Musical Theatre Program 10-22 years old

An educational and therapeutically based program, for individuals with disabilities, that culminates in a fully adapted musical theatre performance. The focus of this program is on individualized skill development to enhance social skills, speech/language skills, and self-confidence. Each student is paired with a peer mentor and together they practice and perform on stage.

Peer Mentor Program 10-18 years old

This program offers neurotypical individuals the opportunity to gain leadership skills and disability inclusion education while working with student actors. Created by a certified disability mentoring professional, mentors receive disability inclusion training, coaching and support. Mentors develop skills in the areas of communication, socialization, compassion and patience while fostering lifelong relationships that celebrate and honor creative differences.

**STUDENT FEES FOR THE MUSICAL THEATRE
