# THE BLAZE

Official Newsletter of HCS Early College High School

"Endless Possibilities"

*from the desk of Ms. Williams...*

Trailblazers,

And just like that, we have started a new grading quarter! Report cards for the first grading quarter will be emailed Thursday, November 02, 2023. If your student has a D or F for the first quarter, please make sure to make contact with the teacher to develop a support plan for the final grading quarter.

Students in need of support with homework and assignments can get help on Tuesdays and Wednesdays after school (2:30 - 4:30) and online (4:00 - 7:00) from ECHS staff members. Students can access the links for online help using the flyer below.

We will continue our fundraising for the American Cancer Society with our Penny War during lunch. Students can donate pennies and silver in the jars of teachers and staff members they would like to see win or lose! It's all in fun since the money will go to charity.

Parents and family members are invited to our second annual combined induction ceremony for our honor societies. The program will begin at 5:30 in the Burroughs & Chapin Auditorium. Inductees are asked to be at the auditorium by 5:15 PM. The order of induction is Rho Kappa Social Studies Honor Society and Mu Alpha Theta Math Honor Society. The National Honor Society will induct members last at 6:20 PM.

We are looking forward to our Student Led Conferences (SLCs) coming up November 7-9, 2023. SLCs are an opportunity for students to share with their parents their academic progress and goals for the year. Students in grades 9 and 10 will participate in the mandatory conferences, and are responsible for signing up for a time and day to do their conference with their parents and advisor. Conferences will begin at 2:30. Students are responsible for reminding parents of the time, date, and location of their conference. If parents have not received information on a date and time for their SLC, please contact the school to set up a conference.

Please read below for additional important updates and reminders.

## High School Parents<sup>®</sup>

Horry County Schools

*still make the difference!*

### Challenge your teen to find a 'mind-building' hobby

As students get older, they must develop higher order thinking skills. High school students need to know how to weigh the information they hear, see and read.

To strengthen these thinking skills, encourage your teen to:

- **Read more than just assignments.** The more students read, the more new ideas they are exposed to. It can't be said too often that teens should read for pleasure—everything from news articles to magazines to novels.

and some popular brand name games, such as Scattergories and Catan, build important thinking skills, too.

- **Debate.** Most teens love to argue. Ask your teen to stop arguing with you and join the school debate team instead. No debate team? Perhaps your teen could start one.
- **Play a musical instrument.** Making music teaches about order, rhythm and patterns. It sharpens listening skills. And it can help teens feel calm, which improves their ability

### Show your teen what respect looks like

When it comes to teaching your high schooler about respect, the idea isn't to *teach* at all.

It's to demonstrate.

Here are some everyday ways to demonstrate respect:

- **Be polite.** Say *please*, *thank you* and *excuse me* when talking to your teen. Honor privacy by knocking before entering your teen's room.
- **Be fair.** Don't pass judgment on your teen or impose a consequence before learning all the facts. Show respect by taking the time to get your teen's side of the story.
- **Be kind.** Show grace when your teen makes a mistake. Avoid telling childhood stories that might embarrass your teen in front of others.
- **Be dependable.** If you tell your teen you'll do something, be sure you do it.
- **Be honest.** Every little white lie you tell chips away at the

Students who do not test will receive a score of zero as the final exam grade in the corresponding course. Make up exams may not be rescheduled due to vacations/unexcused absences. Students will not be allowed to have any electronic device other than the HCS computer in the testing location.

## Principal Approved Absences

Successful completion of high school courses results in the issuance of Carnegie units needed for a high school diploma.

Since our high schools and program schools operate on a 4 x 4 block schedule, it is crucial that students miss as few days as possible.

**Based on this information, it is not feasible for our secondary schools and program schools to grant principal-approved days effective this year. Religious-based camps, retreats, trips, and conferences are not excused.**

Absences due to major religious holidays are excused. Please send notes to the attendance office regarding absences for religious holidays.

# STANDARD RESPONSE PROTOCOL

## INFORMATION FOR PARENTS AND GUARDIANS

Our school has adopted The "I Love U Guys" Foundation's Standard Response Protocol (SRP). Students and staff will be training, practicing, and drilling the protocol.

## COMMON LANGUAGE

The Standard Response Protocol (SRP) is based on an all-hazards approach as opposed to individual scenarios. Like the Incident Command System (ICS), SRP utilizes clear common language while allowing for flexibility in protocol.

The premise is simple - there are five specific actions that can be performed during an incident. When communicating these, the action is labeled with a "Term of Art" and is then followed by a "Directive." Execution of the action is performed by active participants, including students, staff, teachers and first responders. The SRP is based on the following actions: Hold, Secure, Lockdown, Evacuate, and Shelter.

