FIND OUT WHY 1.4 MILLION STUDENTS CHOOSE SUNY.

Let's Talk Quality

SUNY colleges and universities regularly rank among the nation's best on a variety of measures, from Forbes' "Top Colleges" to U.S. News & World Report's "Best National Universities" and "Best Regional Colleges" to recognition for excellence in particular programs of study, best-value colleges, best for social mobility, and most beautiful campuses. Our alumni have reached the heights of achievement in their fields and our researchers fuel innovation in New York and around the world. This is the place to launch your future.

Let's Talk Cost

Our tuition and fees are among the lowest and most competitive in the nation—we were founded to educate, not to make a profit. See "SUNY Saves You Money" in this Viewbook for more info or visit suny.edu/smartrack to learn just how affordable college can be.

64 Campuses = Unparalleled Opportunity

As a SUNY student, you can take advantage of the entire SUNY online course catalog, library collections, and participate in SUNY-wide activities like the Undergraduate Research Conference, SUNY Student Assembly, Student Voices Action Committee, SUNY Esports League, Best of SUNY Student Art Exhibition, and many other statewide opportunities. You'll also enter a network of more than 3 million SUNY alumni around the globe.

Dig Into What You Love

Find your passion with thousands of student clubs, 50 honors programs, interest-based learning communities, athletics at every level, and plenty of service and volunteering opportunities. Can't find what you want? Create something new.

See the World

SUNY offers study abroad programs on all seven continents—yes, even Antarctica. Select from 1,000 programs in more than 60 countries and sharpen your language and intercultural skills. These international internship, service learning, and dual diploma options range from a two-week intensive course to an entire semester or year abroad.

Get Real-World Experience

We believe in the power of learning by doing. Many SUNY programs include credit-bearing internships as part of their degree requirements, combining classroom instruction and on-the-job experience to help you develop the skills employers value.

Get the Support You Need

Success in college is about so much more than the classroom. That's why we invest in student support services, from financial aid and academic planning services to food security programs, mental health support, and on-campus child care centers. We know a successful student is a community effort—and we take care of our community.

WE HAVE
4,300+
MAJORS.
BUT
ONLY
ONE
REALLY
MATTERS
—YOURS.

From accounting to zoology, you can study virtually anything at SUNY. And with seamless transfer throughout the system, you're not limited to a single campus—you have the power of 64 colleges and universities to help move you forward.

Find Your Major

Each SUNY campus is different, so let's find the one that fits you best. Just use our program search to match your preferences and majors. You can search all of SUNY's majors by keyword, subject area, or campus.

- 1 The fewer words you enter, the more majors you will find!
- 2 Pre-medicine is not a major program of study. Medical schools routinely accept students with degrees in the natural sciences. This is not to say you must major in one of those areas. You should consult with your academic advisor to determine your best program of study.
- 3 It's okay to be undecided.
- 4 Pre-law is not a major program of study. However, law schools routinely accept students with degrees in the humanities and social sciences.
- 5 You can print a list of all the majors you select or print a complete list and browse them all!

suny.edu/majors

SUNY SAVES YOU MONEY.

A college education is an investment in your future. There's no better place to make that investment than The State University of New York.

SUNY's tuition and fees are among the lowest and most competitive in the nation. At the same time, our campuses are nationally ranked in a variety of categories including America's Best Colleges and Top Public Schools in the nation, among others.

A high-quality education at a great price adds up to a smart investment.

Transportation	\$1,040	\$1,790	\$1,140

Associate Degree at Community College

Direct costs	NY Resident Living on Campus	NY Resident Commuting	Non-NY Resident Living on Campus
Tuition	\$5,130	\$5,130	\$9,500
Fees	\$880	\$880	\$880
Room & Board	\$11,800	\$4,330	\$11,800

Indirect costs

Books & Supplies	\$1,450	\$1,450	\$1,450
Personal Expenses	\$1,300	\$1,320	\$1,300
Transportation	\$1,220	\$1,860	\$1,320

¹ Tuition rate for non-New York residents enrolled in a distance-learning program is \$8,480 at most campuses. Tuition rate for non-New York residents enrolled at University at Buffalo and Stony Brook University is \$24,990. Tuition rate for non-New York residents enrolled at University at Albany and Binghamton University is \$24,910. Tuition rate for non-New York residents enrolled at SUNY Downstate Health Sciences University, Upstate Medical University, SUNY Polytechnic Institute, and College of Environmental Science and Forestry is \$17,830. Technology Colleges may charge a reduced non-New York resident tuition rate for associate degree programs.

² Figure represents the average fee. Typically fees at the state-operated campuses range from \$1,260 to \$3,440.

