PREPARING FOR HIGH SCHOOL

At Heritage, we know middle schoolers, and we have created a safe environment for them to navigate the years between elementary and high school. Our class sizes allow teachers to form close connections with their students, creating opportunities for essential academic, spiritual, and social growth during these important "in-between" years. We offer a rigorous curriculum that uniquely combines academic excellence with spiritual development. Our staff has both the tools needed to come alongside middle schoolers, and the ability to use them to guide and direct students with the love of Christ through this season of life. Our teachers integrate biblical principles throughout their work in the classroom, and provide an individualized discipleship approach to their students' needs. Many faculty and staff members are involved in extracurricular activities, impacting student life beyond the classroom.
