

Billings School District 2

THE BOARD OF TRUSTEES

Committees

Generally, the Board of Trustees functions as a single body. However, the Board may create committees as deemed necessary or useful to the efficient and effective operation of the Board.

All Committees shall comply with Montana's open meeting laws including but not limited to public notice and providing for public comment. Committee meetings shall be noticed as provided for in Policy 1400. Unless otherwise specified on the posted agenda, all committees will take place in the Lincoln Center.

Committees shall keep minutes that comply with Montana law and Board policies. Draft minutes will be provided for review following committee meetings and will be presented for official review and approval at the next regular monthly meeting of the Board after their approval by the committees. Committee chairs may provide written or oral reports to the Board at a regular Board meeting following the committee meeting.

Except as otherwise provided, the administrative liaison, in consultation with the Superintendent and the committee chairs, will prepare an agenda for each committee meeting.

For all committees, a majority of the number of members of the committee shall constitute a quorum.

Standing Committees

Standing committees of the Board may be created and their purposes defined by a majority of the Board and as recorded in this Policy. The Chair shall appoint trustees to serve on such committees, and each Board member shall be assigned to a least one standing committee. To qualify as a committee chair, a Board member should have previously served at least a year as an active member of the Board. The Chair may appoint high school trustees to serve as a voting member and/or chair of any committee of the Board.

The Board has four standing committees: Board Operations Committee, Planning and Development Committee, Performance Monitoring Committee, and Stakeholder Relations Committee. These committees provide critical assistance to the Board in carrying out its governing mission in a full and timely fashion. The standing committees may be assigned specific issues to be addressed by the Board of Trustees at a meeting of the Board or by the Chair of the Board at any other time. Any assignment by the Board Chair shall be presented for consideration and approved at the next meeting of the Board of Trustees.

With the consent of the Board chair, standing committees may create any needed advisory task forces or subcommittees consisting of appropriately skilled/knowledgeable persons to help carry out specific responsibilities of the committee.

Action items suggested by a standing committee shall be submitted to the Board Operations Committee for consideration of placement on a Board agenda.

To the extent possible, committees should meet far enough in advance of regular or special board meetings to allow committee recommendations to be prepared in a full and timely fashion for transmittal to the full Board. Committee meetings should never be held in conjunction with whole-board meetings.

When a standing committee believes that the full Board should be involved in-depth in dealing with an issue, the committee shall recommend to the Board Operations Committee that a special Board work session be held as part of a regular board meeting to address the issue.

To ensure a rich and diverse experience for Trustees, committee chairs and members should, when feasible, be rotated annually.

The committees should receive strong staff support for their work, including help preparing committee meeting agendas and reports to the Board. The Superintendent and/or the Superintendent's designee shall work closely with committee chairs to provide support for the committees.

While the Board Operations Committee develops the Board agenda, it should not pre-review or revise the content of committee reports and recommendations to the full Board. All Board committees report directly to the full Board.

Notwithstanding anything to the contrary, the days and times of Committee meetings set forth herein, if any, are suggested days and times which are subject to change by the committee chair based upon circumstances that may arise from time to time.

1. Board Operations Committee

Meeting time: First Tuesday of each month.

Membership: The Board chair (the presiding officer) and the chairs of the Planning and Development Committee, Performance Monitoring Committee, and Stakeholder Relations Committee. The Superintendent or the Superintendent's designee shall advise the Committee and provide support as requested by the Committee Chair.

Purpose: The Board Operations Committee is responsible for the effective functioning of the Board of Trustees, including developing the Board's human resources and maintaining and

developing the Board-Superintendent working relationship, specifically, the Committee shall:

- Coordinate the functioning of the Board of Trustees and the Board's Committees, recommend to the full Board updates to the Board Mission, recommend Board member performance and conduct standards, and recommend instruments to monitor and evaluate the performance of the Board as a whole and of individual Board members.
- Recommend revisions to Board policies in the interest of stronger governance and management of the District's affairs.
- Review operational policies meriting the Board's attention (such as policies to govern the District's financial management and contracting), identify the need for revisions, and recommend policy revisions to the full Board.
- Develop and oversee the execution of a formal Board member capacity building program, including such elements as the orientation of new members and trustee continuing education and training.
- Recommend to the full board updates to the Superintendent employment contract and position description as necessary to reflect changing District needs, priorities, and circumstances.
- Carry out specific responsibilities under Board policies, including without limitation, Policy 1310, District Policy, and Policy 1700, Uniform Complaint Procedure.
- Annually negotiate with the Superintendent objective, measurable Superintendent performance targets and recommend full Board approval of such targets; design and recommend to the full Board the process for annual or semi-annual Board evaluation of Superintendent progress in achieving the negotiated targets; and recommend the Superintendent's compensation to the Board. The negotiated Superintendent performance targets should address not only educational goals but also goals for Superintendent engagement with the schools, staff and larger community. (NOTE: The later goals for engagement must be consistent with strategies for stakeholder relations developed by the Stakeholder Relations Committee.)

2. Planning and Development Committee

Meeting time: First Tuesday of each month.

Membership: Four Board members are appointed by the Board chair annually. The Board Chair shall designate a committee chair. The Superintendent or the Superintendent's designee shall advise the Committee and provide support as requested by the committee chair.

Purpose: The Planning and Development Committee is responsible for designing and coordinating the Board's participation in the District's strategic and operational planning, including annual budget preparation. In this capacity, the committee shall:

- Reach agreement with the Superintendent on the detailed design of the District's operational planning and budget development cycle, paying special attention to defining the Board's role in planning, developing the annual planning and development calendar, and ensuring full and proactive Board participation in the planning and development process. In addition to laying out a planning schedule, the calendar shall identify and describe any desired forums for public or staff information/communication about budget development.
- Prepare for and host any Board of Trustees-Superintendent-Executive Team Strategic work sessions scheduled as part of the annual planning cycle.
- Define and recommend to the Board of Trustees strategic issues (issues the District cannot afford NOT to address) that District's should focus on for the coming year, and review and recommend to the Board critical planning products such as updated values, vision and mission statements, operational planning priorities, and other strategic and policy-level products that merit Board attention.
- Recommend to the full Board the annual budget, which is a major operational planning product.
- Coordinate with organizations such as the Billing Education Foundation, to the extent allowed by law, to achieve adequate financial resources to carry out the District's mission.
- Establish financial and programmatic performance targets that the committee and full Board can use to monitor the educational and financial performance of all District programs and operating units.
