## FOOTBALL STUDENT SECTION

**START  
STRONG**

### MWHS COMMUNITY COMES TOGETHER FOR AN UNFORGETTABLE FOOTBALL GAME EXPERIENCE

At MWHS, school spirit goes beyond the field, and last Friday's football game against Morro Bay was a shining example of what happens when our teams, clubs, and administration unite for a common goal—creating an atmosphere that radiates energy and pride.

ASB led the charge with their innovative "Maroon March," a pre-game rally that brought together students, staff, and fans in a spirited procession from Conyer Avenue to the Mineral King Bowl. The streets were filled with maroon as students proudly displayed MWHS tattoos, face paint, and school gear, creating an electric environment before they even reached the stadium (Cont. Pg 2)

2024. Volume 1

(Cont.) Cheer and Dance played a crucial role in this lively march, leading the way with chants and routines that set the tone for the evening. Their enthusiasm was contagious, building excitement and anticipation as the crowd gathered, ready to support the Varsity team.

Once inside the stadium, the collaboration didn't stop. While our Varsity boys dominated the game, quickly establishing a commanding lead over Morro Bay, the real magic was happening in the stands. ASB, Cheer, Dance, and Band worked seamlessly together, keeping the crowd engaged, entertained, and on their feet. Whether it was the spirited cheers, the thrilling halftime performances, or the steady rhythm of the band, the energy never waned.

Thanks to the coordination between our head football coach, the dedicated cheer and dance teams, ASB, band, and the administration, the game was not only a win on the scoreboard but a victory in school spirit. This level of teamwork highlights what MWHS does best—creating a sense of unity and pride that extends far beyond the game itself.

It was more than just a football game; it was a celebration of everything that makes MWHS a community.

## Join the Fun

Senior Pioneer Angelique Alfaro attended our first game and shared her excitement about the experience:

"Last year, the games weren't that exciting. We were lacking school spirit, and no one would dress up for the themes because they told us about them too late.

This year, the music was exciting, everyone was dressed up, and I literally lost my voice from cheering! A lot of my friends came this time, and we'll be at every home game."

Already pumped for the Red, White, and Blue theme, Angelique expressed her appreciation for MWHS administration mailing out the home game themes during the summer, giving students time to prepare. She mentioned how she was able to plan her outfits in advance for the season.

Looking back, Angelique regrets not attending games when she was an underclassman. Her message to all Pioneers: "We're only in high school once—go to every game and connect with everyone in the student section. Let's make other schools jealous of our school spirit!"
