

Effingham Elementary School
Title I Parent/Guardian Survey
Fall 2024

Effingham Elementary School is fortunate to receive federal funds through the Title I program. These funds provide supplemental educational materials and individuals to provide learning support to students.

A very important part of Title I is family engagement. Research shows that children do best academically when parents/guardians are involved in their education.

Please complete the survey below. The information you provide will help us determine the type of activities we will provide for families to support the education of children.

THANK YOU for your input. We value your opinion and support.

1. Each year we offer events to help parents/guardians in their effort to support student learning. Please check off the topics which you find most interesting.

As a parent/guardian, how am I best able to learn about school/classroom expectations, homework and classroom routines?

How am I best able to support learning at home?

What are the expectations for learning in math, reading, social studies and science by the end of the school year?

How does the teacher measure the growth and progress of students?

Please help me understand the report card as found on JumpRope.

What can I do to help my student develop and keep healthy relationships?

What do I need to know about the impact the use of the internet, apps and gaming have on children?

What can I do to help things run more smoothly at home?

I would like to learn more about art, music and physical education at EES.
