Our Community

A beautiful lakeside community with mountain views, Lake Oswego is located ten miles south of Portland, Oregon. Primarily a residential community with a population of approximately 40,000, Lake Oswego features the best of two worlds: the sense of community and quality of life that are part of small-town living, as well as immediate access to a culturally vibrant, metropolitan city.

Our School

Lake Oswego High School is a four-year comprehensive public secondary school that offers a challenging course of study aimed at meeting the needs of a predominately college-bound student body. LOHS is accredited through the Northwest Association of Schools and Colleges. An alternating A day/B day schedule with four 90-minute classes daily is offered to all students. Extensive student activity programs include athletics, drama, music, dance, speech, clubs, and student government.

Of the 86 faculty members, 94% hold a Masters degree. Student enrollment is approximately 1,280 students.

Grade point average is determined using a four-point system for non-weighted classes and a five-point system for weighted classes. The grade point average and the weighted grade point average will be reported on student transcripts.
