

Adams All-Stars

Adams Elementary School is proud to partner with Harper for Kids to teach our students important character traits from legendary UCLA Coach John Wooden's Pyramid of Success. Positive examples of each character trait are recognized during weekly flag decks, and two students from each classroom are honored with a character certificate each month.

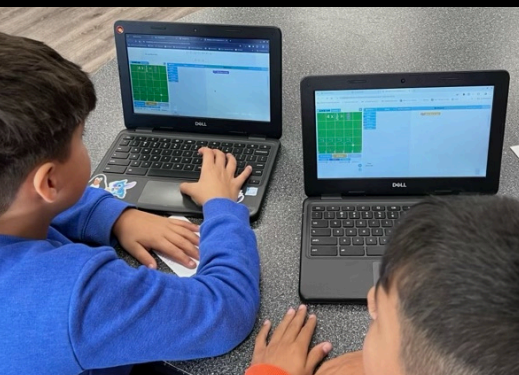

GATE Program

Our GATE program (4th to 6th grade) is designed to challenge and motivate students to use their talents and abilities to think and express themselves in more complex ways. Our highly qualified teachers challenge students to a deeper level of thinking by asking more sophisticated questions, guiding literature circles, providing enhanced learning opportunities and offering independent study sessions.