MONEY DOESN'T GROW ON TREES. MAKE THE MOST OF IT AT SUNY.

Costs

Total costs vary depending on the college, its location, full-time or part-time enrollment, program of study, delivery method of program, housing accommodations, personal expenses, and other individual factors. State University colleges have higher tuition rates for students who are not New York State residents. Review residency requirements at suny.edu/smarttrack.

For students taking fewer than 12 semester hours (part-time study), New York State tuition is \$295 per credit hour for baccalaureate and associate degree programs at state-operated campuses.

Financial Aid

Financial aid programs include academic scholarships, need-based grants, student and parent loans, and employment. Both the federal and state governments offer financial aid programs. Other sources of assistance may include scholarships from private organizations, foundations, fraternal groups, and SUNY campuses.

To apply for federal and state aid, you must first complete the Free Application for Federal Student Aid (FAFSA). The FAFSA can be completed online at fafsa.gov.

Tuition-Free SUNY

The Excelsior Scholarship, in combination with other student financial aid programs, allows qualified New York State residents to attend a SUNY college tuition-free. hesc.ny.gov/excelsior

Smart Track

We want you to make the best financial decision for your future. Smart Track can help you step by step. Scan the code or visit suny.edu/smarttrack to start.

LIVE & LEARN AT SUNY

SUNY campuses from Long Island to Buffalo to the North Country are diverse, vibrant communities of students from across the U.S. and around the world.

Whether you're in a bustling urban center or nestled in the beautiful Catskill or Adirondack Mountains, you'll have countless opportunities to find your place, get involved, meet new people, and make the most of your college experience at a SUNY campus.

Get the Support You Need to Succeed.

SUNY is committed to supporting the whole student to help you succeed in college. That's why we make sure our campuses provide child care support, mental health and wellness services, food resources, academic supports, military and veteran support services, disability services, financial literacy support, and many other resources to help every student earn a college degree.

See for Yourself.

Follow @SUNY on Instagram to get a look at student life across our 64 colleges and universities.

Realize Your Potential

SUNY Educational Opportunity

Program For more than 50 years, the SUNY Educational Opportunity Program has made college attendance possible for students with limited income who are academically underprepared. EOP ensures that students with academic potential are provided the opportunity to attend a SUNY college, earn a degree, and achieve their life goals.

EOP provides eligible students with a pre-freshman summer program experience, tutoring and academic support, skill development opportunities, counseling, and modest financial support.

Are You Eligible? To be eligible for admission to EOP you must: (1) be a New York State resident for 12 months prior to enrollment; (2) require alternate admissions consideration; and

(3) qualify as economically disadvantaged according to the guidelines indicated. In selecting students for the program, priority is given to applicants from historically disadvantaged backgrounds. Please note that eligibility does not guarantee admission.

Academic Eligibility Academic eligibility will vary by campus. To view the EOP freshman profile for each campus, visit suny.edu/eop-academics.

Financial Eligibility The table to the right lists financial guidelines for EOP eligibility. To be determined economically disadvantaged, your household income must not exceed the amount shown for its size, or your circumstances must conform to one of the following: (1) your family is primarily dependent on public assistance; (2) you are in foster care as

established by the court; or (3) you are a ward of the state or county. Eligibility guidelines may be adjusted slightly each year.

2024-25 EOP INCOME ELIGIBILITY CRITERIA

Household Size	Eligible Income
1	\$26,973
2	\$36,482
3	\$45,991
4	\$55,500
5	\$65,009
6	\$74,518
7	\$84,027
8	\$93,536*

