or brief withdrawal of attention and other reinforcers (a time for student to reflect on his or her action). Time-out procedure must be taught to students before implementing.
Conference With Parent(s)	Teacher communicates with student's parent(s) through a telephone conversation, email, written notes, or in person about the problem.

Out-of-Class Time-out	Student is assigned to another supervised environment for a period of time-out (i.e., another classroom), slightly longer duration than in-class time-out (30 minutes or less). Time-out procedure must be taught to students before implementing.
Corrective Assignment/Restitution	Student completes a task that compensates for the negative action and triggers a desire not to revisit the negative behavior. (i.e., cleaning-up, helping another person).
Teacher Detention	Required attendance for a monitored period of time, generally after/before school or during lunch.
Privilege Loss	Incentives given for positive behavior are lost, (i.e., five minutes off computer free time).
Classroom Success Contract	Student, teacher, and parent(s) may formulate a document expressing the student's intention to remediate or stop further occurrences of a problem behavior. Written contract should be positive in tone and it should include incentives, but may also include consequences for misbehavior.

Definitions of Administrative Discipline Actions

Most instances of unacceptable behavior are addressed through positive behavioral interventions and supports. When such strategies fail to correct student behavior, students may be subject to alternative disciplinary procedures. This section describes short-term suspension (including ISS and OSS), long-term suspension, Disciplinary Hearing processes, expulsion, and the role of law enforcement on the rare occasions when the student may be subject to legal consequences outside of school-based discipline.

1. **Administrative Time-out** - Temporary removal of a student from his or her regular classroom for the remainder of that segment/period/block. Student remains under the direct supervision of school personnel. Direct supervision means school personnel are physically in the same location as students under their supervision. These time-out settings are typically referred to in schools as *Respect Room*, *Opportunity Room*, or *Admin Time-out*.
2. **Detention** - Disciplinary action consisting of the assignment of a student to a certain area of the school outside of regular school hours (before school, after school, lunch time, on a non-school day) for one or more school days or the equivalent hours, or the loss of a privilege during the school day (i.e., lunch detention or Saturday School). Due Process Procedure: The parent/guardian must be notified in writing at least 24 hours before the detention. The notification must explain the reason(s) for the detention and inform the parent/guardian that necessary transportation will be their responsibility.
3. **In-School Suspension (ISS)** - Temporary removal of a student from his or her regular classroom(s) for at least half a school day. Student remains under the direct supervision of school personnel. Direct supervision means school personnel are physically in the same location as students under their supervision. Due Process Procedure: The parent/guardian should be notified of the reason(s) and length for the in-school suspension assignment. Students assigned to a school's in-school suspension classroom shall be counted present and shall be required to work on classroom assignments at the direction of in-school suspension personnel. Students assigned to in-school suspension may also be excluded from participation in school-related activities and events.
4. **Out of School Suspension (Short-Term)** - Suspension of a student for ten school days or less (O.C.G.A. § 20-2-751) Note: See Students With Disabilities section below. Due Process Procedure: As part of an investigation of a disciplinary incident, the principal or designee shall:
 - a. Tell the student, orally or in writing, the allegation(s) against the student and give the student an opportunity to tell his/her side of the story. If the principal or designee finds the student in violation of the Code of Student Conduct and determines that short-term suspension should be imposed, steps i. and ii. will be followed:
 - i. Attempt to contact the parent/guardian by telephone to inform them of the suspension;

- ii. Within one (1) school day after the suspension begins, send the parent/guardian notice by regular mail informing them of the reason(s) for the suspension and of their right to discuss the details of their child's misbehavior with school officials
 - b. A principal or assistant principal may suspend a student without notice of the reason for the suspension or an opportunity to provide an explanation if the student is intoxicated, under the influence of drugs, or where his/her presence otherwise poses a continuing danger to others or a disruption to normal school operations. In such cases, however, the informal hearing outlined above shall occur as soon as practicable.
 - c. Students who are suspended are barred from all Greene County School System campuses and related activities during the length of their suspension.
5. **Long-Term Suspension or Expulsion** - Long-term suspension means the student loses the right to attend school or participate in school activities for more than ten (10) consecutive days but not beyond the current school quarter or semester (O.C.G.A. § 20-2-751). Expulsion means the student loses the privilege of attending school or participating in school activities for the remainder of the grading period, remainder of the school year or longer. (O.C.G.A. § 20-2-751). Note: See Students With Disabilities section below.
- a. Long-term suspension and/or expulsion may only be imposed by action of the Disciplinary Hearing Officer, except as provided in cases where a tribunal is required, after the student has been afforded notice, opportunity for hearing and other procedural rights prior to such expulsion or suspension becoming effective. Students under suspension or expulsion are not allowed on school district property or at school related functions/activities. Although elementary school students are subject to long-term suspension or expulsion, this discipline is imposed for only the most severe offenses.
 - b. In the case of a student of middle or high school age who is suspended for more than ten (10) days or is expelled, the Superintendent or his/her designee may, instead, permit that student to attend an Alternative Education Setting for the period of suspension or expulsion.
 - c. Rights of Student Where Long Term Suspension or Expulsion is Recommended
 - i. The right to written notice of the specific charges that have been made against the student
 - ii. The right to a due process hearing
 - iii. The right to be represented by legal counsel at the hearing
 - iv. The right to testify and present witnesses
 - v. The right to cross-examine witnesses who testify against the student
 - d. Due Process Procedure:
 - i. The principal or assistant principal must initially recommend long-term suspension or expulsion to the Disciplinary Hearing Officer

- ii. A hearing before the Disciplinary Hearing Officer will be scheduled as soon as possible but not later than ten (10) school days after the student has been removed from school
 - iii. If the hearing date is more than ten (10) school days after the student has been removed from school, and the delay in scheduling is not caused by the student or his parent/guardian, the student may resume attendance to the school at the end of the ten (10) day period
 - iv. Written notice will be sent to the parent/guardian by regular mail. This notice shall inform the parent/guardian of the following: the violation alleged; the date, time, and place of the hearing; the names of witnesses; and the punishment recommended. In addition, the notice shall inform them of the right to be represented by legal counsel at the hearing; the right to testify and present witnesses; and the right to cross-examine witnesses presented by the school district
 - v. A verbatim electronic or written record of the hearing will be made and will be available to the parent/guardian or legal counsel of the student charged
 - vi. If long-term suspension or expulsion is imposed, the parent/guardian will be notified of the decision in writing and of the right of appeal. This notice will be sent by regular mail within ten (10) days of the completion of the hearing
 - vii. If there is an appeal, the Superintendent may in his/her discretion temporarily withhold implementation of the suspension or expulsion and return the student to school during the appeal process, but only if this will not endanger others or disrupt normal school operations
- e. Appeals - The decision of the Disciplinary Hearing Officer may be appealed to the Board of Education by the student's parent/guardian.
- i. The appeal process begins with a written request for review of the Disciplinary Hearing Officer's decision addressed to the Superintendent. This request must be made within twenty (20) calendar days of the date the decision is rendered
 - ii. The Board of Education will consider only the record of the hearing before the Disciplinary Hearing Officer. A transcript of that hearing will be made only upon receipt of a letter of appeal to the Superintendent. A copy of that transcript will be made available in the office of the Disciplinary Hearing Officer upon request
 - iii. The Board of Education has the power to uphold the Hearing officer's decision or to find that the student did not violate the Student Code of Conduct. The Board of Education may also reduce or increase the severity of punishment imposed or may impose a different kind of punishment
 - iv. The decision of the Greene County Board of Education may be appealed to the State Board of Education. Notice of any such appeal must be filed with the Superintendent of the Greene County School System within thirty (30) calendar days of the date the Greene County Board of Education renders its decision. The contents of this notice of appeal and the procedure to be followed before the State Board of Education of Georgia is contained in O.C.G.A. §20-2-1160

Attendance

School attendance is a priority because it highlights the importance of having an education in our society. It also helps students develop good work habits that will carry over in life. Good attendance relates strongly to grades and other measures of academic achievement. The responsibility of school attendance is that of both parents and students. The following steps reflect our commitments to promote the educational progress of all children and families in Greene County and to enforce attendance as required by the O.G.C.A. 20-690.1 for all children in the County between 6 and 16 years of age.

