IMPACT:
Students will be able to measure progress using tracking sheets in exercise books. As all assessments will use generic criteria, will be moderated through dept meetings it will be possible to measure progress over time within and across year groups.

At the end of Year 8 students will be able to:
1) Have a secure knowledge of how history has shaped the British Isles from early times to the Present Day
2) Master the application of historical concepts
3) Rigorously assess sources
4) Analyse interpretations to explain how and why they have been constructed.

They will be able to do this by:
1) Demonstrating detailed factual recall of key events/changes studied
2) Explaining cause and consequence of both World Wars. Evaluating the significance of the Holocaust and events in the Middle East on events in the world today.
3) Evaluate the usefulness of sources, using the Nature, Origin, Purpose and typicality of the source.
4) Use understanding of the topics to be able to explain why a historian has reached an interpretation. To analyse and explain how far they agree with the interpretation put forward.
