

Setting up a Parent Schoology Account

Go to [powerschool.com/sign-in/](https://www.powerschool.com/sign-in/) to set up your account. Click on the 'Parent & Student Logins' button and then select 'Register for Schoology Learning' on the next screen. Click on 'Parent' button (grey) when you get to the Sign up for Schoology page.

On the next page, type in the **Access Code** provided for your student (See sticker attached OR need the code? Contact Donna Hartley at 889-6232)

Once you have finished signing up for your account, you can select your child by clicking on your name in the upper right corner of the Schoology screen and selecting them from the drop-down menu.

You will be able to see the following:

- Upcoming assignments
- Overdue assignments
- Recent Grades for assignments and quizzes/tests

Remember, however, that all official scores and grades are shown in SchoolTool. Grades in Schoology only reflect assignments done in Schoology.