**For families/households with more than 8 persons, add \$9,509 for each additional person.*

80,000+ EOP GRADUATES

2,200+ EOP STUDENTS EARNED A CUMULATIVE GPA OF 3.0 OR HIGHER AT THE END OF THE FALL 2022 SEMESTER

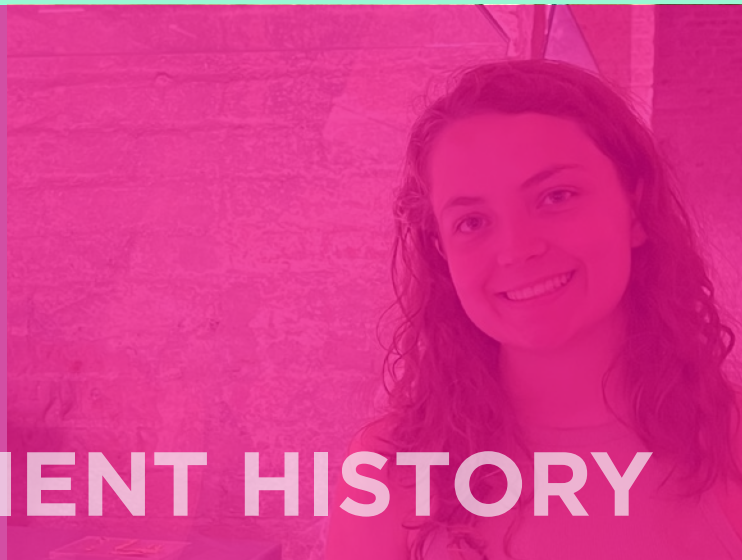

MAKE A

DISCOVERY

SUNY students and faculty are collaborating and making some of the **most impactful discoveries of our time**. From new treatments of diseases to technological advances that ensure a sustainable future for our environment, **SUNY is at the forefront of innovation and research**.

BROOKE

Art history major Brooke embarked on an archeological research project in a small Italian village. She studied centuries of changing conservation and restoration techniques for bronze objects—artifacts which have been continually unearthed in Italy since the late Middle Ages.

UNCOVER ANCIENT HISTORY

NICK

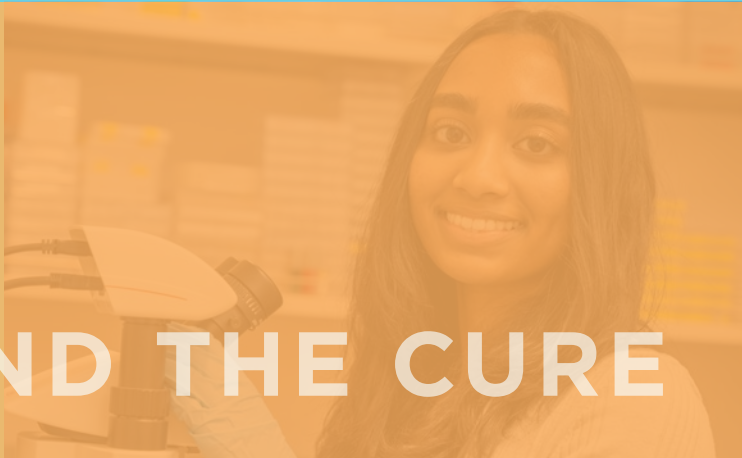

Finance major Nick created an algorithm that takes human emotion out of investing. He examined herding behavior and loss aversion theory to help people avoid irrational decisions. Initial testing shows great promise.

STUDY THE PSYCHOLOGY OF INVESTING

HANNAH

Biology major Hannah is pursuing cancer-related research. In the lab, she investigates the structural and biochemical properties of a novel allosteric binding site of Src kinase. These findings may help us treat cancer.

FIND THE CURE

MAKE YOUR MARK

Many SUNY programs prepare students to immediately enter the workforce upon graduation. These programs integrate classroom instruction and applied learning, **ensuring that students are job ready.**

GET HANDS-ON EXPERIENCE

GABRIEL

Veterinary technology major Gabriel has always loved exotic animals. As a vet tech, he is learning basic animal husbandry skills, as well as clinical techniques. Once he graduates, Gabriel will be well-prepared to work at a zoo, an aquarium, or an exotic animal practice.

JUMPSTART YOUR CAREER

CLAIRE

Automotive technology major Claire is making a name for herself in a male-dominated industry. She grew up with family members who fixed cars and knew she could too. Claire's potential career opportunities include automotive technician, electronic diagnostic technician and service representative.

DO WHAT YOU LOVE

JUSTIN

Culinary arts major Justin was named a silver medalist in the National American Culinary Federation's "Student Chef of the Year" competition. Justin now works at a renowned restaurant, an accomplishment he attributes to the training he received at a SUNY community college.

MAKE A DIFFERENCE

SUNY has a strong history of service—beginning with its motto: **To Learn, To Search, To Serve.** Service-Learning is a teaching and learning strategy that integrates meaningful community service with instruction and reflection.

BE A ROLE
MODEL

QUENTIN

Sports studies major Quentin has worked as a Teacher's Aide, Monitor, Substitute, Coach and Academic Advisor. The need to create a more gender-balanced environment in the field of early education is especially important. Quentin is the kind of role model who can make a lasting impact on the children in his community.

NICOLE

Psychology and sociology major Nicole became interested in international development, learned how to write a grant and conduct research, and participated in the SUNY COIL Global Commons summer program. This allowed her to collaborate with a Non-Government Organization in Nigeria. Now, she's putting these skills and experiences to use as a Peace Corps volunteer.

