Our Mission

The Tenafly School District will offer meaningful and challenging educational experiences for each and every student, within a stimulating, safe and nurturing environment, in order for them: to discover and develop their potential, to develop intellectual curiosity and a love of learning, to understand and promote democratic values, and to become contributing members of the local and global communities in which they will live. The Tenafly Public Schools will preserve a tradition of excellence while modeling exemplary practices in the education of students for a 21st Century global society.

Community

Tenafly is a suburban community located in Bergen County, six miles from New York City, with a population of approximately 15,500. The borough and its neighboring sending district of Alpine are excellent towns in which to raise a family. The local school system is outstanding and residents have high expectations for their children. The Tenafly Public School District reflects a community-wide sustained commitment to excellence and achievement that is renewed at the start of every school day.

School Information

Tenafly High School, a nationally recognized Blue Ribbon School, has been ranked repeatedly as one of the top high schools in New Jersey and America. THS embodies the essential ingredients of a lighthouse district, always striving to stay on the cutting edge of new and sound educational programs. We offer a modified rotate and drop bell schedule allowing courses to be longer for more in-depth learning. THS offers Academy Endorsements in STEM, Performing Arts, and Business. Each academy has specific course requirements that must be satisfied in order to demonstrate skills and proficiency in these specific areas. THS continues to offer a broad spectrum of innovative, challenging courses that broaden the horizons of its diverse students. The school has a student body of 1200 that excels in academic and extracurricular endeavors, a staff committed to excellence, and a supportive parent community.

Academic Standards at Tenafly High School

Tenafly High School requires students to take College Prep (CPB or CPA) or Honors level courses before they are recommended for an AP course in the same subject. This assures that our students have a deep and thorough mastery of their coursework and are prepared for the future. It is important to note, that because of this school-wide requirement, it is very likely that students can begin to take their AP classes in their junior year. In 2021-22, Tenafly High School began offering The AP Capstone Diploma Program. We continue to offer a 3 year Science Research Program in conjunction with Albany University. We offer a weighted GPA but we do not rank students.

National Merit Program

Class of 2024	Class of 2025
10 Semi-Finalists	6 Semi-Finalists
31 Commended Students	41 Commended Students

Tenafly AP Data
