Re: Courses at Eastern Center for Arts and Technology
Date: October 2024

Junior and senior students at the high school are eligible to select classes at the Eastern Center for Arts and Technology (EASTERN). This partnership allows our students to take advantage of the current technologies in 16 career fields at EASTERN and includes the opportunity to continue their education in college. At EASTERN, academics are blended with applied learning just as a lab course in college provides students with a hands-on interactive supplement to theory courses. EASTERN provides the technical experience to give your child a competitive edge in the workplace or college. They also offer articulation college credit agreements with a growing number of colleges and universities and dual enrollment through Montgomery County Community College.

Please check out EASTERN's new brochure that further explains programs at EASTERN - <https://www.eastech.org/parent-brochure>. Programs and activities are coordinated on all administrative levels, including the Superintendent, Principal, Counselor, and Special Education Coordinator, to benefit our students.

Upper Moreland tenth graders will hear from an EASTERN representative and a few current EASTERN students regarding program offerings on November 14, 2024. Interested students will have the opportunity to visit three programs of their choice at EASTERN on December 12, 2024.

You are encouraged to attend its Open House on Sunday, March 2, 2025, from 1 to 3:00 p.m. If you are unable to make the Open House, tours are available on the following dates:
