GEBBCA is an approved state-certified apprenticeship workforce development program for barbers and cosmetologists. All classes are taught by licensed credentialed instructors. The aspect that makes our program unique is that we give people an opportunity. We have an open-door policy to all interested apprenticeship candidates and salon owners seeking approval to start satellite programs within their counties.

The apprenticeship is a two year on the job training program which combines a hands on experience with a classroom component of related instruction. The process is earn while you learn and learn while doing. Applicants must be a minimum of 16-years of age (or older) and have completed the 10th grade or received a high school equivalent (GED).