Student enrollment and withdrawal

1. Parents are expected to complete a withdrawal form at the school and return all borrowed technology and other materials if a student is transferring to another educational program.
2. The School Social Worker may become involved when a withdrawal form or records request is not received within five (5) school days from the last date of attendance and/or efforts to contact the parents are unsuccessful.
3. Appropriate school personnel are authorized to withdraw a student who:
 - a. Has missed more than 10 consecutive days of unexcused absences;
 - b. Is not subject to compulsory school attendance; and
 - c. Is not receiving instructional services through homebound instruction or Special Education.
 - d. The parent, guardian, or other person who has charge of a student if the school system will be notified if the school plans to withdraw a student under 18 years of age who is not subject to compulsory school attendance.
4. Specific school staff should withdraw a student who is still subject to compulsory attendance if the school discovers that the student no longer lives in Greene County or is enrolled in a private or home school program.

The State of Georgia and Greene County School System both require schools to give parents, guardians, or other persons in charge of each student a written summary of possible consequences and penalties for failing to comply with compulsory attendance. This will be completed by September 1 of each school year or within 30 school days of a student's enrollment in the school system. This information is distributed through the student handbook, for which parents and students over age ten (10) will sign a receipt. Parents are to review and sign the parent notice of understanding concerning the Attendance policy. This signed document will be retained by the school until the end of the school year.

Attendance Definitions

Excused Absences

It is the policy of the Greene County Board of Education to excuse students from school for the following reasons, as directed by Georgia educational rules:

1. Personal illness or attendance in school that endangers a student's health or the health of others.

2. A serious illness or death in a student's immediate family necessitating absence from school.
3. A court order or an order by a government agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school.
4. Authorization by high school administrators to allow for eligible students a period not to exceed one day for registering to vote or voting in a public election.
5. The observance of religious holidays, necessitating absence from school.
6. Conditions rendering attendance impossible or hazardous to student health or safety.
7. Out of School Suspension (OSS).
8. A student whose parent or legal guardian is in military service in the U.S. Armed Forces or National Guard, and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting will be granted up to 5 days of excused absences per school year to visit with his or her parent prior to the parent's deployment or during the parent's leave.
9. College and career visitation days for high school students meeting criteria.

When a student is absent, a **written** statement from parent/guardian or medical provider is required. This written statement must contain the following information:

1. The date(s) of the written statement(s).
2. The date(s) and day(s) of the absence(s).
3. The reason for the absence(s).
4. The signature of the parent/guardian or medical provider.

A maximum of ten (10) absences will excused via parent note per school year. Parents are limited to five (5) excuse notes per student. **Phone calls are not accepted as excuses. Parents may submit valid excuses via written note, email, or texting app used to communicate with classroom parents.**

Once parent notes are exhausted, all other absences must be documented medically (e.g. physician's statement) or legally (e.g. court summons) or they shall be unexcused. To waive this requirement, a parent may submit a physician statement specifically indicating that:

1. The student is experiencing a chronic or extended acute medical condition that is primarily managed at home with planned re-evaluation.
2. The student requires intermittent absences from school.

For students meeting either of the exception requirements above, the school will assess the need to develop an appropriate MTSS plan, 504 plan, IEP, or Hospital Homebound service plan to address the student's needs and ensure appropriate accommodations for learning.

Tardies

A student is considered tardy in all schools of the Greene County School System when he/she arrives to homeroom or first period any time after the published school start time or if he/she arrives to a specific class after the second class change bell for each individual class period at the middle and high school grades. Late bus arrivals are the only exception. It shall be the responsibility of each school's principal to determine what action will be taken in regard to a student's tardies and early check-out. Excessive unexcused tardies or early checkouts will result in contact being made with the student and/or parents and may also result in disciplinary consequences for students per the Code of Conduct.

Grades and Absences

Students are expected to make up all missed work, regardless of the reason for the absence.

Procedures

The Greene County School System will make a good faith effort to notify the parent, guardian, or other person in charge of a student who has attendance concerns and intervene to improve student attendance. Chronic absenteeism will be defined as missing ten percent (10%) or more of enrolled school days during the school year. Truancy will be defined (per law) as any child subject to compulsory attendance who during the school year has more than five (5) days of unexcused absence.

- Regular contact from the schools regarding absences and tardies

Student Attendance Acknowledgement

A minimum level of attendance is required for student achievement to occur and for students to acquire a level of basic knowledge and education. The more days of school students miss, the lower their academic performance. Regular school attendance is the responsibility of parents and students.

Each day your child misses school is another day of learning that is lost. The academic success of your child is important to us. This success is greatly impacted by whether or not he/she participates in learning experiences provided by Greene County School System. Please make sure your child has good school attendance to promote success for both your student and the school as a whole.

Please remember to submit a doctor excuse or parent note for any absences within three (3) days of returning to school. A maximum of ten (10) absences will excused via parent note per school year. Parents are limited to five (5) excuse notes per student. After that, all excuses will require a note from a doctor, court etc. to be considered an excused absence.

Please be advised that O.C.G.A. Section 20-2-690.1 requires any person in Georgia who has control or charge of a child between the ages of six (6) and sixteen (16) to enroll and send that child to school, including public, private, and home schooling. Each day's absence from school is in violation of the Compulsory Attendance Law, and each five (5) days constitutes a separate offense. This Student Handbook further outlines the potential legal consequences for parents and students.

The following penalties may be assessed:

- a. At least a \$25 and not more than a \$100 fine;
- b. Up to 30 days of jail time;
- c. Community service;
- d. Any combination of these penalties;

Students who are 13-15 years of age who have exceeded the allowable number of absences will have juvenile charges filed against them through the Department of Juvenile Justice. Parents of students who are 13-15 years of age who allow their child/children to exceed the allowable number of absences will also have a warrant filed against them through the magistrate court.

Parents can logon to the Infinite Campus Portal at: www.greene.k12.ga.us to view current information (updated nightly) on attendance, discipline, class schedule, and grades.

Greene County School System Procedures

Accidents - Any accident occurring on school property or at a school-sponsored activity must be referred to the supervising teacher and to the school nurse. A written accident report must be filed with the nurse before the end of the day. The office will make every reasonable effort to contact parents if it is necessary for the student to leave school or see a doctor. The work number and home number of the parent or legal guardian of every student is required as part of the school's information file. In addition, one or more emergency numbers are requested. If a parent changes jobs, address or phone number, the office should be notified immediately.

Cafeteria Services - We welcome your child to the School Nutrition Program in Greene County School System. The school nutrition program is a self-sustaining program which operates from monies received through payments for meals and reimbursements from federal and state programs. Meal choices are offered daily. Monthly menus are posted on the Greene County School System web site at www.greene.k12.ga.us.

Career Coaches - A Career Coach is a volunteer who supports their students through all four years of high school. Members of the community tap into their vast experiences to coach students through the creation and implementation of an organized, structured, and personalized career plan. Coaches offer insights on everything from effective study habits, benefits of extracurricular activities, organizational skills, informed decision-making, budgeting and personal finance. Coaches record student progress and serve as support to help each student find his/her passion and path to success. Students have an opportunity to opt in to the career coaching program and receive a career coach that will assist them with a personalized career plan. Students in the Career Coaching Program also have the opportunity to earn financial assistance for their post-secondary plans whether those plans include attending college, a trade school, joining the military, or starting their career.

Conferences - The faculty welcomes the opportunity to engage in conferences with parents and students to discuss classroom performance, behavior, or any other concerns. Any parent/guardian who wishes to have a conference with a teacher should contact the office at least 24 hours in advance of desired meeting time to schedule (conferences will be scheduled around teacher planning periods, before, or after school). Phone calls will not be transferred to classrooms during the school day. If you have a concern or need to talk with someone other than your child's teacher, please do not hesitate to call the school counselor or school administrator.

Counseling Services - A school counselor is available for every student, not just for those who have experienced or are having trouble. School Counselor services are designed to produce positive changes in students with increased academic achievement, improved attendance, increased social skills, individual goal setting, and career exploration as the goals. The school counselor uses curriculum based on three domains: academic, personal/social, and career. Students are provided services through individual sessions, small groups, classroom guidance, and consultation. Any student desiring an appointment with the counselor must have a pass from the teacher or counselor. Parents are invited to contact the school counselor at any time for assistance or to share concerns.

