THE BLAZE

Official Newsletter of HCS Early College High School

"Endless Possibilities"

from the desk of Ms. Williams...

Trailblazers,

I cannot believe it is now October! We have officially been in school for 1.5 months. As students settle into the routine of school, it is important they develop a plan for how to organize their time for school work, extracurricular activities, and possibly employment. I encourage all students to do the following:

- use their school provided agenda books to write down all assignments and upcoming events to assist with organizing their time
- have a dedicated space at home to complete work without distractions
- create a work schedule/plan based on their assignments in their agenda book for completing work and studying for tests
- take structured breaks while working (for example, after working on assignments for 30 minutes, take a 10 minute break)
- organize their binder with completed assignments to ensure paper assignments are ready to turn in the following day, if the assignment does not require a digital submission
- communicate with teachers if they are unclear on how to complete the assignment
- do not believe that all work can be completed at school or during AVID
- participate in the homework assistance program (face-to-face or virtual)

The ECHS Homework Assistance program is available to all students Tuesdays and Wednesdays after school (2:30 - 4:30) for math and English. Virtual help is available on Tuesdays and Wednesdays 4:00 - 7:00 for all subjects.

I encourage parents to please check PowerSchool frequently for updates to high school grades. For our students enrolled in HGTC college courses, I encourage parents to have their students log in to D2L weekly and show their progress. Please note Professor Powley, Professor Calos, and Professor Dr. Carroll are instructors for our in house college courses and their grades will not show in PowerSchool.

Please read below for additional important updates and reminders.

Principal Approved Absences

Successful completion of high school courses results in the issuance of Carnegie units needed for a high school diploma.

Since our high schools and program schools operate on a 4 x 4 block schedule, it is crucial that students miss as few days as possible.

Based on this information, it is not feasible for our secondary schools and program schools to grant principal-approved days effective this year. Religious-based camps, retreats, trips, and conferences are not excused.

Absences due to major religious holidays are excused. Please send notes to the attendance office regarding absences for religious holidays.

STANDARD RESPONSE PROTOCOL

INFORMATION FOR PARENTS AND GUARDIANS

Our school has adopted The "I Love U Guys" Foundation's Standard Response Protocol (SRP). Students and staff will be training, practicing, and drilling the protocol.

COMMON LANGUAGE

The Standard Response Protocol (SRP) is based on an all-hazards approach as opposed to individual scenarios. Like the Incident Command System (ICS), SRP utilizes clear common language while allowing for flexibility in protocol.

The premise is simple - there are five specific actions that can be performed during an incident. When communicating these, the action is labeled with a "Term of Art" and is then followed by a "Directive." Execution of the action is performed by active participants, including students, staff, teachers and first responders. The SRP is based on the following actions: Hold, Secure, Lockdown, Evacuate, and Shelter.

HOLD

"In Your Classroom or Area"

Students are trained to:

- Clear the hallways and remain in their area or room until the "All Clear" is announced
- Do business as usual

Adults and staff are trained to:

- Close and lock the door
- Account for students and adults
- Do business as usual

SECURE

"Get Inside. Lock outside doors"

Students are trained to:

- Return to inside of building
- Do business as usual

Adults and staff are trained to:

- Bring everyone indoors
- Lock the outside doors
- Increase situational awareness
- Account for students and adults
- Do business as usual

LOCKDOWN

"Locks, Lights, Out of Sight"

Students are trained to:

- Move away from sight
- Maintain silence
- Do not open the door

Adults and staff are trained to:

- Recover students from hallway if possible
- Lock the classroom door
- Turn out the lights
- Move away from sight
- Maintain silence
- Do not open the door
- Prepare to evade or defend

EVACUATE

"To a Location"

Students are trained to:

- Leave stuff behind if required to
- If possible, bring their phone
- Follow instructions

Adults and staff are trained to:

- Bring roll sheet and Go Bag (unless instructed not to bring anything with them, dependent on reason for evacuation.)
- Lead students to Evacuation location
- Account for students and adults
- Report injuries or problems using Red Card/Green Card method.

SHELTER

"State Hazard and Safety Strategy"

Hazards might include:

- Tornado
- Hazmat
- Earthquake
- Tsunami

Safety Strategies might include:

- Evacuate to shelter area
- Seal the room
- Drop, cover and hold
- Get to high ground

Students are trained in:

- Appropriate Hazards and Safety Strategies

Adults and staff are trained in:

- Appropriate Hazards and Safety Strategies
- Accounting for students and adults
- Report injuries or problems using Red Card/Green Card method.

STANDARD RESPONSE PROTOCOL

PARENT GUIDANCE

In the event of a live incident, parents may have questions about their role.

SECURE

"Get Inside. Lock outside doors"

Secure is called when there is something dangerous outside of the building. Students and staff are brought into the building and the outside doors will be locked. The school might display the Building is Secured poster on entry doors or nearby windows. Inside, it will be business as usual.

SHOULD PARENTS COME TO THE SCHOOL DURING A SECURE EVENT?

Probably not. Every effort is made to conduct classes as normal during a secure event. Additionally, parents may be asked to stay outside during a Secure event.

WHAT IF PARENTS NEED TO PICK UP THEIR STUDENT?

Depending on the situation, it may not be safe to release the student. As the situation evolves, Secure might change to a Monitored Entry and/or Controlled Release.

WILL PARENTS BE NOTIFIED WHEN A SCHOOL GOES INTO SECURE?

When a secure event is brief or the hazard is non-violent, like a wild animal on the playground, there may not be a need to notify parents while the Secure is in place.

With longer or more dangerous events, the school should notify parents that the school has increased their security.

LOCKDOWN

"Locks, Lights, Out of Sight"

A Lockdown is called when there is something dangerous inside of the building. Students and staff are trained to enter or remain in a room that can be locked, and maintain silence.

A Lockdown is only initiated when there is an active threat inside or very close to the building.

SHOULD PARENTS COME TO THE SCHOOL DURING A LOCKDOWN?

The natural inclination for parents is to go to the school during a Lockdown. Understandable, but perhaps problematic. If there is a threat inside the building, law enforcement will be responding. It is unlikely that parents will be granted access to the building or even the campus. If parents are already in the school, they will be instructed to Lockdown as well.

SHOULD PARENTS TEXT THEIR STUDENTS?

The school recognizes the importance of communication between parents and students during a Lockdown event. Parents should be aware though, during the initial period of a Lockdown, it may not be safe for students to text their parents. As the situation resolves, students may be asked to update their parents on a regular basis.

In some cases, students may be evacuated and transported off-site for a student-parent reunification.

WHAT ABOUT UNANNOUNCED DRILLS?

The school may conduct unscheduled drills, however it is highly discouraged to conduct one without announcing that it as a drill. That's called an unannounced drill and can cause undue concern and stress.

Parents should recognize that the school will always inform students that it is a drill during the initial announcement.

It's important to differentiate between a **drill** and an exercise. A drill is used to create the "Muscle Memory" associated with a practiced action. There is no simulation of an event; this is simply performing the action. An exercise simulates an actual event to test the capacity of personnel and equipment.

CAN PARENTS OBSERVE OR PARTICIPATE IN THE DRILLS?

The school welcomes parents who wish to observe or participate in drills.
