# ABENAKI OUTING CLUB

## Winter 2024-25 Programs Abenaki Ski Area

*Scholarships & equipment  
rentals available!*

*Our mission at Abenaki is to foster lifelong skills and passion in young skiers. We do this through our Freestyle, Nordic, Learn to Ski and Alpine recreation and competitive programs. Abenaki Outing Club strives to provide safe and affordable skiing for all. To keep skiing affordable, we aim to subsidize all skiers who require support through fundraising.*

### Learn to Ski

For children ages 4-7 that have very little to no experience skiing but desire to learn the fundamentals of skiing. Lessons are on Saturday mornings. The goal is after 5 lessons to have the ability to ride the rope tow up the kiddie side and ski down independently.

### Freestyle

Recreational program that teaches freestyle techniques to skiers & snowboarders up to age 18. Practices are held on Monday nights. Participants may compete in the Small Mountain Series and/or other competitions throughout NH.

### Alpine Race

USSA certified program that encourages and develops young ski racers ages 6-16. We also offer programs for high school racers looking for more training time. Practices are held weekly on Tuesday and/or Thursday evenings and Saturday mornings. Racers can choose to compete in USSA sanctioned races throughout NH.

### Nordic

Program teaches Nordic skiing for children 14 & under. Practices are held on Wednesday evenings and Saturday mornings. Participants may compete in the Bill Koch Youth Ski League. Program offers equipment at no cost to participants made possible by a grant from the Killington World Cup Foundation.

*Supported by Wolfeboro Parks & Recreation*