Gifted Education Program - Greene County School System endorses the philosophy that education is a means by which each individual has the opportunity to reach his or her fullest potential. We believe that all students have a right to educational experiences that challenge the level of their individual development, whether it is below, at, or beyond the level of their peers. Special programs for gifted students are one outgrowth of this commitment. Students in grades K-12 who demonstrate a high degree of intellectual, academic, and/or creative abilities may be nominated for evaluation to determine eligibility to participate in the Program for Gifted Students. Referrals for consideration may be made by teachers, parents or guardians, counselors, administrators, peers, self, and other individuals with knowledge of the student's abilities. The State Board of Education determines eligibility criteria for placement in this program. For a summary of those criteria or for further information about Greene County's Program for Gifted Students, please contact the Gifted Program teacher at your child's school or the district's program coordinator: (706) 453-7688.

Fire and Safety Drills - Safety drills will be held periodically to keep students and staff familiar with school safety procedures as set forth by the Greene County Board of Education. During the safety drills students will be directed by teachers as to procedures to follow. These drills may include, but not be limited to lockdowns, weather drills, locker searches by administration or law enforcement, drug dog searches, and the use of metal detectors. Fire drills will be signaled by the sounding of the fire alarm system. Upon hearing the alarm, students will wait in the classrooms until the Principal has announced that it is safe to exit the building. At that time, students will exit the building in an orderly manner following a route designated by the fire drill plan and posted in every classroom and area of the building. Upon reaching the designated area outside the building, the teacher will check attendance and report any missing students to the administration. Teachers and students are not to return to the building for any reason until the all-clear signal has been given. Fire drills may be announced or unannounced.

Hospital Homebound Services - Students who encounter long-term illness may be eligible for the

Hospital Homebound Program and should apply for this program when they anticipate being absent for 10 or more consecutive days due to personal illness. A physician's statement that a student is too ill to attend school for 10 or more days is required to determine eligibility for the program. Application forms are available upon request from the school office. Regular attendance in school is vital for a quality education. We encourage all students to be present every day. Daily attendance will help you feel more a part of our school and will significantly improve your academic progress.

Medication - All medications that are to be administered at school must be accompanied by the "Administration of Medication Request Form." All medications, both prescription and nonprescription, must be brought into the school and signed in through the clinic by the parent/guardian or by a responsible adult designated by the parent/guardian. Students are not allowed to transport medications to and from school. There are exceptions—inhalers for asthma, Epi Pens, medications for diabetes, etc. Students who self-administer (carry on their own person) medications must have the medical authorization form completed by their physician and parent. No medications sent in a plastic bag will be given. All medications, which are to be given for a period greater than two weeks, will require the form to be completed and signed by the student's physician. Administration of prescription and non-prescription medications, even for a short period of time is

discouraged. Parents/guardians should check with the student's physician regarding the need for medication to be administered during school hours. Medications prescribed three times daily often can be administered before school, after school, and at bedtime.

Role of Law Enforcement in Schools - The role of law enforcement in schools is specifically to create and maintain a safe and secure learning environment for students, staff, faculty, parents, and visitors in our schools. The role of police officers in schools is a nationally recognized proven resource of any modern school-safety plan that reduces violent behavior. Police in schools keep students safe and support the mission as informal mentors, counselors, and educators on matters of law enforcement. Officers also serve as a resource for students, teachers, and parents on matters pertaining to law enforcement, crime prevention and awareness. Clear evidence exists that healthy relational bonds of trust are often developed between students and the school police officer.

Police are proven and vital stakeholders. Our policing philosophy coincides with the vision for the future as we work to achieve a cohesive community based educational design. School based police are not school disciplinarians. They are not called to force students to comply with teacher instructions. Student discipline is the responsibility of school administrators. However, school police will respond in their capacity as law enforcement officers to incidents involving violations of criminal law and breaches of the peace that might place an individual or others in threat of physical harm.

State law requires that certain criminal offenses committed by a student while on school property or at a school function be reported to the appropriate law enforcement authority and the district attorney. Such crimes include, but are not limited to: aggravated assault with a firearm involved, aggravated battery, sexual offenses, weapon in unauthorized locations, violations involving weapons in school safety zones, possession of a handgun by a person under 18, and controlled substances violations. (O.C.G.A. § 20-2-1184). Parents and guardians should inform their children of the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

Severe Weather Procedures - In the event of tornadoes and other severe weather alerts, a signal will be given for students to leave the classroom and proceed to their designated area immediately. If severe weather conditions occur in the area, schools may be closed in Greene County. Students and parents are asked to listen to early morning broadcasts from area radio or television stations for announcements about school closings. An automated phone call from the school district will also be made to notify parents and students about school closings. There may be times when schools have to close early due to threatening weather conditions. Again, repeated news broadcasts and automated phone calls and text messages are used to notify parents and the community about such emergencies. If such conditions exist, bus transportation services will run early or parents may pick their child up from school. If a child's bus leaves before we receive any word from a parent, the child will be sent home on his/her regular bus. When schools are closed for the day or when they close early, all after-school and extracurricular activities are automatically canceled for that date. Schools are typically constructed to be one of the safest buildings in a community. In the case of a Tornado WARNING students cannot safely be released from the building to go outside into a car and should remain sheltered until the danger has passed.

Special Education Department - The Department of Special Education provides services to eligible students as determined appropriate through an evaluation process in compliance with state and federal laws and guidelines. It is our goal that all students are educated in the least restrictive environment to the greatest extent possible. A variety of service delivery options are available in order to promote student success. Students receiving services under the provisions of the Individuals with Disabilities Education Act (IDEA) are entitled to certain disciplinary safeguards in addition to the same due process procedures given to regular education students. A copy of Parents' Rights as they pertain to Special Education is available by contacting the Special Education Department at (706) 453-7434.

Student Reporting of Acts of Sexual Abuse or Sexual Misconduct - The Georgia Professional Standards Commission has determined that any student (or parent or friend of a student) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

Telephone - Use of the office phone is limited to emergency calls. If you need to get a message to your child, the school receptionist will make sure your child receives the communication. If there is a serious emergency, the parent should contact the front office and the student will be pulled from class. Students may not use the phone without a pass from a teacher and are subject to the discretion of office personnel. In most cases, students will not be permitted to use the phone. Office personnel or the school nurse will determine whether it is necessary for a student to call home due to illness. Telephone calls will not be transferred to classrooms during the school day.

Visitors - Parents are invited to visit their child's school regularly and to be involved in all school activities. For the safety of our students, all visitors are required to report directly to the main office when entering the school. A 24 hour advance notice must be given before visiting a classroom. After signing in, a visitor's badge will be issued and must be worn while on the school campus. Student visitors are not allowed. At no time are teachers/students to be disturbed during lessons. Observations should occur with minimal distraction and school administrators will uphold this expectation.

Volunteers - If a person is interested in volunteering at a Greene County School to help meet the needs of students, contact is first made with the Volunteer Coordinator. The Volunteer Coordinator distributes the packet which includes an application with contact information and past experiences with volunteering, a code of conduct and release of liability form as well as a form with instructions on how to obtain a background check. Once the background check is completed, returned to the volunteer coordinator and approved, the volunteer will go through an in-person orientation with the coordinator which includes a handbook overview, mandated reporting requirements, volunteer options and an assignment to the appropriate school within the district. There is a person of contact at each school who then assists with making the match between a volunteer and a teacher's classroom. This person of contact at the school site serves as the liaison for future communications between the volunteer, the teacher and the school.

Withdrawal from School - If it becomes necessary to withdraw a student from school, a withdrawal form must be obtained from the attendance office and taken to the persons indicated on the form for signatures. All textbooks and library books must be turned in, and all money due for lost/damaged books or unpaid fees, etc., must be paid. A parent may call or send notice of a student's withdrawal. Twenty-four-hour notice is preferred. If prior notice is not given, please understand that the process may take up to an hour to complete while you wait. A parent's signature is required for the withdrawal process to be complete.

Georgia Law

Bullying (GA .29) - An act that is:

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
 - a. Causes another person substantial physical harm within the meaning of the Code Section 16-5-23.1 or visible bodily harm as such term is defined in Code Section 16-5-23.1;
 - b. Has the effect of substantially interfering with a student's education;
 - c. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
 - d. Has the effect of substantially disrupting the orderly operation of the school

The term applies to acts which occur on school property, on school vehicles, at designated school bus stops, or at school related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system. The term also applies to acts of cyberbullying which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if the electronic communication;

1. Is directed specifically at students or school personnel;
2. Is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school; and
3. Creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose. Electronic communication includes, but is not limited to, any transfer of signs, signals, writings, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system.

