

Protect yourself

MESSA provides free credit, ID theft protection

MESSA partners with credit-industry leader Experian to provide our members and their covered dependents free year-round credit and identity protection.

MESSA members receive two levels of free protection:

Experian Identity Restoration requires no enrollment. As a MESSA member, you're automatically covered. If you suspect your identity has been compromised, contact Experian at 877-736-4495. A dedicated investigator will work to recover financial losses and restore your credit.

Experian IdentityWorks offers extra protection at no charge to MESSA members; enrollment is required. This service includes credit monitoring, up to \$1 million in identity theft insurance and child monitoring for children under age 18. We also encourage you to activate the fraud detection tools available. To get started, go to messa.org/Experian.

Questions? Call MESSA's Member Service Center at 800-336-0013, or connect with via live chat in your MyMESSA account or the MESSA app.

We're happy to help.
