CERTIFIED MEDICAL ASSISTANT

A Medical Assistant is a critical member of a healthcare team and are often employed in physician offices.

WHAT MEDICAL ASSISTANT'S DO:

- Take patient vital signs
- Assist providers with exams
- Administer injections or medications, suture removal, spirometry.
- Perform EKG, phlebotomy, and laboratory screenings (such as blood glucose).
- Update patient health records

HOW TO BECOME A MEDICAL ASSISTANT AT BEN BARBER:

- Take Medical Terminology, Health Science Theory, and either Phlebotomy or EKG during 9-11 grade.
- Take Medical Assistant course during 12th grade.
- Pass your Medical Assistant certification exam.

Earning a Medical Assistant certification in high school can save you $4500 in tuition and fees at other healthcare training entities.