A student disciplinary hearing finding that a student in grades 6-12 has committed the offense of bullying for the third time in a school year will result in referral to the District Hearing Officer with a school recommendation of placement in the Alternative Program (O.C.G.A. § 20-2-751.4).

House Bill 740 - Requires local school systems to conduct certain screenings, assessments, and reviews prior to expelling a student in grades preschool through third grade (O.C.G.A. §20-2-242). No student in public preschool through third grade shall be expelled or suspended from school for more than five consecutive or cumulative days during a school year without first receiving a multi-tiered system of supports, such as response to intervention, unless such student possessed a weapon, illegal drugs, or other dangerous instrument or such student's behavior endangers the physical safety of other students or school personnel. If such a student is receiving or has received a multi-tiered system of supports, the school shall be deemed to have met the requirements of this Code section. The school or program shall comply with all federal laws and requirements required obtaining parental consent during any advanced tier within the system of supports prior to certain screenings or evaluations. In addition to the requirements in subsection (b) of this Code section, prior to assigning any student in preschool through third grade out-of-school suspension for more than five consecutive or cumulative days during a school year, if such student has an Individualized Education Program (IEP) pursuant to the federal Individuals with Disabilities Education Act or a plan under Section 504 of the federal Rehabilitation Act of 1973, the school or program shall also convene an IEP or Section 504 meeting to review appropriate supports being provided as part of such Individualized Education Program or Section 504 plan.

Provisions Applicable to Students with Disabilities - The Code of Student Conduct applies to all students including students with disabilities. However, students with disabilities are afforded specific due process protections. A student served by Section 504 of the Rehabilitation Act must have a manifestation determination before being suspended for more than ten (10) days.

- Students with disabilities can be suspended for a total of up to ten (10) consecutive or ten (10) cumulative school days in one school year without providing special education procedural safeguards and services. Saturday school and before/after-school detention do not count toward the ten (10) days. The district's Coordinator of Special Education should be notified of any special education student/504 student approaching 10 days of suspension, so that the appropriate supports are put into place.
- Suspension Beyond 10 Days in a School Year
 1. School provides written notice to parent/guardian of intervention or consequence being considered and date of Individual Education Program ("IEP") Manifestation Determination Reviews and 504 Plans. A meeting must be held within ten (10) days of the date of the decision to discipline a student. A copy of the Notice of Procedures Safeguards should be provided to parents.
 2. The IEP or 504 team will determine whether the misconduct is caused by the student's disability by reviewing all current and relevant information.
 3. If the behavior is a manifestation of the disability, the IEP team or 504 team will review and revise the behavior intervention plan specifically for the misconduct of the student. A disciplinary change in placement (expulsion)

cannot occur if the behavior is a manifestation of the disability except in cases of weapons possession, drug possession, and infliction of serious bodily harm. If the following behaviors are determined to be a manifestation of the student's disability, the student can be placed at an alternative educational setting for up to 45 days: Weapons possession, drug possession and infliction of serious bodily harm.

4. If the behavior is not a manifestation of the disability, school officials may apply the Code of Conduct interventions and consequences. However, the student may not be suspended for more than ten (10) consecutive or cumulative school days in a year without providing appropriate educational services.
5. Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.

Protection of Pupil Rights Amendment (PPRA) - PPRA affords parents certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams.

Parents and eligible students (18 or older or emancipated minors) shall be notified at the beginning of the school year if the school district has identified the specific or approximate dates during the school year when any of the activities listed below are expected to be scheduled. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys and be provided an opportunity to opt their child out of such activities and surveys. The Board of Education has developed and adopted policies, in conjunction with parents, regarding the activities described below. In accordance with Board policies, prior written consent must be obtained from parents before students are required to submit to any survey that contains questions about one or more of the areas listed in paragraph (A) and that is funded in whole or in part by the U.S. Department of Education. You have the right to inspect any survey or instrument used in the collection of information under subparagraphs (A) and (B) before the instrument is administered or distributed to a student and to opt your student out of participation in any activities described below in accordance with regulations developed by the Superintendent.

 - g. Religious practices, affiliations, or beliefs of the student or student's parent; or
 - h. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program), without prior written consent of the parent or eligible student.
2. Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).
 3. Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student, or of other students. You may, upon request, inspect any instructional material used as part of the educational curriculum for your student. The school is required by federal law to give this notice to parents. However, the school does not have scheduled any such activities as are described above. If any such activities are initiated during the school year, parents will be notified accordingly and will be afforded all the rights as described herein.

Parents who believe their rights have been violated may file a complaint with: Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, D.C. 20202

Student Searches - School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus; student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Cell phones/multimedia/electronic devices taken from students due to possession and/or use in violation of school rules are subject to having their contents searched. If asked, students are required to cooperate to open book bags, lockers, or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities that occur outside normal school hours or off the school campus at the discretion of administrators.

Board Policy JBCD: Transfer and Withdrawals

Students transferring into Greene County Schools who have become residents of Greene County must furnish evidence of their attendance and a transcript of their school record from the school from which they are transferring. Without such records, the principal of the school to which the student is transferring may suspend admission until such documents are received except in the case of "homeless students" [see policy JBC(1)].

If the principal elects to make tentative placement and allow admission, he/she is invested with the authority to do so. However, no admission is final until the proper transcripts and records are received. Placement shall be the responsibility of the principal based on interpretation of student records and data ascertained from locally adopted assessments will be used to assist for placement purposes. However, no placed student will be able to graduate from Greene county High School without receipt of proper transcripts and earning the required credits by the Greene County High School.

If a student has withdrawn, been suspended or expelled from a public or private school because of low grades, misconduct or for any other reason, the principal shall obtain the records from the last school attended, review them and make a recommendation to the Superintendent for the student's placement.

In order to provide for proper grade placement and diagnosis of student need, all students not having pre-test data in a cumulative record shall be given the locally adopted assessment.

The Board maintains the authority to transfer students from one school to another within the school system just as the Board has the authority to make initial school assignments. Permission to move students within the school system must be obtained from the Superintendent.

An emancipated minor who is older than the age of mandatory attendance who wishes to withdraw must have the written permission of a parent or guardian. Prior to accepting the withdrawal, the principal or the principal's designee will make reasonable efforts to conduct a conference with the parent and the student. During the conference, the principal or the designee should share with the student and parent/guardian the educational opportunities available, including the option of a G. E. D. diploma. Additionally, the principal or the designee must explain the consequences of a student's failure to obtain a high school diploma, including lower lifetime earnings, fewer jobs for which he or she will be qualified, and the inability to pursue higher educational opportunities. Forms will be provided to all principals of grades six through twelve for parental signature. Such form shall include a statement of the information set forth in this paragraph.

GCHS PROCEDURES

At the beginning of the year, all students will be given a student handbook. All students should have their agenda on a daily basis. The agenda handbook is a guide for the student and parent. and is considered an essential piece of school equipment. It is recommended for students to bring their student agendas and writing utensils to all classes as well as to grade level meetings and conferences with administrators and/or counselors. Students may use their agendas as a means of tracking important dates, homework, assignments, and projects.

ATHLETICS

To participate in athletics, students may be required to pay an athletic participation fee. Information regarding the fee is available from the GCSS Athletic Director or the head coach of each sport. For eligibility, Greene County High School adheres to the policies and procedures set forth by the Georgia High School Association (GHSA).

NO PASS/NO PLAY PROCEDURE for GCHS ATHLETICS/CLUBS - In order to participate in competitive organizations such as athletics, fine arts/music productions, class offices, and clubs, all students will follow the guidelines established by the GHSA.

ATTENDANCE

ARRIVAL TO SCHOOL - Students who arrive at school before the 7:55 a.m. bell must report to the commons area. All bus riders and student drivers will enter the building via the designated entrance located adjacent to the student parking lot - South/CTAE hall entrance. All car riders will enter the building via the main entrance in front of the building. After the first bell at 7:50, the student parking lot doors will lock and all students must proceed to the front of the building. After the 7:55 tardy bell, all late arrivals will enter the front and proceed directly to the administrative office receptionist for a "late arrival" pass. **On the fourth late arrival, the parent/guardian is required to enter the building with the student and meet with an administrator.**

FULL DAY ATTENDANCE - Students are expected to be in attendance for the full school day. The principal must approve any exception to this policy. Checking out for lunch is not permitted.