BUILD
CONNECTIONS

RESPOND
FIRST

TYLER

Homeland security major Tyler is minoring in criminology with a microcredential in Emergency Management. He is president of his campus EMS and is a volunteer firefighter. As Tyler notes, "both jobs require you to run towards danger." After graduation, Tyler plans to continue serving his community.

14 UNIVERSITY CENTERS AND DOCTORAL DEGREE GRANTING INSTITUTIONS

Offering every level of study and research.

Undergraduate teaching, research and advanced graduate and professional studies are top priorities for the University Centers and Doctoral Degree Granting Institutions. All campuses are research institutions and offer bachelor's, master's and doctoral degrees through a broad range of academic programs. Undergraduate research and honors programs provide students with opportunities to interact one-on-one with renowned national and international faculty.

Get the facts on pages 18-22

13 UNIVERSITY COLLEGES

Nationally recognized undergraduate degree programs.

University Colleges are leaders in undergraduate instruction and provide bachelor's and master's degrees in liberal arts and sciences and professional disciplines. These campuses are mostly situated in small cities and towns. Student success is the primary focus as evidenced by faculty and staff interactions through honors programs, independent study opportunities, research and study abroad.

Get the facts on pages 23-27

7 TECHNOLOGY COLLEGES

A range of disciplines. Extraordinary possibilities.

Cutting-edge, hands-on training for in-demand careers is the focus of Technology Colleges. Over 300 academic programs are available through certificate programs, associate, bachelor's and master's degrees in technical, as well as traditional disciplines. Excellent campus support services, investments in the latest equipment, and state-of-the-art facilities complement the classroom instruction. Internships and on-the-job training provide students with hands-on experience that is sought after by employers.

Get the facts on pages 27-29

30 COMMUNITY COLLEGES

A quality start for a successful future.

As leaders in higher education—in New York State and throughout the nation—community colleges respond to the educational needs of all people and their local, state and global communities. SUNY's 30 Community Colleges provide access to higher education by offering certificate programs and associate degrees, as well as transfer and career services. Many of the community colleges also offer on-campus living. Students benefit from smaller classes, flexible course scheduling and affordable career exploration.

Get the facts on pages 30-39

UNIVERSITY AT ALBANY

The University at Albany knows greatness. A unique mix of academic excellence, internationally recognized research, and world-class faculty provides UAlbany students the tools to relentlessly pursue possibilities, create connections, and seize opportunities—locally and globally. Since its founding in 1844, UAlbany has fostered within its students a single-minded purpose: to author their own success, doing the things that matter. Unleash your greatness at the University at Albany.

NYS COLLEGES AT CORNELL

Cornell University is the land-grant university for New York State. It is home to four contract colleges and schools that were created by an Act of the New York State Legislature. Each contract college enjoys the benefits of being part of a private, Ivy League university, while being connected to The State University of New York.

The land-grant mission of the University includes a commitment to make contributions in all fields of knowledge to improve the quality of life in the state, the nation, and the world. In return, the state contributes a portion of the operating expenses of the contract colleges. This allows the contract colleges to keep the cost of tuition lower for New York State residents, making their Cornell degrees more affordable.

Apply to SUNY

HOW DO I APPLY?

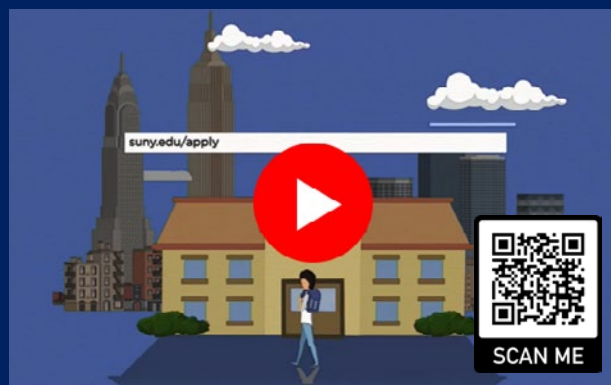

You can use the SUNY Application to apply to undergraduate programs at SUNY. Visit suny.edu/apply to create an account and get started. You may also apply using the Common App.

WHEN IS THE DEADLINE TO APPLY?

SUNY does not have a single application deadline. The earlier you apply, the better. We recommend checking the application deadlines at your chosen campuses to ensure a seat in your program of choice and for your best chance at the housing and scholarships you want.

WHEN WILL I BE NOTIFIED OF ADMISSIONS DECISIONS?

Decisions will be made for Early Decision applicants in December and for Early Action applicants in January. Many campuses respond to regular decision first-year applicants on a rolling basis. Please check with the campuses you've applied to for specific information about the application process.
