Talk to your Teacher

Your teacher is a fantastic resource. Don't hesitate to discuss your progress and seek personalized support.

Do Your Homework!

Homework is the key to mastering the material. By completing your homework:

- You get to practice what you've learned in class, reinforcing your understanding.
- It helps you identify areas where you need more help, so you can seek assistance before a quiz or test.

Check Canvas Regularly

Parents and students should regularly check Canvas for updates and progress check-ins.