EARLY CHECK-OUT - Students requiring early check-out will not be permitted to leave school without parent, guardian, or authorized listed adult contact only in Infinite Campus present to check the student out. If an adult is not listed in Infinite Campus, the adult may not check the student out of school. Check-outs after 2:30 p.m. are not permitted. Phone check-outs are not permitted unless authorized by an administrator or an email/letter is given signed by a parent listed in Infinite Campus. Once approval is obtained, the student must check out with the front office. There will be no checkouts during final exam dates.

- The administrative team retains the right to deny students early check-out without a parent/guardian being present.
- The administrative team retains the right to offer a GCHS "dual enrollment" attendance procedure, a work-based learning attendance procedure, or any other attendance variation which

facilitates the student's progression toward receipt of academic credit at GCHS or at a post-secondary institution of learning.

- Students involved in extracurricular activities must be present in school for **half of the school day (Two Academic Blocks and the Lunch Period)** in order to participate in a school activity in the afternoon or evening.

PERIOD ATTENDANCE – Attendance will be taken at the beginning of the class period. Students must be present for at least 40% of the class block period to be counted present for the class. Students must be present for 30 minutes of TAP to be considered present.

Note: Tardies, AWOLs, and days absent may affect the capacity to meet requirements for honors and awards, e.g. valedictorian, salutatorian, scholarships, advisory councils, athletic competitions, etc.

END OF SCHOOL DAY - A student is expected to leave campus within ten (10) minutes of the end of the regular school day, unless the student is under the direction of a teacher or coach. Students participating in after school activities must be in their designated area within ten (10) minutes of the end of the regular school day. A sponsor or coach will be present until all students are picked up by a parent/guardian.

MAKE UP WORK

Students who miss a day of school for any reason have 7 school days to complete and turn in assignments. The teacher will have assignments posted on Canvas so that students can access and turn in their work. The teacher will also have printed assignments in the classroom for students to pick up when they return to school.

Students are allowed to turn in assignments missed due to absences and extenuating circumstances until the date of the summative assessment for the corresponding unit. Teachers may opt to give students who are absent alternative assignments or formative assessments. Any student who finds it necessary to turn in a formative assignment after the date of the summative assessment must make individual arrangements with the teacher. Circumstances will be considered on a case-by-case basis.

Summative assessments that are missed due to an absence or extenuating circumstance will be given to the student within seven days of returning to school. Teachers may opt to give students who miss an assessment an alternative assessment over the same knowledge and skills.

Students should have the opportunity to complete missed work during the seven school days following their absence. The determination of when the student will be pulled to complete missed work is at the discretion of the grade-level team and connections teachers. **It is the student's responsibility to initiate contact with the teacher to discuss any questions or concerns on make-up work. However, students must be permitted to complete all assignments. All assignments and assessments given to students at GCHS are expected to be completed and turned in.**

BOOK BAGS AND LOCKERS

Upon registration, a locker will be made available upon request. Lockers have a built-in combination lock. Guidelines for use of school lockers are as follows:

1. Each student will be assigned only one locker. There will be no sharing lockers. Placing items in a locker that is not assigned to the student may result in school discipline. Sharing lockers greatly increases the opportunity to become a victim of theft or other crimes, of which the school assumes no liability. All students will be held responsible for the contents of the locker assigned to them. If a student has a locker problem, the student should notify his/her advisor.
2. Students may not display any posters, pictures, or other articles on the walls of lockers by any adhesive means including tape and glue. Marking or writing with any type of writing instrument is prohibited.
3. Lockers should be locked at all times unless in use by the student assigned that locker. The school is not responsible for losses of technology equipment, books, notebooks, gym clothes, etc., from lockers whether they are locked or not locked. Security of one's personal items is dependent upon maintaining confidentiality of the combination. Students who steal, use without permission, or give out information of another student's combination will risk losing his/her locker privilege and face disciplinary consequences.
4. Money, jewelry, or other valuable items may be at risk and should never be placed in lockers.
5. All lockers are subject to search if, in the opinion of the school administration, reasonable suspicion of a violation of a school rule exists.
6. Random locker checks are subject to occur at any time during the day at the discretion and coordination of the administrative team and/or the school resource officer.
7. Students must have clear or mesh book bags, all other bags will need to be placed in lockers. (Ex. Athletic Bags)

CAFETERIA GUIDELINES

Meal periods are breakfast, lunch and after-school snack for designated after-school programs. For meals, students access their account using their student ID. All meals must be obtained by scanning student ID's. Charging meals is prohibited in the cafeteria. Students are required to have their student ID in the lunch line. Students are entitled to one meal per meal time at no charge.

1. Breaking in line is prohibited. Neither a class nor student has "break-in" privileges.
2. Food will be sold only during breakfast and lunch.
3. Change for use in machines will be made only if the serving line is not busy and if the student goes to the end of the line and waits his/her turn.

4. Theft of food items from the serving lines will result in disciplinary action.
5. Students desiring to go to the media center during lunch must have a “media pass” from a teacher.
6. All food and drinks must be consumed in the cafeteria/commons. Students are not allowed to eat in hallways or classrooms.

CELL PHONES & PERSONAL ITEMS OF VALUE

Students are allowed to have cell phones and other electronic devices at school. However, they must remain powered off throughout the school day and stored out of sight during class. Students may use cell phones during breakfast and lunch in the commons area only. Audio devices such as AirPods, headphones, and personal speakers are not allowed at any time during the school day. If an electronic device is seen or heard in class administrators will enforce the following consequences:

Please see code of conduct for progressive discipline as it relates to electronic devices.

Students should not bring personal items of value to school (electronic games, music players, lots of money, etc.). The school is NOT responsible for any lost or stolen personal items.

CONTACT INFORMATION: CURRENT INFORMATION

To facilitate the safe operation of the school day for all students, parents and students are required to provide appropriate emergency contact information, medication information, and permission for student use of certain school tools such as those identified in the student user agreement for technology and the Internet.

DRIVING AND PARKING

DRIVERS LICENSE CERTIFICATION - In accordance with state law, all applicants under the age of 18 must provide a Certificate of Enrollment in order to receive their driver’s permit/license. Certification forms are in the main office. A student must complete the appropriate form and should expect to wait 2 business days for confirmation. GCHS staff will not honor “on-demand” requests. Notarized certificates expire in thirty (30) days. Students with birth dates falling over long holidays must request a review in advance. Beginning the last week of the GCSS school calendar year, students with birth dates through the summer will receive a form with a “valid until” date good through the summer break.

In addition, all teens under the age of 18 must complete and pass the Georgia Alcohol and Drug Awareness Program (ADAP) in order to receive their Class D driver’s license. Students take the ADAP course during the 9th grade health class. Students who have taken and passed this course at GCHS will receive a copy of their ADAP Certificate when their Certificate of Enrollment is processed. Students who have failed the test or who missed the opportunity to take the test during their 9th grade year will need to contact the Georgia ADAP. **Learner’s permits are not the same as driver’s licenses. Students with learner’s permits are not allowed to drive to or park on campus.*

Parking on Greene County School System property is a privilege. Students who drive vehicles to school will park at their own risk and must understand that neither the school nor the Greene County School System can be held responsible for the vehicle or its contents.

