Purpose of DEIC

District Calendar Information

Future Meetings

Purpose of DEIC

To provide an opportunity for stakeholders to have a voice in the educational process of the district

All federal planning requirements go through DEIC

District improvement plan is developed, reviewed, and revised annually by the DEIC

At least two meetings per year; BISD schedules 4 meetings per year.

Purpose of DEIC

“Big Rocks”

- Developing and monitoring the District Improvement Plan (DIP)
- Developing recommendations for the Academic Calendar
- Monitor Federal spending
- Stakeholder Input

Developing the Instructional Calendar

Important Legal Guidance:

Each school year, a district shall operate for at least 75,600 *operational* minutes, including time allocated for instruction, intermissions, and recesses for students. EB(LEGAL)

The Student Attendance and Accounting Handbook defines operational minutes as the time from the first school bell to the last school bell (bell to bell).

In accordance with the District's innovation plan, the District is exempt from the state law that generally prohibits instruction for students from beginning before the fourth Monday in August. Instruction for students shall begin no earlier than the first week of August.

EB(LOCAL)

TEC 21.401 requires that teachers employed under a 10-month contract provide a minimum of 187 days of service.

Developing the Instructional Calendar

Waivers:

- Staff Development Minutes Waiver provides for a maximum of 2,100 total waiver minutes to use for professional development. Schools may choose to offer early release, late start, all day staff development or a combination. This waiver is for staff development in place of student instruction. The staff development minutes waiver may not be used prior to the first day of instruction or after the last day of student instruction.

Grant Updates

2023-2025 Safety and Facilities Enhancement (SAFE) Grant – The purpose of the TEA managed grant is to assist districts in implementing required school safety standards. The district can only spend these grant funds on activities that help the district meet minimum compliance. We applied for the grant, but have not yet received notification of any award. If awarded, the funds would be used to pay for reinforcing windows near entry points, upgrading doors, and adding fencing in vulnerable areas. It is likely that all applicants will receive some funding and it will be based on a per pupil basis and not tied to district poverty rates.

Learning Acceleration Support (LASO) II Grant – This Texas Education Agency grant houses numerous funding opportunities that support continued learning acceleration and innovation opportunities. Boerne ISD is considering applying for math licenses for elementary students. TEA has not yet published a list of products available, but if we are awarded the grant, and they have a product consistent with our instructional materials, we will accept the award. High poverty areas are prioritized.

Jobs & Education for Texans (JET) Grant - JET grants, managed by Texas Workforce Commission, support the purchase of equipment connected to new or expanding CTE programs the district plans to apply in March of next year for equipment for the PTECH Health Science courses. The minimum award is \$40,000 and the maximum award is \$300,00. High poverty areas are prioritized.
