SENIOR AVID NEWS

WHAT'S HAPPENING IN AVID 402

The seniors have gotten their new semester off the ground at HGTC, with many set up to finish their Associate's Degree in the spring or summer. We have completed graduation applications for HGTC in class this week in preparation for the May 1, 2024 event. We have also started our Budget Challenge and are ready to learn how to be financially responsible adults in the future. Many seniors have already completed their 2024-2025 FAFSA forms. If you haven't, get in contact with Mrs. Johns or Dr. Adams as soon as possible.

- www.lander.edu
- Average SAT 1070
- Public College
- Cost-$23,300

"A genuine leader is not a searcher for consensus but a molder of consensus."

DR. MARTIN LUTHER KING, JR.

An Associate's Degree may be your Path to Success

High school graduates have many different educational options to consider. For some, going directly to a four-year college is the best option. For others, an associate's degree from a community college may be a better alternative.

Four-year colleges are a great choice, but they are not the only path to success. A community college can help you start a career after just two years of schooling, offering training for some of the fastest growing jobs in the United States.

Some of the benefits to a community college are: Cost savings, Smaller class sizes, More direct and shorter path to a specific career, More hands on/vocational instruction and personal attention from instructors.