Students should adhere to the following guidelines and procedures:

1. Students with parking permits are to park in the student parking lot only. Permits are only valid during school hours. Parking by GCHS students in the back parking lots could result in the vehicle being towed in all occurrences. No warnings will be issued.
2. Permits cost \$20.00 per vehicle. Students who purchase permits will sign and be given a copy of GCHS Student Parking Regulations and Expectations for parking on campus. The driver must adhere to these regulations or risk losing his/her permit. Proof of ownership, insurance, and a driver's license is required at the time of purchase.
3. Permits may be purchased during designated sale periods prior to school or from the Administrative Assistant (in the main office) before homeroom, during lunch, or after school until 3:30 p.m.
4. All cars parked on the campus must be registered. Records kept by the school will be the official documentation to determine the number of violations. Parking violations are a Level I Offense.
5. Vehicles without permits that park on the campus may be towed at the owner's expense.
6. Sale or transfer of permits between students or to any other vehicle is prohibited. (This applies to students who own more than one vehicle. Each vehicle requires a separate permit.
7. All vehicles are subject to search if, in the opinion of the administration, reasonable suspicion of a violation of a school rule exists and during school-wide drills.
8. Neither the school nor any staff member will be responsible for any damage to car locks or batteries if a student or parent makes a request for help.
9. For the safety of all students, a 10-mph speed limit will be strictly enforced on campus.
10. Reckless driving or speeding will result in loss of parking privileges at the school. No warning will be issued.
11. Students are not allowed to ride in the bed of an open pickup truck either for purposes of moving school equipment or for other purposes. Additionally, students are not allowed to ride on the hood or trunk of a car or truck.

GRADING PROCEDURES and GRADE PROGRESSION

Parents/guardians and students may access student grades, class assignments, and attendance information daily through the Internet using **Parent Portal**. Parents and students are encouraged to register for and access **Parent Portal** via the website below.

<https://campus.greene.k12.ga.us/campus/portal/greene.jsp>

Parents and students can use Parent Portal to keep track of student progress as well as class assignments and attendance throughout the semester. To qualify for access, the parent must provide documentation confirming parental rights to such information, complete a parent portal registration application, and receive a password. The media center staff will support parents with this registration process.

GRADING INFORMATION & PARENT PORTAL - Students should become familiar with grading systems as described in class syllabi. Students will receive grades on a semester basis as follows:

- Progress Reports will be issued at 4 ½ weeks, 9 weeks and 13 ½ weeks.
- Report Cards will be issued at the end of each 18 weeks with the final assigned numerical grade permanently recorded.
- For 8th grade middle school courses (in which high school credit is not awarded), students will receive a cumulative grade for each course they take. Grades on the report card shall be numeric and based on students' mastery of the standards.
- Numerical grades and/or non-numeric designations shall be recorded for all students for whom a grade is given in grades 9 – 12.

Learning Practice: Students have opportunities to engage in learning and get feedback on progress informally from teachers, peers, or through self-reflection. Learning practice is an important component of the learning process to demonstrate mastery prior to a summative assessment. Examples include hands-on learning activities, group work, classwork practice, self-reflection, small group discussion with exit ticket on learning target). Classwork that is

not finished may be finished for homework and will be graded. Small, more informal learning practice activities count as 10% of each semester average.

Formative Assessment: process used by both teachers and students during instruction that provides descriptive feedback to adjust teaching and learning. Formative assessment informs students about their learning progress and next steps for learning growth before a summative assessment. Examples include quizzes, journals, hands-on learning activities with oral or written response to learning target are quizzes, drafts or portions of essays, projects, research papers, choice board activities, and presentations. They provide practice while learning. These assignments, observations, and conversations are used to inform both the teacher and student about the learning process and lead to potential success on summative assessments. They count as 35% of each semester average.

Summative Assessments: measures student academic achievement and progress towards mastery of power standards/learning targets. They provide opportunities to measure student progress by determining if students have learned the intended goals. Providing actionable feedback on the results is important so students can monitor their progress and set future learning goals. Examples include assignments/assessments such as unit tests, projects, essays, research papers, and presentations which may integrate multiple standards. These grades reflect student mastery of standards after the learning activity is completed and count as 45% of each semester.

Performance Task: a project that requires students to apply their knowledge and skills to real-life problems or scenarios. While this is a summative assessment, it will receive its own category of 10% of each semester average as it will incorporate multiple units of study within the project. It shows mastery of the standard at a higher-level than other types of assessment.

Work habits are behaviors that have the potential to increase academic achievement, promote lifelong learning and foster personal accountability. The feedback procedure for work habits is defined under “Grading Procedures.”

Grading Procedures:

The uniform procedures for evaluating and communicating student progress in learning toward the GSE are as follows:

1. The teacher(s) of each student is responsible for evaluating the individual student’s progress toward and achievement of the GSE.
2. Teachers are accountable for grade calculations and reporting that is clear, complete, and conducted according to the approved standard system of weights and measures. Teachers will use district gradebook software for grade reporting and for parent portal communication.

3. Principals are responsible for implementing a local process for monitoring grading procedures. The number of individual grades for each category (percent of spread) should be monitored at the school level to ensure percentages are fair and equitable. A principal, in consultation with the Director of Teaching and Learning, may correct a teacher-assigned grade if it is determined that the grading procedures were not followed.

4. Final grades should represent the student mastery of the GSE over the entire grading period.

5. Grades should reflect academic achievement only and should not evaluate effort and participation. Students are not to be penalized in grading because of fees owed. Work habits will be evaluated separately by a mark of: "exceeds," "meeting," "does not meet." Work habits include Responsibility, Participation, Assignment Completion, and Interpersonal Skills. Teachers may leave comments on work habits to support student progress toward meeting and exceeding expectations in those areas.

6. Teachers are responsible for providing intervention strategies for students not progressing toward mastery of the standards. Teachers must give specific intervention to students making below 70% on formative and summative work. Any student can request to reassess on a summative assessment, regardless of their grade on the assessment.

a. Any summative assessment at 70% or below requires reteaching and one reassessment. Reassessment grades higher than the original grade should be averaged with the original assessment grade for entry into the gradebook.

b. Requests for reassessment should be made within 7 days of receiving a graded test.

c. Reassessments will take place during a time set by the teacher and student that is outside of academic instructional hours of the school day.

d. This policy (#6 a-c) DOES NOT APPLY to Final Exams, Benchmarks, or EOC assessments.

7. The teacher's evaluation of student progress toward the GSE should be made continuously available through the parent portal.

8. Teachers who need to change a student's grade after a final grade is posted for the report card must secure the approval of the supervising principal and/or his/her designee.

9. The grade is a report of the individual student's progress to the student, to his or her parents, and to others who are concerned with the student's progress in education. Student academic progress shall be graded by means of a numerical average according to the following scale for grades 9-12:

- 90% and above A shall indicate excellent progress on standards

- 80%-89% B shall indicate above average progress on standards
- 70%-79% C shall indicate average progress on standards
- 0%-69% U/F shall indicate unsatisfactory progress/failure of acceptable progress on standards
- **I - Incomplete*
 - A student who has not completed the requirements of a given course. (Specific to EOC Tests)
- **P - Pass*
 - The student satisfactorily meets course requirements or extenuating personnel issues exist(ed) impacting the student's ability to satisfactorily meet course requirements. This designator can only be authorized in grades 8-12 by the Principal and Superintendent.
- **F - Fail*
 - The student's work is unsatisfactory with little growth evident. Failure to achieve at the assigned performance level. A recorded designator of Fail is equivalent to a letter grade F (below 70). A non-numeric designator of Fail can only be authorized in grades 9 - 12 by the Principal and Superintendent.

Online Learning Lab

Online Learning Lab is a placeholder course name for students who are enrolled in elective courses we do not offer face to face or a credit recovery course that is required for graduation. Online Learning Labs are offered during the school day and are on the student's schedule. Grades for Online Learning Labs will be reported on the progress report using the Actual Grade in Edgenuity. Teachers will record the Percent Complete in the comments section when they post progress report grades. Since RISE and PREP students are enrolled in multiple OLL sections those teachers will not post grades in IC. Instead, parents may request the Edgenuity progress report from the RISE and PREP administrator.

If a student completes an Edgenuity course with a passing grade by the time the semester ends, a grade for OLL will not be posted to transcript. Instead, the Actual Grade for the Edgenuity course will be posted to transcript by the registrar once the Edgenuity Completion Form has been completed and approved by the Edgenuity administrator and counselor. If the student did not complete the Edgenuity course with a passing grade by the end of the semester, the OLL teacher will post the Actual Grade for the 18 Week, Final Exam, and Semester Average. The Edgenuity administrator will work with OLL teachers to ensure the correct grades are posted to the transcripts.

Dual Enrollment Grading

Students in dual enrollment do not have grades posted in IC due to state privacy laws/policies. Instead, once the grades are received from Athens-Tech, the registrar will manually enter these grades on transcripts. Parents can also have students login to Blackboard and have students click on the My Grades section of the course to see their In Progress grades from Athens Tech.