## HOLD

### "In Your Classroom or Area"

**Students** are trained to:

- Clear the hallways and remain in their area or room until the "All Clear" is announced
- Do business as usual

**Adults and staff** are trained to:

- Close and lock the door
- Account for students and adults
- Do business as usual

## SECURE

### "Get Inside. Lock outside doors"

**Students** are trained to:

- Return to inside of building
- Do business as usual

**Adults and staff** are trained to:

- Bring everyone indoors
- Lock the outside doors
- Increase situational awareness
- Account for students and adults
- Do business as usual

## LOCKDOWN

### "Locks, Lights, Out of Sight"

**Students** are trained to:

- Move away from sight
- Maintain silence
- Do not open the door

**Adults and staff** are trained to:

- Recover students from hallway if possible
- Lock the classroom door
- Turn out the lights
- Move away from sight
- Maintain silence
- Do not open the door
- Prepare to evade or defend

## EVACUATE

### "To a Location"

**Students** are trained to:

- Leave stuff behind if required to
- If possible, bring their phone
- Follow instructions

**Adults and staff** are trained to:

- Bring roll sheet and Go Bag (unless instructed not to bring anything with them, dependent on reason for evacuation.)
- Lead students to Evacuation location
- Account for students and adults
- Report injuries or problems using Red Card/Green Card method.

## SHELTER

### "State Hazard and Safety Strategy"

**Hazards** might include:

- Tornado
- Hazmat
- Earthquake
- Tsunami

**Safety Strategies** might include:

- Evacuate to shelter area
- Seal the room
- Drop, cover and hold
- Get to high ground

**Students** are trained in:

- Appropriate Hazards and Safety Strategies

**Adults and staff** are trained in:

- Appropriate Hazards and Safety Strategies
- Accounting for students and adults
- Report injuries or problems using Red Card/Green Card method.

# STANDARD RESPONSE PROTOCOL

## PARENT GUIDANCE

In the event of a live incident, parents may have questions about their role.

## SECURE

**"Get Inside. Lock outside doors"**

Secure is called when there is something dangerous outside of the building. Students and staff are brought into the building and the outside doors will be locked. The school might display the Building is Secured poster on entry doors or nearby windows. Inside, it will be business as usual.

### SHOULD PARENTS COME TO THE SCHOOL DURING A SECURE EVENT?

Probably not. Every effort is made to conduct classes as normal during a secure event. Additionally, parents may be asked to stay outside during a Secure event.

### WHAT IF PARENTS NEED TO PICK UP THEIR STUDENT?

Depending on the situation, it may not be safe to release the student. As the situation evolves, Secure might change to a Monitored Entry and/or Controlled Release.

### WILL PARENTS BE NOTIFIED WHEN A SCHOOL GOES INTO SECURE?

When a secure event is brief or the hazard is non-violent, like a wild animal on the playground, there may not be a need to notify parents while the Secure is in place.

With longer or more dangerous events, the school should notify parents that the school has increased their security.

## LOCKDOWN

**"Locks, Lights, Out of Sight"**

A Lockdown is called when there is something dangerous inside of the building. Students and staff are trained to enter or remain in a room that can be locked, and maintain silence.

A Lockdown is only initiated when there is an active threat inside or very close to the building.

### SHOULD PARENTS COME TO THE SCHOOL DURING A LOCKDOWN?

The natural inclination for parents is to go to the school during a Lockdown. Understandable, but perhaps problematic. If there is a threat inside the building, law enforcement will be responding. It is unlikely that parents will be granted access to the building or even the campus. If parents are already in the school, they will be instructed to Lockdown as well.

### SHOULD PARENTS TEXT THEIR STUDENTS?

The school recognizes the importance of communication between parents and students during a Lockdown event. Parents should be aware though, during the initial period of a Lockdown, it may not be safe for students to text their parents. As the situation resolves, students may be asked to update their parents on a regular basis.

In some cases, students may be evacuated and transported off-site for a student-parent reunification.

### WHAT ABOUT UNANNOUNCED DRILLS?

The school may conduct unscheduled drills, however it is highly discouraged to conduct one without announcing that it as a drill. That's called an unannounced drill and can cause undue concern and stress.

Parents should recognize that the school will always inform students that it is a drill during the initial announcement.

It's important to differentiate between a **drill** and an exercise. A drill is used to create the "Muscle Memory" associated with a practiced action. There is no simulation of an event; this is simply performing the action. An exercise simulates an actual event to test the capacity of personnel and equipment.

### CAN PARENTS OBSERVE OR PARTICIPATE IN THE DRILLS?

The school welcomes parents who wish to observe or participate in drills.

## RECYCLING

WE ARE ASKING ALL STUDENTS TO HELP WITH RECYCLING DURING LUNCH.

STUDENTS SHOULD SORT THE ITEMS ON THEIR TRAYS PRIOR TO DUMPING TO ENSURE THEY ARE PLACED IN THE CORRECT BINS.