- Students who pass 3 Core Dual Enrollment courses will be credited with the Early College/ College Essentials Pathway.
- Students who pass 6 Core Dual Enrollment courses will earn a Technical College Certificate for the Early College/ College Essentials Pathway.
- Students who complete all required courses for a CTAE Dual Enrollment Pathway will earn a Technical College Certificate in that industry/field. (Welding, Culinary Arts, AVT, etc.)

Final Dual Enrollment grades received from the college come in letter format. However, high school grades are numerical. With the Flat 4.0 GPA Scale, Dual Enrollment Final Grades will receive an additional +10 on the high school grade before being posted to the high school transcript. Please see chart below on Dual Enrollment grades and high school weighted GPA:

Dual Enrollment Grade/GPA Chart (Flat 4.0 Scale)

College Grade	HS Numerical Grade	+10 Rigor Boost (Grade on Transcript)	HS Weighted GPA
A	95	105	4.5
B	85	95	4.0
C	75	85	3.0
D	65	75	2.0
F	55	65	1.0

Off Schedule Independent Study Dual Enrollment courses will not be calculated into a student’s high school weighted GPA or class ranking. These courses will not be added to the high school transcript until after the Top Ten and Valedictorian and Salutatorian have been determined.

HOMEWORK

Regular daily homework is given for practice only. If your student needs extra practice on a standard or skill, a teacher may assign practice work. This work will not be graded but will be used to assess the student progress toward mastery of the standard. There are some cases that homework may be graded:

1. If a student is not able to complete their work in class, they will be asked to complete it for homework. If it is a formative classwork assignment, it will be graded.
2. Projects and longer research-based formative or summative assessments may require some work at home to complete. This is not considered homework as there will also be ample time in class to work on projects. This work will be graded.
3. After an absence, if students are not able to complete their work during the school day, they will need to complete missed work at home. This work will be graded.
4. In a flipped classroom, Advanced Placement, Honors, and Dual Enrollment courses the homework procedures do not apply. IN these courses homework guidelines are made by the instructor.

HONORS/STUDENT RECOGNITION

In addition to student of the month, academic excellence and/or character excellence is recognized in a variety of ways. Annually, honor clubs such as the BETA Club and Interact induct those students who, by virtue of academic achievement and good character, qualify for membership. At the end of the fall semester, those students who have no grade below a 90% will be listed on the **A Honor Roll**. The **A/B Honor Roll** consists of students earning no grade below 80%. At the annual Honors Night ceremony held each spring, various departments recognize outstanding students. For membership in some clubs, grades of 90+ may be required as well as community service obligations.

ADVANCED PLACEMENT/DUAL ENROLLMENT

AP courses are opened to all students (Grades 9-12). CTAE Dual Enrollment courses are opened to all students (Grades 10-12). CORE Dual Enrollment courses are opened to all students (Grades 11 & 12). TCSG and its partnering colleges have HOPE GPA requirements to participate in Dual Enrollment Courses. Students wishing to apply for CTAE Dual Enrollment courses must have at least a 2.0 HOPE GPA. Students wishing to apply for CORE Dual Enrollment courses must have at least a 2.5 HOPE GPA. There are also class size limits on Dual Enrollment courses: CTAE courses have a 12 student limit and CORE courses have a 24 student limit. Dual Enrollment applications will be processed on a first-come-first served basis.

AP/Dual Enrollment courses are college level courses. Students will be expected to keep deadlines and turn in college level work. The general rule for these classes is for every hour of work in class, students can expect to put in at least an hour of work outside of class. Parents are encouraged to support students in adding rigor to their courses for increased student achievement, which may enhance opportunities to be accepted to college and/or receive scholarships. AP/Dual Enrollment courses calculate into a student's Weighted GPA and Class Ranking.

CALCULATING GPA

The final Cumulative GPA, Weighted GPA, and Class Rank will be calculated at the end of the third marking period during the senior year. It should be noted that mid-year and marking period GPA's and rank are unofficial due to the potential unavailability of grades and credit status in certain courses.

Transfer credit earned from institutions that are accredited by the Georgia Accrediting Commission, or by the equivalent accrediting association from another state will be considered in calculating grade point average for purposes of these rules in accordance with policy JBC(4).

Cumulative grade average for purposes of these rules shall be based on course work completed in grades 9-12 and calculated after first semester grades of the senior (12th) grade year have been posted to student grade histories (i.e.: semester one report cards).

Each student's rank in class is determined by listing the students according to grade point average including quality points earned (Weighted GPA). Beginning with the 2024-2025 school year GCHS will switch to a Flat 4.0 Scale. Instead of Quality Points and a 3 Tiered GPA scale, all courses will be on a Flat 4.0 GPA scale. Honor courses will no longer be on the 4.5 GPA scale. For Advanced Placement and Dual Enrollment courses, +10 will be added to the Final Semester Average in lieu of quality or rigor points that would have been earned on a 5.0 GPA scale. See charts below.

GPA Scales Prior to the 2024-2025 school year.

Grade Received	AP and College Courses	Honors Courses	All Other High School Courses
A (90-100)	5.0	4.5	4.0
B (80-89)	4.0	3.5	3.0
C (70-79)	3.0	2.5	2.0
F (69-0)	0.0	0.0	0.0

Flat 4.0 GPA Scale beginning with the 2024-2025 school year.

HS Course Grade	High School GPA	AP/DE Course Grade	High School GPA
A (90-100)	4.0	A (90-100) +10	4.0-5.0
B (80-89)	3.0	B (80-89) +10	4.0
C (70-79)	2.0	C (70-79) +10	3.0
F (69-0)	0.0	F (69-0) +10	1.0-0.0

Courses taken/Grades earned under the previous GPA system will not be changed on the transcript.

RULES FOR DETERMINING VALEDICTORIAN, SALUTATORIAN, AND CLASS RANK

The senior student with the highest grade point average including quality points (Weighted GPA) will be designated as the senior class valedictorian. The senior student with the second highest grade point average including quality points (Weighted GPA) will be designated as the salutatorian.

In the event that two or more students are tied for the rank of Valedictorian, they shall be designated as co-valedictorians and the senior with the next highest weighted grade point average shall be designated salutatorian.

Moreover, in the event that two or more students are tied for the rank of salutatorian, co-salutatorians shall be designated.

Additionally, Greene County High School recognizes the ten seniors (including valedictorian and salutatorian) who graduate at the top of their class. This "top ten" honor, like the valedictorian and salutatorian distinctions, is determined by the students' grade point averages, including quality points (Weighted GPA) and in accordance with this rule.

Attendance for final exams and other required tests, e.g. EOC, are integral parts of course requirements for students in the secondary schools of Greene County. A final assessment, which counts no more than 20% (unless otherwise required by the state) of the semester grade, will be given in each class at the end of the semester. All students will be required to take final exams and/or other required assessments for courses in which they are enrolled at the time those exams are scheduled. A schedule of exam dates will be published with the annual school calendar in order for students and parents to be informed of the exact dates of required exams/assessments. Only those students who present evidence of an excused absence will be permitted to make up an exam. All make-ups for required assessments must be approved by the administration and must be completed within five (5) days of the date on which the assessment was scheduled or on the assigned date if the assessment is state mandated. All students will be required to take a state exam or final assessment.

MONEY ORDERS

Checks are prohibited. Payments for field trips, dues, etc. must be paid with cash or money order. Please make money orders payable to Greene County High School.

OBLIGATIONS

Students who fail to return books, chromebooks, student ID's, loaned instructional materials, fundraiser funds/items for a class will be given an Obligation Notice. A copy of the Obligation Notice is mailed home to parents at the end of the school year. Student notices are also given for unpaid fees and financial obligations incurred during school (i.e. library fines, rental fees, etc.). Seniors who do not pay their obligations will not be allowed to participate in graduation.

EXTRACURRICULAR ACTIVITIES

Students are strongly encouraged to participate in sports activities, clubs, and other school supported organizations. School clubs and organizations organize and meet for common goals, objectives, and purposes. State law requires that parents have the right to withhold permission for their children to participate in any school sponsored club or organization designated by them. Club information will be available on the school website or by calling 706.453.2271.

Students participating in organized sports activities, clubs, and/or organizations must maintain acceptable academic and behavior standards. SCHEDULE CHANGES

Students have 5 days to submit a schedule change request for and will report to the classes on their current schedule until a new schedule is issued. Requests for change(s) in schedule(s) will be approved for the following reasons: the student has already received credit for the class or has not fulfilled prerequisite requirements; the class is needed to complete a pathway requirement; there is opportunity to recover a credit or enroll in an advanced placement class; or, the student can participate in dual enrollment. The guidance office supports assisting parents in helping their child meet graduation requirements.

SCHOOL RESOURCE OFFICER(S)/SEARCHES AND DRILLS

School Resource Officers assist with traffic logistics planning and operation, work with students and faculty in promoting and implementing safe driving programs, serve as guest speakers for classes where expertise is beneficial, and work with school employees for the safe operation of the school. If a School Resource Officer, a student, and/or an employee has reason to believe the safety of the school environment is threatened, the school administration may conduct searches and drills.

STUDENT ETHICS

Greene County High School students are expected to display ethical behavior at all times; abide by all federal, state, and local laws and statutes; be honest and show integrity in all their work and actions.

STUDENT REPORTING OF ACTS OF SEXUAL ABUSE OR SEXUAL MISCONDUCT

The Georgia Professional Standards Commission has determined that any student (*or parent or friend of a student*) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

TEXTBOOKS & EQUIPMENT

All textbooks and lab equipment such as computers, microscopes, etc. are loaned to the students by the Greene County Board of Education at no cost to the student. All textbooks are issued by number and the condition is noted when issued. Loss, unusual wear, damage, or destruction of school property will result in the student being charged a replacement fee. It is strongly recommended that book covers be used to minimize wear on books. Fines for damages can be expensive as some current textbooks cost more than \$40. Having a textbook stolen does not release the student from responsibility for the book. Students are strongly encouraged to keep up with books and use their locker appropriately.

TIGER ADVISEMENT PERIOD (TAP)

Greene County High School students will be assigned to a Tiger Advisement group. TAP is an intervention, remediation, and enrichment period that supports Multi-Tiered Systems of Support (MTSS). TAP is a credit-earning course, .5 credit each semester.

TRANSPORTATION REQUESTS

The school receptionist may not take messages regarding checkout or afternoon transportation for students. It is impossible for us to be certain with whom we are speaking. Our primary concern is each child's safety. Your cooperation is appreciated in this effort.

We ask that all students come to school in the morning clearly knowing whether their parents expect them to ride the bus, walk, or be picked up by car in the afternoon. We also ask that parents clearly know whether or not their children are planning to stay for an after-school activity.

If you have questions or concerns regarding transportation, please call 706-453-1013.

GCSS RESPONSIBLE TECHNOLOGY USE STUDENT AGREEMENT

The GCSS Responsible Technology Use Student Agreement is adopted pursuant to 47 U.S.C. 254(l).

I. Introduction

All students and their parent and/or guardian shall sign a GCSS Responsible Technology Use Student Agreement saying they have read and understand the administrative procedures set forth for using the Greene County School System (GCSS) telecommunication infrastructure and the resources provided via said infrastructure.

Consistent with GCSS's Board of Education Electronic Communications Policy (IFBGA) and consistent with the educational mission and goals of GCSS, all students and employees are provided access to its telecommunication infrastructure for educational purposes. The Greene County School System believes the use of telecommunications in instructional programs is an educational tool that facilitates communication, access to information, resource sharing, and innovation.

Due to the complexity of accessible networks and the magnitude of potential information available via the Internet, students and employees using telecommunications will comply with the GCSS Board of Education Electronic Communications Policy (IFBGA) and system administrative procedures with regards to technology use including Bring Your Own Tools (BYOT). Bring Your Own Tools means that users bring their own personal electronic devices to school for educational purposes.

For the purpose of BYOT, the Greene County School System defines technology as meaning any privately owned wireless and/or portable hand held equipment that includes, but is not limited to, existing and emerging mobile communication systems and smart technologies, portable Internet devices, personal digital assistants (PDAs), hand-held entertainment systems or portable information technology systems that can be used for word processing, wireless Internet access, image capture and/or recording, sound recording, information transmitting/receiving/storing.

Because of the changing nature of technology and due to changes recommended or required by federal law, the Board of Education reserves the right to amend the GCSS Board of Education Electronic Communications Policy (IFBGA) and/or its procedures. GCSS administration reserves the right to make further restrictions based on specific needs.

The Board of Education makes no assurances of any kind, expressed or implied, regarding any telecommunication services provided. Neither the school system nor individual schools in the system will be responsible for any damages the student/user suffers. Use of any information obtained via the system's telecommunication infrastructure is at the user's own risk. The school system specifically denies any responsibility for the accuracy or quality of information or software obtained through its electronic services. The Board of Education can assure parents that employees will be trained and reasonable precautions-- including content filtering and monitoring--will be taken to keep GCSS users safe from illegal and/or offensive material in compliance with FCC guidelines.

II. Staff Training and Monitoring

Greene County School System employees will become familiar with the GCSS Board of Education Electronic Communications Policy (IFBGA) and its applicable procedures as well as the GCSS Responsible Technology Use Student Agreement. Employees will be trained in the use of appropriate telecommunications and informed of "no right to privacy." The Technology Director and/or designee will lead this instruction. The instruction will include training and any needed clarification on policy and applicable procedures established and/or amended during the school year. No employee shall have access

to the Internet within a classroom or other school setting unless the employee has completed appropriate training and signed the GCSS Responsible Technology Use Employee Agreement. When, in the course of their duties, any employee becomes aware of violation of the GCSS Responsible Technology Use Student Agreement, they must correct the student and address the matter in accordance with this procedure and the procedures outlined in the school's Code of Conduct which is consistent with the GCSS Board of Education's general disciplinary policies and procedures.

The Board of Education, through its administrative staff, reserves the right to monitor and filter all computers, electronic mail, voice mail, Internet, and all other forms of electronic activity and/or use by students and employees. The Internet network structure makes it extremely difficult for the Board of Education and/or schools to regulate completely and filter the information received or sent by users. As such, the Board of Education and/or schools cannot assure that students will not access undesirable materials or send or receive objectionable communications.

In doing the most controlled monitoring possible, school administrative personnel will enforce administrative procedures. Failure to comply with these administrative procedures shall be deemed grounds for revocation of privileges and disciplinary and/or appropriate legal action for both students and employees. A copy of the procedures shall be distributed to each school system employee. The Superintendent will instruct the administration at each school to provide a student copy in the form the school deems appropriate (student handbook, parent and student information sheet, etc.). The media center at each school and the central office shall house a copy for public examination. In addition, copies of this GCSS Responsible Technology Use Student Agreement will be found on the school web pages (<http://www.greene.k12.ga.us>), and a hard copy will be housed at the Technology Department along with a copy of the Children's Internet Protection Act.

It shall be the policy of the Greene County Board of Education that the school system shall have in continuous operation, with respect to any electronic devices providing access to global communication, the following:

1. A qualifying "technology protections measure," as that term is defined in Section 1703 of the Children's Internet Protection Act of 2012; and
2. Procedures or guidelines developed by the Superintendent, administrators, and/or other appropriate personnel which provide for monitoring the online activities of users and the use of the chosen technology protection measure to protect against access through such computers to visual depictions that are (i) obscene, as that term defined in section 1460 of title 18, United States Code; (ii) child pornography, as that term defined in section 2256 of title 18, United States Code; or (iii) harmful to minors, as those terms are defined in Section 1703 of the Children's Internet Protection Act of 2012. Such procedures or guidelines shall be designed to:
 - a. Provide for monitoring the online activities of users to prevent, to the extent practical, access to inappropriate matter on the Internet or the World Wide Web.
 - b. Promote the safety and security of users when using electronic mail, chat rooms, or any other form of electronic communications;
 - c. Prevent unauthorized access, including so-called "hacking," and other unauthorized online activities;
 - d. Prevent the unauthorized disclosure, use or dissemination of personal identification information;

e. Restrict access to materials "harmful to minors" as that term is defined in Section 1703 of the Children's Internet Protection Act of 2012 which states *The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that*

- i. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
- ii. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
- iii. Taken as a whole, lacks serious literary, artistic, political or scientific value to minors.

II. Network Security

The user is responsible for all of his/her actions and activities involving the Internet and the system's telecommunications infrastructure. Network security is a high priority.
